Thursday, October 13, 1904.

No voter who realizes that a vote for a pop or democrat for the legislature is a vote against sustaining President Roosevelt in his courageous administration will do other than vote the straight republican ticket this year.

John Scott of Westerville, has won the distinction of being a successful business man in his conservative methods in conducting the affairs of his farm and thus has established his ability to conduct the business of the county board.

M. V. Mathews, candidate for representative from the southwest part of the county, is a young man of fine business qualifications, a man of intellectual ability, a genial companion and should receive the united support of the republican party.

Favorable reports come of the prospects of F. J. Drumm's prospects of election for supervisor in the Fifth district. Mr. Drumm is regarded as one of the best citizens in Callaway and is well qualified to fill an important position on the county board.

A. P. Dobesh, the republican nominee for supervisor is one of the successful farmers of his district and is a man of more than ordinary ability. The voters of the Seventh District will make no mistake in electing him to represent them on the county board.

The pops who are making a fight on M. L. Fries for the state senate because he is in the lumber business probably do not know that it is because he is not a member of the lumber trust of the state that the trusts have threatened to annihilate him politically. Mr. Fries belongs to no trust. He made a splendid record in the last legislature and should be returned with an increased majority.

The Fort Supply Republican Oklahoma, is a recent visitor at this office. Of the nominees on the republican ticket we notice the name of our old townsman, J. P. Gandy, candidate for representative from the 19th district. Mr. Gandy is an energetic and untiring worker in republican ranks and capable of filling the office to which he aspires and in an able and efficient manner and should receive the loyal and enthusiastic support of his district.

Since the Beacon takes exceptions to G. H. Thorpe's re-election on the populist theory that no man is entitled to a third term, the Sargent Leader insists on the rule being applied to T. J. Arthur, the pop nominee of Douglas Grove, who is a third term candidate. No other course

would be consistent in the pop party and the voters of the First District are going to enforce the rule. But fortunately for Mr. Thorpe the republican party believes it is public economy to continue in office those who are faithful and true to their trusts as long as the best interests of the public demand it.

Will you vote for John Murray, a young man of energy and honesty, or for A. H. Copsey, a political nonentity?—Beacon.
 See! If our memory serves us right, John Murray is the fellow that run several hundred votes behind his ticket for county superintendent a few years ago.

Just Buncombe.
 The great difficulty with the republican tax law of Nebraska, is that while it reaches the table and the chair and even the few books of the common man, it carefully avoids a fair tax of the great railroads and corporations of the state.—Fremont Herald, dem.

That is a sample of a thousand misrepresentations in the fusion papers.
 Those fusion papers know that the revenue law which the fusionists left on the statute books when they went out of power in 1900 taxed the railroads of Nebraska on an assessed valuation of \$26,422,733.

Those fusion papers know that under republican control the railroads of Nebraska are now taxed on an assessed valuation of \$46,287,764.

Those fusion papers know that the republicans have increased the assessment of railroads 71 per cent and of other property only 54 per cent.

Yet those fusion papers are full of just such buncombe as is quoted above from the Fremont Herald.—Ex.

WEISSERT.
 A serious accident occurred last week in which Mr. Johnson's younger boy was shot, the bullet passing entirely through his body a little above the heart. The boy and his brother, who is about 2 years older were playing in the house, when the older boy opened a grip belonging to Mrs. Johnson's brother and found a 22 caliber revolver which he discharged, hitting his brother. Dr. Pennington was called at once and dressed the wound. At present he is improving, as well as could be expected and unless some disease sets in he will recover. Carelessness has led to another accident.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and to-day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infalible for Coughs and Colds, 50c and \$1.00 bottles guaranteed by Lee Bros. Resolution:—
 WHEREAS, The contract heretofore entered into by and between this board and Clem Battelle of Omaha, in June, 1902, in the matter of the collection of taxes against the Broken Bow Water Works Co.,

Resolved, That the board stand by its former action and agree to pay said Battelle the sum agreed upon, to-wit: \$100, when said Battelle shall have collected said taxes.

Upon being seconded, and the ayes and nays being called, the vote was as follows:
 Voting aye: Fenimore, Greenwalt. Voting nay: Arthur, Fonda, Hiser, and McGuire.

Mr Arthur explained his vote by stating that he voted no for the reason that the county treasurer had

authority to collect the taxes without the aid of Mr. Battelle.

Saved His Life.
 J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." 25c, 50c, \$1.00. Sold by Ed.
