

BREAKS THE RECORD

A TWENTIETH CENTURY FLYER IN THE MEDICAL FIELD.

Rheumatism Rapidly and Radically Cured. Quick Work of a Famous Remedy.

Convenience, comfort, safety, speed are demanded by the traveling public in our rapid century and the keenest intellects constantly at work on these problems are making wonderful progress in the construction of the steamship and the locomotive. Like results are sought in medicines and Dr. Williams' Pink Pills for Pale People are astonishing the world by the triumphs they are winning in the rapid cure of obstinate maladies, such as rheumatism. With speed they combine convenience, perfect safety and cheapness.

Here is fresh proof of their concentrated virtues: Mrs. Margaret Gantz, of No. 1527 Bodeman street, Burlington, Iowa, is an industrious German woman, who about two and a half years ago found herself in danger of losing her power to work altogether. She says: "I got rheumatism which made my knees and elbows very stiff and painful. I had difficulty in raising my arms and I could hardly lift my feet over my doorstep. I ought to have gone to bed, but I could not afford to do that, so I forced myself to work in spite of the pain and stiffness. After suffering for about six months, I was told about Dr. Williams' Pink Pills for Pale People by a friend, who said she had been cured by them. On her advice, I bought one box and in two weeks after I began to use them I was well and I had had no need to use them now for nearly two years. Dr. Williams' Pink Pills are a good medicine and if I ever have rheumatism again I will get a box right away. I have told my friends what they did for me and I am glad to have everybody know."

This is valuable news to all who suffer from rheumatism. These pills have also cured stubborn cases of locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, nervous headache, palpitation of the heart and all forms of weakness in male or female.

They are sold by all druggists, or will be sent directly from the Dr. Williams Medicine Co., Schenectady, N. Y., on receipt of the price, fifty cents per box; six boxes for two dollars and a half. Look for the full name on every box.

Some people are so egotistical that they imagine everybody they meet is glad to see them.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give you Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

To the housewife who has not yet become acquainted with the new things of everyday use in the market and who is reasonably satisfied with the old, we would suggest that a trial of Defiance Cold Water Starch be made at once. Not alone because it is guaranteed by the manufacturers to be superior to any other brand, but because each 10c package contains 16 oz., while all the other kinds contain but 12 oz. It is safe to say that the lady who once uses Defiance Starch will use no other. Quality and quantity must win.

NEWS IN NEBRASKA

TROUBLE FOR TREASURERS.

A Movement that is in Violation of Law.

LINCOLN—According to the opinion of Attorney General Prout those county treasurers who are accepting a portion of the taxes assessed against railroad companies, even under protest, are violating the law. Mr. Prout believes the county treasurer should collect all of the taxes at once or none. He has received a number of requests from county treasurers asking advice in the matter and he has referred to his former opinion on the subject, given in 1901. That opinion is as follows:

"An examination of the revenue law convinces me that the legislature intended that a tax debtor should pay an item of taxes at a single payment, and that the county treasurer should not be compelled to divide an item and to receive partial payment at one time and the balance at another time. If a county treasurer may divide an item of taxes into two parts for purposes of payment, why may not he divide it into fifty parts and receive the payment of a single item fifty different times? The books which the treasurer is required to keep, his form of receipt prescribed by statute, indicate that an item of taxes should be paid at a single payment. A claim that a part of an item is void does not change the duty of the treasurer. He has nothing to do with questions relating to the validity of taxes or a portion of an item. The determination of such questions had been committed to other officers or tribunals. The warrant of the treasurer directs him to collect the taxes, not to make partial collections. I am therefore of the opinion that the county treasurer should decline to accept a portion of the items of taxes in question."

FARM SOLD AND MORTGAGED.

J. T. Jones of Humboldt Finds This Condition.

EDGAR—An illegal land sale in this vicinity has just come to light. Mr. Joel T. Jones, formerly of this city, but who moved to Humboldt, Neb., some seven or eight years ago, owns a quarter section of very fine land three miles northeast of Edgar. Not long ago a man claiming to be Joel T. Jones, the owner of the land, quietly effected a sale of the farm to a man calling himself Martin Clark. Both parties were strangers to the county officials, as was also the real owner, Joel T. Jones of Humboldt. A deed was made and recorded by the man Clark and then a loan of \$500 was secured from a Bearice bank and a mortgage was duly filed against the farm. The matter came to the ears of Mr. Joel T. Jones of Humboldt, and he lost no time in coming up to see about the matter. He succeeded in notifying the county officials and the mortgage of the character of the sale, but could get no trace of the men who sold, bought and mortgaged the land.

Surveyors Are Near Brainard.

BRAINARD—The surveying crew of the Omaha & Nebraska Central railway is now in camp here, having made the survey from Hastings to this point. In the 167 miles that have been run so far they have made but one grade crossing with another line of railroad, having either gone under or over the tracks of other roads.

Farmer Killed by a Fall.

NEBRASKA CITY—Fritz Viox, a wealthy farmer, residing near Lorton, fell out of his wagon while driving to his home and was killed. He had been drinking.

Prisoners Go to Penitentiary.

PAPILLION—Sheriff McEvoy has taken Dillon, Hike and Rivers to the penitentiary, where they go to serve sentences of four years each, the two former for highway robbery and the latter, a negro, for burglary.

Epidemic of Typhoid.

NORFOLK—An extensive epidemic of typhoid fever prevails in northern Nebraska. There are several deaths daily. The cause of the illness has not been determined.

Paupers Are Decreasing.

LINCOLN—In prosperous Nebraska the number of paupers, charges of counties, has been materially decreased during the last two years. In his forthcoming report Secretary Davis of the state board of charities and corrections will state that two years ago there were 1,106 dependents, while now there are 1,062. According to his compilation there is one dependent pauper subsisting on public bounty to every 1,200 inhabitants. The cost of maintenance ranges from \$1.02 to \$4 a week.

Big Farm Barn Fire.

FREMONT—The big barn on the farm of John Delaney, seven miles northeast of Fremont, ten head of horses, a big granary filled with grain and a hay mow filled with hay were destroyed by fire. Mr. Delaney discovered the flames when they were shooting out through the roof of the structure. Many of his neighbors were attracted a few minutes later and responded promptly to help him, but the heat was so intense that no one could enter the building to save anything.

THE STATE IN BRIEF.

A long trestle on the Burlington's Omaha-St. Louis main line near Nebraska City Junction burned. All trains on that line were sent via Hamburg, Red Oak and Pacific Junction.

While out hunting Sunday young Peter Sinnet of Harvard received the charge of his rifle in his right hand, the ball passing through three of his fingers. Moral: Don't hunt on Sunday.

Alexander Gillaspie, a young man living northeast of Beatrice, made a record husking corn on the Esam farm one day last week. He gathered 104 bushels in eight hours and a half in corn that would not yield more than thirty bushels per acre.

The mysterious disappearance of R. P. Ingalls, a jeweler of Long Pine, coupled with the fact that his wife died a week ago and that he bought a razor on the evening of his disappearance, and also that two years ago he tried to commit suicide, has caused alarm at that place and searching parties are working in vain to locate the missing man.

Constable Smith of Jackson brought to Dakota City and turned over to Sheriff Hansen a demented man about 40 years old, who had been in the vicinity of Jackson during the day, putting people to flight by his wild and unbalanced talk. The man gives his name as Joe Sharkley and has been in the vicinity for several days with a gang of hoboes.

Commencing January 2, 1905, the University of Nebraska offers a course of instruction in the principles and practice of agriculture. The course covers the subject of soils, field crops, dairying, butter and cheese making, breeds and judging of live stock, diseases of farm animals, horticulture, shop work, farm machinery and English. No examinations are required for entrance.

Joseph Geissel, the man wanted at Tecumseh for forging checks, is well known in West Point. He was sentenced to the penitentiary from Cumming county for one year about eighteen months ago. His crime was very similar to the one alleged against him in Johnson county, the forging of a check upon which he obtained a suit of clothing and some money from a local merchant.

Diedrich Shindler, who owns a large stock farm near Nebraska City, has lost a number of cattle during the last week, which have died of blackleg. Several stockmen who own farms near Shindler's report the disease as being prevalent among their cattle.

Charles Schank and Floyd Smith killed a large black eagle west of Beatrice several days ago. After having its wing broken the bird put up a game fight and one of the men killed it with a club.

A. L. Haacker, associate professor of dairy husbandry, in charge of that department of the university school of agriculture, has been offered the position of director of the experimental station maintained by the Brazilian government at Piracicaba, in the state of St. Paul. The position carries with it a salary of \$3,000 a year and an increase of \$250 a year until the salary is \$4,000, together with free house rent. The professor is seriously considering the offer.

The preliminary hearing of Charles W. Derby, who is charged with committing perjury in his evidence in the Lillie murder case, was set for trial at David City November 22, but the parties have agreed to a continuance for about two weeks, owing to the fact that the district court is in session and the attorneys are busy in the trial of cases there. The arrest of Mr. Derby is the chief topic of conversation. Some are of the opinion that the case should be dismissed.

Dr. Peters of the State Agricultural college was in West Point. At the opening of the big sale of Hereford cattle the doctor delivered an address to the farmers present, after which he awarded a Shorthorn heifer to J. C. Braun, a resident of Snyder, as a prize, he being declared the best judge of live stock at the college.

Ruth, the 4-year-old daughter of Mr. and Mrs. Guy Loper, living several miles east of Humboldt, suffered some severe burns by falling into a tub of hot water which her mother had felt on the floor. She will recover.

Attempt was made at Omaha to wreck the home of Attorney Elmer Thomas by placing dynamite on the porch. The building was much damaged and the lives of the occupants endangered. The dastardly attempt was made at 1 o'clock in the morning. Mr. Thomas is attorney for the Civic Federation, and it is supposed the crime was instigated and carried out by a vicious element for whom he is making it warm. A reward of \$9,000 is offered for arrest and conviction of the guilty parties.

A spirited religious revival is on at Bradshaw.

John B. Beese, who was held to the district court of Otoe county on the charge of murder in the second degree for the shooting and killing of his son during a family quarrel, was released from jail on a \$2,000 bond, which was signed by his neighbors and friends. He will have his hearing in the district court at the January term.

The Missouri Pacific Railway company has paid its taxes in Otoe county without a protest. They amounted to \$13,120.27 for this year and \$11,704.36 for last year.

Uncomplimentary Physician.

Dr. Garth, a witty physician of the court of Queen Anne, had prescribed a nauseous dose for the great warrior, the Duke of Marlborough. When the duke objected to following the directions the sharp-tongued Duchess Sarah broke in by saying: "I'll be hanged if it does not cure you." "There, my lord," interposed Garth, "you had better swallow it; you will gain either way."

Paid for Daughter's Opportunity.
That his 17-year-old daughter might get her chance on the stage, a well-known English stock broker guaranteed the whole of the expenses of a new production, conditionally upon his favorite being given, and trained, for the leading role. The venture cost him over £7,000, but the young lady has since earned a creditable theatrical reputation.

More women weep over onions than over love affairs.

Miss Nettie Blackmore, Minneapolis, tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

"YOUNG WOMEN:—I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to try Lydia E. Pinkham's Vegetable Compound, but I only scorned good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my menstruation periods. I am most grateful."—NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.

Painful Periods

are quickly and permanently overcome by Lydia E. Pinkham's Vegetable Compound. The above letter is only one of hundreds of thousands which prove this statement to be a fact. Menstruation is a severe strain on a woman's vitality, and if it is painful something is wrong. Don't take narcotics to deaden the pain, but remove the cause—perhaps it is caused by irregularity or womb displacements, or the development of a tumor. Whatever it is, Lydia E. Pinkham's Vegetable Compound is guaranteed to cure it. If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will treat your letter as strictly confidential. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

Details of Another Case.

"DEAR MRS. PINKHAM:—Ignorance and carelessness is the cause of most of the sufferings of women. I believe that if we properly understood the laws of health we would all be well, but if the sick women only knew the truth about Lydia E. Pinkham's Vegetable Compound, they would be saved much suffering and would soon be cured."

"I used it for five months for a local difficulty which had troubled me for years, and for which I had spent hundreds of dollars in the vain endeavor to rectify. My life forces were being sapped, and I was daily losing my vitality."

"Lydia E. Pinkham's Vegetable Compound cured me completely, and I am now enjoying the best of health, and am most grateful, and only too pleased to endorse such a great remedy."—MISS JENNIE L. EDWARDS, 604 H St., N. W., Washington, D. C.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women.
