The managers of the county fair could greatly add to the comfort of those who attend the fair by setting the high ground in the vicinity of the floral hall out in shade trees and furnishing the grounds with seats.

C. H. Case of Mason City, was awarded first premium on one of his Duroc Jersey male pigs, under one year old. It was one of his own raising and took the premium over, not only one he bought at the State Fair, but over the one J. D. Troyer bought at Lincoln also. We understand however that Mr. Troyer was awarded a premium on one of his hogs.

We omitted to mention the sale of the Callaway Tribune last week to a stock company of populists. The Tribune has been the standby for the democrats for a number of years. By its passing into the hands of populists it leaves the county democracy without an organ. It was reported that N. L. Reynolds, foreman of the REPUBLICAN, would take charge of the Tribune, but we are informed that statement was without foundation.

What is Life.

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting, in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at Lee Bros. Drug Store.

At the prevailing price of wheat that would be about \$23 an acre.

The Agricultural Experimental Station at Lincoln states that the Hessian Fly is becoming a dangerous pest in Nebraska and especially in southeastern Nebraska. Prof. Bruner of the University recommends as a preventative of their spread the stubble should be burned. That to make it effectual there should be co-operation among the farmers in a community.

Sprains.

S. A. Read, Cisco, Texas, writes, March 11th, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment and was cured.
