

**ACHED IN EVERY BONE.**

Chicago Society Woman Who Was So Sick She Could Not Sleep or Eat, Cured by Doan's Kidney Pills.

Marion Knight, of 33 N. Ashland Ave., Chicago, Orator of the West Side Women's Club, says: "This winter when I started to use Doan's Kidney Pills I ached in every bone and had intense pains in the kidneys and pelvic organs. The urine was thick and cloudy and I could barely eat enough to live. I felt a change for the better within a week. The second week I began eating heartily. I began to improve generally and before seven weeks had passed I was well. I had spent hundreds of dollars for medicine that did not help me, but \$6 worth of Doan's Kidney Pills restored me to perfect health."

**Steam Turbine for Pumps.**

The steam turbine principle has been adapted to a centrifugal high-pressure pump. The action is reversed, however the water entering at what would be the exhaust end, gradually accelerating as it passes through the several fixed and movable vanes, until it acquires a high velocity at what would ordinarily be the outlet end.

**The Tailor Took His Measure.**

"I was getting measured for a suit of clothes this morning," said young Mr. Sissy to his pretty cousin, "and just for a joke, y'know, I awaked Snipem if it weally took nine tailors to make a man. He said it would take more than nine tailors to make a man of some people. I thought it was quite cleah."—Exchange.

**Onions for Insomnia.**

Onions are recommended as a good thing for insomnia. A favorite dish in England is one of the big sweet Spanish onions cooked in milk. Celery may also be used in the same way, stewed in milk. It is good for the nerves, and consequently for sleeplessness.

**Voice From Arkansas.**

Cleveland, Ark., August 15 (Special).—Nearly every newspaper tells of some wonderful cure of some form of Kidney Disease by the Great American Remedy, Dodd's Kidney Pills, and this part of Arkansas is not without its share of evidence that no case is too deeply rooted for Dodd's Kidney Pills to cure.

Mr. A. E. Carille, well known and highly respected here, tells of his cure after nearly a quarter of a century's suffering. Mr. Carille says: "I want to let the public know what I think of Dodd's Kidney Pills. I think they are the best remedy for sick kidneys ever made."

"I had Kidney Trouble for 23 years and never found anything that did me so much good as Dodd's Kidney Pills. I recommend them to all sufferers." There is no uncertain sound about Mr. Carille's statement. He knows that Dodd's Kidney Pills rescued him from a life of suffering and he wants the public to know it. Dodd's Kidney Pills cure all Kidney ills from Backache to Bright's Disease.

**FREE TO TWENTY-FIVE LADIES.**

The Defiance Starch Co. will give 25 ladies a round-trip ticket to the St. Louis exposition to five ladies in each of the following states: Illinois, Iowa, Nebraska, Kansas and Missouri who will send in the largest number of trade marks cut from a 10-cent, 16-ounce package of Defiance cold water laundry starch. This means from your own home, anywhere in the above named states. These trade marks must be mailed to and received by the Defiance Starch Co., Omaha, Neb., before September 1st, 1904. October and November will be the best months to visit the exposition. Remember that Defiance is the only starch put up 16 oz. (a full pound) to the package. You get one-third more starch for the same money than of any other kind, and Defiance never sticks to the iron. The tickets to the exposition will be sent by registered mail September 5th. Starch for sale by all dealers.

**WAS ENEMY OF "KNOCKERS."**

Printer Tried Earnestly for the Reformation of Mankind.

Several years ago a printer of the "Elbert Hubbard" school started a print shop in one of the smaller cities of New England. The place was fitted up "Roycroftite," and above the old-fashioned brass knocker at the side of the entry he hung a sign which read, "Enter without knocking."

To many this would merely presage a welcome to the shop within; but to the more subtle, a suggestion that the shortcomings of other men, among them printers, were of no interest to him.

The new print shop attracted many patrons, among whom were, unfortunately, some that could not appreciate the "style" peculiar to this scholar-printer. Some of these were quite caustic in their arraignment of his manner of handling their ideas, and he felt that in some way he must admonish them, lest their opinions, if expressed, should add to the ranks of the unappreciative.

So he had prepared another sign, "Depart without knocking," and hung it within his sanctum. This to impress upon his callers the futility of brouting abroad their differences of opinion.

Some, however, continued to offend, and to help them lay aside their pernicious habits he had driven into the wall within the entry, a large nail, under which he placed a sign, "Hang your hammer here."

He felt that some would enter, leaving their "hammer" upon the nail and perhaps, to his lasting benefit, leave it behind and "depart without knocking."—Sing Sing Star of Hope.

**Luck in the Letter "B."**

A writer has discovered that many of the worst foes of the horticulturist begin with "w," and he instances worms, weevils, wind and other workers of wickedness. This suggests a question as to whether there is any natural grouping of good or evil things under particular letters. Take "b," for example, and consider how many boons and blessings to man begin with it. The baker, butcher and brewer bring him bread, beef and beer.

For additional foods he has bacon, black bass, beans, bloaters, broccolli, broth, bivalves, bananas, berries, biscuits, buns and butter. After a banquet of bonnes-bouches he may bring out his "baccy" while he bestrides his bicycle. These are but a few of the beneficent things included under that blessed letter "b." Now, as a contrast, take "d," and among the first words we think of are damp, dark, dreary, dank, dull, drowned, dismal, dirty, damned, dusty, dastard, draft, ducked, dosed, dragged, doubtful, disgusted, doctor, diseased, dead, drunk, and so on, the very sound of which is enough to drive one into doleful dumps.—Pearson's Weekly.

**Early Birds.**

Mr. Garfield, of the civil service commission, says that a year or so ago there walked into the office of the governor of a Western State a citizen who, with suppressed excitement, said:

"Mr. Governor, I understand that Col. Blank, the president of the Irrigation Board, is dead."

"He is," was the reply. "Col. Blank died an hour ago."

"Well, Mr. Governor," continued the citizen, "I dislike to exhibit any unseemly haste in the matter, but I very much desire to make application for appointment as his successor."

Whereupon the governor courteously motioned his caller toward an anteroom. "Pray walk into this room, sir," said he, "and take your place in the line."—New York Herald.

**Secret of Long Youth.**

Simple diet, plain living, active outdoor work or walking, and absence of worry, give conditions that will develop the best physical and moral possibilities within one. We are all prone to exhaust nerve force over petty cares. We get excited if the rooms are not properly dusted; we put too much of ourselves into our household work; we do not want to learn to simplify; we do not always take the "forty winks" early in the afternoon. These are some of the causes of age, and we can avoid them just as we can learn to sometimes be idle and at all times be purposeful.—Housekeeper.

**For Troublesome Feet.**

A decoction of white oak bark is invaluable for perspiring feet. To make the decoction place one ounce of white oak bark to one and one-half pints of boiling water and simmer very slowly for two or three hours; cool, strain and add four ounces of alcohol; then bottle for use. The most convenient mode of application is to pour out a small quantity in a saucer and apply to the feet with a velvet sponge, after giving them a warm bath.

**Strength in God's Hands.**

Our life is scarce the twinkling of an eye in God's eternal day. Obscure and dim with mortal clouds, it yet may beam for Him. And, darkened here, shine fair to spheres afar. I will be patient, lest my sorrow be His grace and blessing, and I fall in mine. In my own hands want and weakness are. My strength, O God, in Thine. —Bayard Taylor.

**What Land Yields.**

It is estimated that twenty-two acres of land are necessary to sustain one man on fresh meat. The same space of land, if devoted to wheat culture, would feed forty-two people; if to oats, eighty-eight; potatoes, Indian corn and rice, 176; and if to the plantain or bread tree, over 6,000 people.

**Beaware of Ointments for Catarrh that Contain Mercury.**

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good they can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

**Oldest Tree.**

The oldest tree in the world is on the Island of Kos, lying off the coast of Asia Minor. The trunk is thirty feet in circumference. A wall of masonry surrounds it and supports the two main branches. It is believed to be more than 2,000 years old.

**Cheerfulness and Grumbling.**

How many people in real life there are who are a perpetual drain on the sympathies of their more cheerful friends and neighbors! They like to be comforted with strong, uplifting words; they appreciate cheerfulness—in others. It does not occur to them that it is a cultivable quality, just as grumbling is.

**Corn Birds Will Not Bother.**

A well known farmer says he wets his seed corn with coal oil before planting it, and as a result the birds and insects do not bother it before it comes up. The oil does not injure the germ and keep it from sprouting. This has been proved by experience, as he has never had to replant.—Fillmore (Mo.) Lever.

**Training of Japanese Wrestlers.**

In the place of training to remove superfluous flesh, as do the athletes of other lands, the wrestlers of Japan eat to put it on. Great size and weight do not appear to interfere with their agility. Instead it is one of the principal means of overcoming an adversary.

**JUST ONE DAY**

Free From the Sluggish Brught Out a Fact.

"During the time I was a coffee drinker," says an Iowa woman, "I was nervous, had spells with my heart, smothering spells, headache, stomach trouble, liver and kidney trouble. I did not know for years what made me have those spells. I would frequently sink away as though my last hour had come."

"For 27 years I suffered thus and used bottles of medicine enough to set up a drug store—capsules and pills and everything I heard of. Spent lots of money but I was sick nearly all the time. Sometimes I was so nervous I could not hold a plate in my hands! and other times I thought I would surely die sitting at the table. "This went on until about two years ago when one day I did not use any coffee and I noticed I was not so nervous and told my husband about it. He had been telling me that it might be the coffee but I said 'No, I have been drinking coffee all my life and it cannot be.' But after this I thought I would try and do without and drink hot water. I did this for several days, but got tired of the hot water and went to drinking coffee and as soon as I began coffee again I was nervous again. This proved that it was the coffee that caused my troubles."

"We had tried Postum but had not made it right and did not like it, but now I decided to give it another trial so I read the directions on the package carefully and made it after these directions and it was simply delicious, so we quit coffee for good and the results are wonderful. Before, I could not sleep but now I go to bed and sleep sound, am not a bit nervous now, but work hard and can walk miles. Nervous headaches are gone, my heart does not bother me any more like it did and I don't have any of the smothering spells and would you believe it? I am getting fat. We drink Postum now and nothing else and even my husband's headaches have disappeared; we both sleep sound and 'calthy now and that's a blessing." Name given by Postum Co., Battle Creek, Mich.

**The Cause of Sleep.**

The man who is kept awake by pain, or who suffers in any other way from lack of sleep, can usually obtain it by the use of a drug. Such sleep, however, is generally regarded as unnatural, and hypnotic drugs are avoided when possible. But now comes Mr. Raphael Dubois, a French physiologist, who tells us that all sleep is the result of drugging, the sleep-producer being carbonic acid formed within the system.

**Irrigation in Kansas.**

Great state, Kansas! There is neither a mountain nor a marsh in all her length and breadth of 82,000 square miles. One-third of her area is almost a barren steppe, owing to lack of rain. Irrigation will make the dry prairies a veritable "garden of the west," raise the Kansas corn crop to 300,000,000 bushels and increase her live stock valuation to \$180,000,000.—New York Press.

**England's Great Artist.**

George Frederick Watts, the great English artist, who died recently in London, rarely worked from a living subject, but modeled fragmentary studies in wax and clay for particular parts of the figures of his pictures. This patriarch of painters said in reference to his principal works that one of his great aims was to take the terror away from death.

**Labouchere on Intoxicants.**

"I myself never drink spirits, or, indeed, either wine or beer when I can get water," said Henry Labouchere. "I can understand the liking for beer or wine. The taste for spirits, however, is incomprehensible to me. I tried all of them. The experiment did not succeed, but gin struck me as the least nasty."

**Weight of Dead Sea Water.**

A gallon of distilled water weighs ten pounds, of sea water ten and three-fourths pounds, of Dead sea water twelve pounds. There are eight and one-half pounds of salt in every 100 pounds of Dead sea water to two and four-fifths pounds in ordinary sea water.

**Condemns Flannels.**

Dr. Leonard Williams, in an article in the London Practitioner, declares that flannel underclothing is a fraud. "Dry flannel," he says, "is practically unabsorbent, whereas linen, cotton and silk are, in different degrees, very absorbent." He concludes that "woolen underclothing is, of all others, the best calculated to induce a relaxed and unresponsive condition of the skin."

To be a successful wife, to retain the love and admiration of her husband should be a woman's constant study. If she would be all that she may, she must guard well against the signs of ill health. Mrs. Brown tells her story for the benefit of all wives and mothers.

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound will make every mother well, strong, healthy and happy. I dragged through nine years of miserable existence, worn out with pain and weariness. I then noticed a statement of a woman troubled as I was; and the wonderful results she had had from your Vegetable Compound, and decided to try what it would do for me, and used it for three months. At the end of that time, I was a different woman, the neighbors remarked it, and my husband fell in love with me all over again. It seemed like a new existence. I had been suffering with inflammation and falling of the womb, but your medicine cured that, and built up my entire system, till I was indeed like a new woman. Sincerely yours, Mrs. CHAS. F.
