Nervous Women

Their Sufferings Are Usually Due to Uterine Disorders **Perhaps Unsuspected**

A MEDICINE THAT CURES

make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice; nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of pros-tration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes:

"I cannot express the wonderful relief I have experienced by taking Lydia E. Pink-ham's Vegetable Compound. I suffered for a long time with nervous prostration, back-ache, headache, loss of appetite. I could not sleep and would walk the floor almost every night. every night. "I had three doctors and got no better, and

life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound,

and it has worked wonders for me. "I am a well woman, my nervousness is all gone and my friends say I look ten years younger.

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.
