

CUSTER COUNTY REPUBLICAN.

ESTABLISHED 1882. THE OFFICIAL PAPER OF CUSTER COUNTY. LARGEST CIRCULATION OF ANY PAPER IN THE COUNTY.

VOL. XXIII.

BROKEN BOW, CUSTER COUNTY, NEBRASKA, THURSDAY, MAY 11, 1905.--EIGHT PAGES.

NO. 48.

A DROP OF OIL

One single drop of watch oil will keep your watch well lubricated for a year.

To insure perfect running and timing, that drop is just as necessary to the watch, as are the gallons to the mammoth engine.

Friction and atmospheric conditions turn the finest watch oil into dirty gum in a twelve-month.

After that you carry a pocket-piece—not a timepiece.

I charge more than the "tinker" for watch repairing, but it's cheaper for you in the long run.

Among other things Broken Bow can now boast of a Static and Roentgen-ray apparatus. The rapid advance of the Medical Sciences requires something more than pills and potions. Electric currents in all their forms have been recognized the most potent agents in the treatment and cure of diseases. The Roentgen or X-ray is a recent discovery and a wonderful aid to diagnosis as well as being a curative agent in cancer and a number of chronic obstinate skin diseases. 48

The Kankakee Illinois Daily Gazette of the 25th ult. gives quite an interesting write-up of a special train loaded with J. I. Case threshing machines passing through the state from Racine, Wisconsin on its way to Dallas, Texas, in charge of A. F. Norton, general agent, formerly of Broken Bow. The train has 26 engines and 30 separators. The train travels only in daylight and has with it a caliope that furnishes music along the route. Stops are made at every station. There is some talk of a special feature to the Decoration Day program, in the shape of an elaborate production at the opera house in the evening, of the thrilling Grand Army drama: "Comrades," that made such a favorable impression here nearly a year ago. If presented the play will contain the original cast of characters and the same startling and patriotic stage effects, that were previously seen here.

Mrs. H. T. Coffman, of Mason City, returned Sunday morning from Thermopolis Montana, where she had been the past month nursing her daughter, Mrs. Chas. Kelley, who is very low with lung trouble. Her daughter was some better when she left there last Tuesday week. Mrs. Coffman reports that on their way from Thermopolis to Cody, by stage, they were delayed two days and nights by a heavy snowstorm, which was about three feet deep. They left Thermopolis on Tuesday and did not reach Cody, a distance of 95 miles, until Friday. She stopped off here Sunday and returned to Mason City Monday morning on the local train.

Buggy Talk.

THE sensible carriage or buggy buyer knows that a little judgment often saves many dollars. He knows that there is a price below which a good carriage cannot be sold. We have everything that is modern in the vehicle line, and all our goods are made on our special order and exclusively for us. We do not buy the regular stock goods of any concern, but, as we said before, have them direct from the factory especially made for us and we do not allow the factory to make them for any one else on the same specifications. We think we have the most complete and most up-to-date line of vehicles in the county. But we may be prejudiced. Suppose you ask anyone who has had occasion to buy from us and we will be satisfied to leave it to their judgment. We have pleased some mighty particular people and the best of it is that they are still pleased. Now if you are in need of anything in this line, why not give us a trial, as we are sure we can also please you.
