## Buggy Talk.

THE sensible carriage or buggy buyer knows that a little judgment often saves many dollars. He knows that there is a price below which a good carriage cannot be sold. We have everything that is modern in the vehicle line, and all our goods are made on our special order and exclusively for us. We do not buy the regular stock goods of any concern, but, as we said before, have them direct from the factory especially made for us and we do not allow the factory to make them for any one else on the same specifications. We think we have the most complete and most up-to-date line of vehicles in the county. But we may be prejudiced. Suppose you ask anyone who has had occasion to buy from us and we will be satisfied to leave it to their judgment. We have pleased some mighty particular people and the best of it is that they are still pleased. Now if you are in need of anything in this line, why not give us a trial, as we are sure we can also please you.
