

The New Pullmans.
Owing largely to sanitary considerations, the Pullman company has adopted a new standard sleeper which little resembles the ornate cars built a few years ago. The new standard is severely plain and is devoid of all scroll and grill work.

NEWS IN NEBRASKA

CARS FOR MOVING.

Heavy Orders for Those to Be Used Under Low Rates.

OMAHA—All of the railroads entering Omaha are receiving heavy orders for cars to be used in moving grain under the low rates now in effect and which are to be superseded June 10 by the new rates agreed upon at the Chicago meeting recently held to settle the grain rate war. Fortunately for grain shippers, all the lines are well supplied with cars just at this time and the orders are being filled as rapidly as they are received. Any shipper who does not get his grain aboard the cars before June 10 will have to pay a much higher rate than he would if shipped prior to that date. This is the cause of the rush for cars.

Advance notices of the raise in rates have been received at the local offices of the various companies. These notices state that the regular tariff will be sent out before June 10 and that the new rates will be effective on that date. The rates quoted are: From Omaha to Chicago, 12 cents on wheat and 11 cents on corn; Omaha to the Mississippi river, when grain is destined beyond the Indiana-Ohio state line, 9 cents on wheat and 8 cents on corn; Omaha to Minneapolis, 11 cents on wheat and 10 cents on corn. These are the same rates as made public at the time of the Chicago settlement. The present rates to Chicago are 5 cents on wheat and 4 cents on corn, so it will be seen that shippers who get their grain loaded prior to the date on which the new rates are effective will, when the shipments are destined to Chicago, save 7 cents per 100.

MAN IS DROWNED IN A CISTERN.

No One Near at Time to Tell How Accident Happened.

BENKELMAN—J. O. Jeppsen, a mason, of Stratton, for many years a resident of Dundee county, met with an accident which cost him his life. Mr. Jeppsen had been employed to repair the inner walls of a cistern belonging to C. C. Barr of this place, and was working about three feet down from a board attached to a rope suspended from a picket fence above. Shortly after he had commenced work the little daughter of Mr. Barr went out to where he was engaged, and not finding him told her mother, who went out to the cistern and peering down discovered the board which had been used as a seat and Mr. Jeppsen's lead pencil floating on the water. Help was at once called and upon examination the body of Mr. Jeppsen was found at the bottom of the cistern. Upon medical examination life was pronounced extinct.

It is supposed that the rope which held the board upon which Mr. Jeppsen was sitting became loose, and as there was nothing to grab or to use in saving himself he fell into the water and was drowned.

Insane Man Attacks Wife.

NORTH PLATTE—The people in this vicinity, where he lives, were alarmed at the cries and screams which proceeded from the residence of J. D. Cotton, one of our oldest citizens. Investigation showed that the old gentleman, while temporarily insane, had, with a butcher knife, made an attempt on the life of his aged wife. Only for the interference of their son the result might have been serious. Mrs. Cotton is now suffering from nervous prostration. Means have been adopted to have the old man safely guarded.

A Sudden Death.

GREELEY—Morseh, the eldest son of C. H. Morseh, a young man about nineteen or twenty years of age, was found dead in the field. He had gone to work in the morning, carrying his dinner with him. As he did not return when the day's work should have been done his brother, Jean, went after him and found him dead in the wagon.

Hastings Gets Next Annual Shoot.

COLUMBUS—At a business meeting of the Nebraska State Sportsmen's association at the Thurston hotel, much interest was manifested. Hastings, Neb., was selected as the place for holding the next annual shoot. These officers of the association were chosen from among the members of the Hastings Gun club: G. A. Mann, president; G. W. Maxwell, vice president, and A. M. Bernhardt, secretary.

Work on the big ditch in Burt county is only waiting the arrival of necessary machines, and will be pushed as fast as possible. This will be the largest ditch in the state outside some of the irrigating ditches in the arid regions of the state.

Fire from unknown origin was discovered in the barn of George Wigton at Hastings. The barn, two ponies, buggy and harness, feed and hay, and the household furniture of Mrs. G. E. Puckett, which were stored there, were totally destroyed.

Reports from over Hall county say some sections of the county is being infested by cut worms and that they are doing considerable damage to early vegetation. The farmers say the only thing that will stop them is lots of wet weather, this having killed them off last year.

A committee consisting of the following well known residents of Elmwood have been chosen to perfect arrangements for the annual district reunion of the Grand Army of the Republic, which will be held June 30 to July 4, inclusive: John A. Stork, James Woodard, E. T. Comer, Willis Bartlett and H. Denman.

The tower of the main building of the Fremont normal school caught fire on account of the electric light wires becoming crossed. It was put out by the students before the department arrived and without much damage being done. For a time there was considerable excitement around the buildings.

Grain rates for northwestern Nebraska territory were adjusted on a basis which was not disclosed by the railway freight agents. Apparently there was some disagreement between the various roads, for the Chicago, St. Paul, Minneapolis & Omaha will publish a tariff without reference to the rates agreed upon by the Willmar & Sioux Falls and the Northwestern.

Sheriff McBride received a telephone message from Murdock, Cass county, saying that his general merchandise store was burglarized again and three watches, rings and other valuables to the amount of \$300 taken. This is the second visit of burglars to this store within ten days, the sheriff returning yesterday with two men accused of breaking in this place May 9.

The saloons of Loren Bennett and Peter Sorhen and the hardware store of the Edwards-Bradford company at Elgin were entered. Some money and goods were taken in each place. Sheriff Frisbie came with the bounds from Neligh, but the rain since the raid had spoiled the scent and the dogs could do nothing. It is supposed to have been the work of home parties.

The body of William Edison, a laborer, was found under the bridge over the upper end of the mill pond at Irvington. The body was identified by Zach Ellis, the storekeeper there, who formerly was a detective on the Omaha police force. Mr. Ellis says he saw Edison near his store Monday night, and that he was considerably under the influence of liquor. The supposition is that Edison fell into the water by accident and not design.

SOCIETY WRECKED HER LIFE.

Mrs. J. E. Finn.

In Society.

A woman in society is obliged to keep late hours. She must attend receptions and balls. She seldom allows herself a quiet evening at home. Her whole time is taken up in keeping engagements or entertaining in her own home.

Her system becomes completely run down as a consequence. She soon finds herself in a condition known as systemic catarrh. This has also been called catarrhal nervousness.

If every society woman could know the value of Peruna at such a time, if they could realize the invigorating, strengthening effect that Peruna would have, how much misery could be avoided.

Letters from society women all over the United States testify to the fact that Peruna is the tonic for a run down, depleted nervous system.

Mrs. J. E. Finn, 83 East High street, Buffalo, N. Y., writes:

Peruna Medicine Co., Columbus, Ohio.
Gentlemen:—"A few years ago I had to give up social life entirely, as my health was completely broken down. The doctor advised a complete rest for a year. As this was out of the question for a time, I began to look for some other means of restoring my health."

"I had often heard of Peruna as an excellent tonic, so I bought a bottle to see what it would do for me, and it certainly took hold of my system and rejuvenated me, and in less than two months I was in perfect health, and now when I feel worn out or tired a dose or two of Peruna is all that I need."—Mrs. J. E. Finn.

Mrs. J. W. Reynolds, Elkton, Ohio, writes:

"I owe my health and life to Peruna. We rarely call in a physician, in fact it has been years since I have taken any other medicine than yours. I am afraid of drugs, and although I have been sick many times I have taken only your medicines. They are wonderful indeed. We have a very large house and entertain a great deal and I do all my own work, thanks to Peruna."—Mrs. J. W. Reynolds.
