VOL. XXIII.

BROKEN BOW, CUSTER COUNTY, NEBRASKA, THURSDAY, JULY 14, 1904.--EIGHT PAGES.

NO. 5.

LOCAL MENTION.

The fair dates are September 6-7-8 and 9.

J. W. Maxon of Arnold, was a friendly caller at this office Friday.

Jas. Woods of Merna, was a friendly caller at this office Saturday.

Will Kellenbarger of Merna, was a city visitor Saturday. This office acknowledges a friendly call.

The county board convened Tuesday in regular session. They will make their semi-annual settlement with the county officers at this session.

Ira Runyan, Bert Hall and F. A. Amsberry of Mason City, were among the number who took examination Saturday for carriers on rural mail routes in their vicinity.

J. J. Wilson and W. B. Eastham of this city attended the democratic convention at St. Louis last week. Mr. Wilson was the delegate from the Sixth congressional district.

T. B. Russell of Anselmo, was a city visitor the latter part of last week. Mr. Russel informs us that he has built a store at Anselmo, in which his wife will put in a restaurant and confectionary business.

Geo. Papineau came in Saturday night from McKinley where he is working on a house for John Rinehardt. The house is 26x30, with 18 feet post and an addition of 14x16. When completed Mr. Rinehardt will have one of the best farm houses in his community.

The wind that accompanied the rain Sunday night was hard on the small grain, especially the oats which are very heavy and were blown down badly. Several wind mills were injured northeast of town and branches of trees in many instances were broken off.

A short time ago the secretary of the County Fair, announced that the first 50 people who would agree to bring in a certain exhibit of farm products to the fair would be guaranteed \$3.00 in cash and a family ticket good during the entire. The interest taken in this is unusual, and up to the present time 45 out of the 50 people wanted have sent in their names.

John Weheling of Cliff Table, was in the city Saturday. He informs us that he has added half section more land to his possessions. This time he has taken in the Hutchison and Scotts places. Consideration \$2,000 cash. John has the reputation for wanting all the land that joins him. The great trouble is, every time he adds an additional quarter he soon discovers there is another piece adjoining that one. But with a continuation of a republican administration and good prices for hogs he will find a way to get other quarters.

Greely reports several barns wrecked Saturday night by the wind storm.

Frank Norton's new dwelling in the south east part of the city, is rapidly reaching completion, under the supervision of Tom Turabull.

Geo. Honts, who recently purchased the Scanlon restaurant building and moved it to the east part of town is having it repaired and remodeled for a dwelling.

The cement walk now being put down in front of the court house will very greatly improve the appearance in that vicinity, considering the durability of the cement it is a wise stroke of policy and the board is to be congratulated on its good judgment.

Curt Dean, the carrier on the Rural Mail route No. 1, from Callaway was in the city a few days ago and took home with him a Rural Free Delivery wagon, purchased of Ryerson-George Co. It was a fine one, costing \$75.00. It is remarkable for its convenience, beauty and comfort.

"Parasitism" will be Jesse Teagardens theme at the Christian Church, Sunday at 11 o'clock. At this time Miss Minnie Shinn will sing a classical song entitled "He Leadeth Me." At 8 p. m. Garland and Leland Lewis, Maurice Ryerson and Jno. Turner will render a selection to the pleasure of all present. "A Citizen" will be the subject of the evening sermon. You are cordially invited.

Arcadia was the victim of a wind storm Saturday night. The Congregational church, which cost \$4,000, was blown off its foundations and otherwise badly wrecked. No dwelling houses were destroyed, but the windows of a number blown in and chimneys down. P. W. Round had three barns blown down and Jas. Sanders one. R. E. Lant, north of town, lost all his buildings except his house. A large number of wind mills in the country were blown down and the crops damaged one third.

The managers of the county fair are beginning to get busy and reports tell us that Custer county is going to have a fair this year that is in keeping with the bumper crop our farmers are raising. The dates are Sept. 6-7-8-9, the week following the state fair. Already 2,000 exhibits in farm products have been promised and a much larger tent than has ever been used will be provided for this display. The matter of special trains, mammoth open air attractions, big racing events, etc., are under consideration by the management. Tents for sleeping purposes will be furnished the people who stay several days. In short, the 1904 fair will be a red hot one.

John Crowhweell of Taylor, is visiting in the city this week with his sister, Mrs. James Largey.

The Custer County Teachers Institute convenes next Monday. A large attendance is anticipated.

Miss Allie Clapper of York, and Miss Logan spent the past week in the city, visiting Mrs. Alvin Burk and friends.

Rev. L. L. Epley and wife are rejoicing over the arrival of a seven pound boy at their home yesterday. Mother and child reported doing nicely.

Burwell and eastern portion of Loup county was a victim of the wind storm last Saturday night. Brittan's dwelling as well as that of Messers Brumage, Campbell, Dutton were blown down. Crops were damaged.

F. M. Currie of Custer County was in Omaha Tuesday evening on his way east, and said he is quitting Nebraska politics for good. Mr. Currie said he was going to leave Nebraska for the benefit of his wife's health, and for that reason he was taking no part in politics this year. Mr. Currie believes that the Custer county fusionists will use every effort to nominate Judge Holcomb for governor.—Omaha Daily News.

Ramah Ryerson left last Thursday morning on an extended trip to Chicago and other points east in the interest of the Ryerson-George Co. He will purchase and give particular attention to the newest and the most attractive in ladies dress and furnishings. With his known ability, it is needless to say that customers at this store will be more than pleased in every respect. Ramah expects to return by the way of St. Louis.

Cheerfully Recommended for
O. G. Higbee, Danville, Ills., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c, \$1.00. Sold by Ed. McComas, Broken Bow and Merna.

DON'T FORGET

That in order to keep your suits, skirts, etc, in neat condition you must occasionally have them cleaned, repaired and pressed. All work neatly and promptly done at Tailor Shop over Haerberle's Drug Store, Broken Bow, Nebraska.

Improve the Sight and the Appearance.

Glasses made and fitted here are ornamental as well as useful. Young people who think glasses disfiguring should wear ours. They are particularly neat and jaunty. But the sight is the first thing to be considered. If that is at all impaired let us make a test of the eyes and fit the proper glasses. To have it done in time will save much suffering later.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me."
