Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midlothian, Texas, writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." This trophy is now held by Oscar Blevins of Cumro, and on Thursday of Fair week it will again be contested for. At a meeting of the Board of Directors of the Broken Bow Business & Normal College last Saturday evening, Rev. L. L. Epley of this city was elected Superintendent and General Manager. Mr. Epley brings to the school a large experience in school work and a broad influence in the county and state. He will spend his time in the field and in general supervision of the work. Prof. C. I. Mohler of York, was elected Principal and will have charge of the inside work of the school. Prof. Mohler has had several years experience as a teacher and brings to the school a large enthusiasm. We predict for the coming year a successful session. These men are well qualified for their work and will spare no pains to make the school one of the best in its class in the state. The fall term will open on September 6. All old students will be welcomed to their places and many new ones are expected. The school will carry the same courses that it has heretofore and the Normal course has been strengthened. A new announcement will be out in a few days. For information and rates apply to L. L. Epley, Supt., Broken Bow, Nebraska.

Abscess.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) he recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world.

ABSCESSES, with few exceptions, are indicative of constipation of debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. Sold by Ed. McComas, Broken Bow and Merna.
