

BE WARNED!

Heed Nature's warnings! Pain tells of lurking disease. Backache is kidney pain—a warning of kidney ills. Urinary troubles, too, come to tell you the kidneys are sick. Constant weariness, headaches, dizzy spells, days of pain, nights of unrest are danger signals warning you to cure the kidneys. Use Doan's Kidney Pills, which have made thousands of permanent cures.

Frank D. Overbaugh, cattle-buyer and farmer, Catskill, N. Y., says: "Doctors told me ten years ago that I had Bright's Disease, and said they could do nothing to save me. My back ached so I could not stand it to even drive about, and passages of the kidney secretions were so frequent as to annoy me greatly. I was growing worse all the time, but Doan's Kidney Pills cured me, and I have been well ever since."

A FREE TRIAL of this great kidney medicine which cured Mr. Overbaugh will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all dealers; price 50 cents per box.

NEWS IN NEBRASKA

THE STATE IN BRIEF.

Friend has decided to have a rousing celebration on the Fourth of July.

The Tecumseh fire department has received a new hook and ladder truck from the factory at Chicago.

Farmers claim that never in the history of Fillmore county was the prospect of the wheat crop better than today.

E. D. Hall, an employe in the Burlington shops at Alliance, who became violently insane, was taken to the asylum at Lincoln by Sheriff Reed.

The vicinity of Plymouth, Jefferson county, was visited by a cloudburst and it is estimated that between three and four inches of water fell in a short time.

John Casebeer, an old citizen of Blue Springs and father of James Casebeer, editor of the Sentinel, has been adjudged insane and sent to the asylum.

Two hundred and fifty head of cattle owned by W. A. Waddington and Fred Nichols of Beatrice, were taken to Fairbury, near which place they will be pastured the coming season.

Following is a copy of the mortgage indebtedness record for the month of April, 1904, for Platte county: Twenty-eight farm mortgages filed, \$65,421.35; thirty-eight released, \$55,648.75.

In the contest between the Leidekrantz and Elks' Whist clubs of Grand Island, covering the last three weeks, the former won 3,759 tricks and the Elks 3,729, the Leidekrantz winning the series by thirty points.

Earl, the 10-year-old son of W. E. Marts, who lives on the Weller farm a mile south of Stella, met with a severe accident. He ran into a wire fence that had been built that morning and tore the flesh to the bone across the cheek requiring a number of stitches to close the wound.

C. I. J. Barker of David City has secured a patent on a weed extirpator which seems to be a success. It is constructed very much on the plan of a lawn mower with a revolving reel of sharp metal cutters, which pass obliquely over a cutting blade or knife attached to the under side of the frame.

The state game warden was at Franklin with a deputy and made six arrests. The Burlington has a gang of Italians there laying new steel and they have been hunting evenings and Sundays, killing rabbits for their meals. As they are not residents of the county and failed to get a license their hunting was illegal.

Frank Morehouse of Dodge county has just marketed the last of his flock of 2,400 sheep, which he fed during the past winter. The animals averaged 131 pounds and topped the market at \$5.10. Mr. Morehouse finds that his flock put on an average of thirty-one pounds of flesh during the winter and produced an average of eight pounds of wool.

J. T. Aiken a farmer who lives in Vesta precinct, Johnson county, lost his barn by fire. By prompt work on the part of the members of his family and a few neighbors the horses and harness were gotten out of the burning building and the flames were prevented from spreading to a nearby corner.

Sheriff Carrig is gathering strong evidence against James Kelley who is in jail in Columbus charged with the murder of Arthur Snowden in Humphrey township last March. Sheriff Sammons of Kearney was in Columbus and says there is no possible doubt that the murdered man was Snowden and that Snowden's parents have made the identification positive.

The enforcement of the scavenger law in Washington county is bringing to light many hundreds of dollars in back taxes, which all the land holders are willing to pay in order to make their land clear, but in many instances the interest is ten times as much as the principal and in some cases it is working hardships on innocent purchasers.

Lincoln lawyers are preparing a bill to present to the next legislature, which, it is claimed will effectually prevent the money sharks of cities from preying on the necessities of the poor. In Lincoln and Omaha flagrant cases of extortion have been uncovered and the bill will prescribe a fine and a jail sentence for usury in short-time loans. At present a conviction limits punishment to a loss of interest.

At the annual meeting of the Beatrice board of education the reports showed that the total enrollment of the city schools is 2,213. The secretary's report shows the total receipts for the year were \$36,314.33; disbursements, \$37,188.87; net floating indebtedness, \$24,624.20. A compiled report of state schools shows that Beatrice pays better salaries than the average to its teachers.

About thirty wolves have been captured in the vicinity of Gretna during the past two weeks. They have been a great source of annoyance to farmers, carrying away numbers of chickens and young pigs.

John Peterson was arrested at North Bend by Sheriff Bauman and Deputy Sheriff Jensen at the telegraphic request of Sheriff Sawyer of Ottotail county, Minnesota, where Peterson is wanted on a serious charge. The prisoner was lodged in the Dodge county jail, where he will await the arrival of the Minnesota sheriff.

STOCKRIEN TO FIGHT TEXAS ITCH

Central Nebraska Association Prepares Dipping Fluid.

BROKEN BOW.—The Central Nebraska Live Stock Association, whose headquarters are here, has convened again and decided that active measures will be adopted in the suppression of the Texas Itch, now a great plague among Nebraska cattle. The method of attack is dipping, and the fluid used is a compound of lime and sulphur. Broken Bow will be the manufacturing and experimenting station for the territory of the association, which, as the name implies, includes nearly the whole of the central part of the state. The plan of the association is co-operative and the dip will be furnished members at cost, which will amount to \$5 per barrel, or one-third of the rate charged on ready-prepared dip by outside dealers.

Three years ago when the Central Nebraska Live Stock association was first organized the object was simply a union in defense against local stock thieves which at that time were very numerous. Success in a paying measure having attended this, the association has lately taken to action against other evils to which the stockman is heir. When an animal having an ailment arrives at market it is promptly condemned and must either be disposed of on an enormous dock or re-shipped at the owner's expense. As neither alternative is calculated to enrich the stockman it has been thought necessary to co-operate on this also to reduce expense.

FIRST PARDON BY MICKEY.

Newly Discovered Evidence Shows Convict Was Innocent of Crime.

LINCOLN.—Governor Mickey granted his pardon to a convict. The object of executive clemency is Soney Ford, sentenced to the penitentiary for four years from Cherry county for shooting and killing Allen Rotchilds in June, 1903. The original sentence was seven years, the supreme court having cut this down to four years. The governor gave Ford his freedom only after there had been filed with him an affidavit from Dr. A. N. Compton to the effect that Rotchilds just before dying had told the doctor that Ford had shot him accidentally. Rotchilds said that Ford was showing him the revolver and that it was discharged when he attempted to break the breech. Dr. Compton was not a witness at the trial in the district court, otherwise Judge Harrington, who sat on the case, wrote to Governor Mickey that he was sure the verdict would have been different. Besides the affidavit a petition with the names of many prominent people in Cherry county attached was filed with the governor.

Ford and Rotchilds were at a dance, Rotchilds being the pianist. Ford was showing him the revolver, and Rotchilds asked that he be careful that it might go off. It did and Rotchilds died within a few minutes. Ford is colored.

Young Girl Commits Suicide.

SUTTON.—A daughter of John Hellar of this place, aged 18, committed suicide by shooting herself through the heart, dying instantly. A paternal correction is the only reason known for the action.

Scarlet Fever Follows Smallpox.

GREELY CENTER.—The board of health issued an order closing the schools on account of scarlet fever. All cases are quarantined as reported.

Child Drowns in a Ditch.

KIMBALL.—B. F. Yoder's 3-year-old son was drowned in an irrigating ditch near his home, six miles west of town.

COSTS MONEY TO MAKE SUGAR.
Statement of Money Paid Out by the Factory at Ames.

FREMONT.—The Fremont Commercial club held its annual meeting and banquet in Masonic hall. There was a large attendance. President E. N. Morse acted as toastmaster. Secretary Hanson of the club submitted his annual report for the year. The treasurer's report showed a satisfactory balance on hand. Brief responses were made by a number of business men of the city. Hugh Scilley of Leavitt spoke on the sugar factory. He said that the sugar company paid out for labor and supplies in 1903 the sum of \$355,208.19, of which amount \$42,951.79 was for labor at the factory alone. The expenses for labor and repairs during the balance of the year would amount to between \$15,000 and \$20,000. Aside from this, the company paid out for raising beets on lands near the factory, in round numbers, \$21,000. Their freight bills for the year aggregated \$82,000. The average wages paid at the factory during the sugar season are \$2 per day, and from 225 to 250 men were employed, mostly from Fremont.

Smart Weed Kills Cattle.

LINCOLN.—Smart weed caused the death of a herd of cattle belonging to Charles Hamley of Hebron, Neb., according to the theory of State Veterinarian Thomas. He made a trip a few days ago to ascertain the cause of the death of the animals and decided that it was smart weed poisoning or eating cocklebur. State university experimenters have discovered that the cocklebur is poisonous, but did not determine in what stage of their growth the poisonous elements develop.

"PE-RU-NA. A VALUABLE PREPARATION," WRITES DR. KEMBALL.

Most of the Ailments Peculiar to the Female Sex are Due to Catarrh of the Pelvic Organs.

Rachael J. Kemball, M. D., 334 Virginia St., Buffalo, N. Y., is a graduate of the University of Buffalo, class 1884, and has been in the practice of medicine in that city since then. She writes as follows:

"My conviction, supported by experience, is that Peruna is a valuable preparation for all catarrhal affections. I have taken one bottle of Peruna myself and just feel fine. I shall continue to take it."—Rachael J. Kemball, M. D.

Peruna has cured thousands of cases of female weakness. As a rule, however, before Peruna is resorted to several other remedies have been tried in vain. A great many of the patients have taken local treatment, submitted themselves to surgical operations, and taken all sorts of doctor's stuff, without any result.

The reason of so many failures is the fact that diseases peculiar to the female sex are not commonly recognized as being caused by catarrh. These organs are lined by mucous membranes. Any mucous membrane is subject to catarrh.

Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Peruna cures these cases simply because it cures the catarrh.

Most of the women afflicted with pelvic diseases have no idea that their trouble is due to catarrh. The majority of the people think that catarrh is a disease confined to the head alone.

This is not true. Catarrh is liable to attack any organ of the body; throat, bronchial tubes, lungs, stomach, kidneys and especially the pelvic organs.

Many a woman has made this discovery after a long siege of useless treatment. She has made the discovery that her disease is catarrh, and that Peruna can be relied upon to cure catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.
