Call for the 24th Annual Convention of the Nebraska W. S. A.

Firmly believing in the Principles that are the foundation of a true republic, namely: "Governments derive their just powers from the consent of the governed," "Taxation without representation is tyranny," and believing that the endurance and preservation of a Democracy rests upon its strict adherence to the principles of Democracy, we issue this call for the 24th Annual Convention of the Nebraska Woman Suffrage Association to be held at Geneva, November 29th, 30th, and December 1, 1904.

Matters of great importance will be discussed and important work for future development will come before this convention. It is earnestly desired that a full delegation from each club shall be present.

Some of our prominent speakers of Nebraska will take part in the evening programs.

Miss Ellis Meredith of Colorado, author of "Heart of My Heart," a story picturing a perfect motherhood, will speak on the evening of Thursday, December 1st. She is a fine orator, an earnest speaker, and will give a practical talk upon "What Woman Suffrage has Accomplished in Colorado." Miss Meredith will also conduct a question box Thursday afternoon.

Several symposiums upon live up-to-date subjects will be upon the daily programs.

Let us rally to this convention

Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months. The doctors said that he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago. Since then we have always kept a bottle in the house. For coughs and colds it has no equal." 25c, 50c, \$1.00. Sold by Ed. McComas, Broken Bow and Merna.

Are You Interested In The South?

DO YOU CARE TO KNOW OF THE MARVELOUS DEVELOPMENT NOW GOING ON IN THE Great Central South?

OF INNUMERABLE OPPORTUNITIES FOR YOUNG MEN OR OLD ONES—TO GROW RICH?

Do you want to know about rich farming lands, fertile, well located on a Trunk Line Railroad, which will produce two, three and four crops from the same field each year, and which can be purchased at very low prices and on easy terms? About stock raising where the extreme of winter feeding is but six (6) short weeks? Of places where truck growing and fruit raising yield enormous returns each year? Of a land where you can live out of doors every day in the year? Of opportunities for establishing profitable manufacturing industries; of rich mineral locations, and splendid business openings?

If you want to know the details of any or all of these write me. I will gladly advise you fully and truthfully.

Sunday and it is thought that he was at the Bow, taking lessons to fit him for assistant school teacher, his many friends are wishing him success in this undertaking.

Consternation seized the people of the valley, when, last Thursday morning it was known that the Board of Health had quarantined Millard Hill's family because two of his children had the Scarlet Fever, and that the post office must be moved temporarily. This was done by the bondsmen placing Mrs. J. M. Fodge in charge. The supplies were fumigated by Dr. Morrow and removal made. The cases were not of a very severe form, for at this writing they are around and clear of fever. No more of his family have taken it so far. It will be a miracle if the disease does not get hold in other families as one of the little ones that had been to St. Louis and had had it while gone, were at the church on Sunday and in his Sunday School class.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c, at Lee Bros., Druggist.
