# Good Health to the Children

Children especially are fond of dainties, and the housekeeper must look carefully to their food.

As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised with a pure and perfect baking powder.

Royal Baking Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.

J. G. BRENIZER, Breeder of

Pure Scotch and Scotch Topped Short Horn Cattle. My herd numbers 40 cows. Will compare in breeding and quality with any West of Chicago. My experience has taught me that to give good satisfaction, breeding cattle must be **raised to this attitude.** I expect to **raise them here** the **equal** of anything raised in the U. S. ### A Social Gathering.

The residence of Mr. and Mrs. H. Rogers was the scene of a very brilliant affair on Friday, April 7th, a party was given in honor of their daughter Miss Mabel. About 45 guests arrived at their home at an early hour. The evening was spent in social games, chitchat music both vocal and instrumental. At the proper hour a bounteous luncheon was served. The scene was a happy one and the pleasantries of the entire evening will long be remembered by all present. The company dispersed feeling that they had spent a very enjoyable evening. Those present and invited were: Misses Bessie Sweeney, May O'Brien, Leota Reeder, Susie Bookneau, Cecil and Lona Simms, Lethia and Alice Humphrey, Ella Taylor, Emma Coble, Dora Kelley, Anna Hyiatt, Dena Jenson, Vera Galloping, Hazel Sims, Esther West, Hattie Mauk, Elma and Elma Porter, and Edith Mauk. Messrs Ross Humphrey, Carl, Fred, Sleave and Gus Taylor, Edd Mauk, Charley and Lloyd Kelly, John and Guy Coble, Sam Porter, Ephram Miller, Alrie Coen, William and Joy Reader, Willie West, Fred Jensen, Mealico Talbot, Fred Mauk, Lloyd Hyatt and Ira Coover. ### Coal In Custer County.

It is reported that Street Bros. while putting down a well for Wm. T. Ramsley, southwest of town, bored through a vein of coal about fifty feet below the surface. They were unable to determine the thickness of the vein, but do not claim that it was of sufficient thickness to pay for mining at that depth. If it is a genuine vein of coal, of which there seems no doubt, it is fair to presume that other veins can be found in that vicinity and possibly of sufficient thickness to pay operating expenses. The discovery should be sufficient to encourage the sinking of a prospecting shaft a few thousand feet.
