# our Money

THIS is but a same and safe principle. It earns the approbation and satisfaction of customers, and that is what we are striving for. No business can endure that labors along under the discontent of the community. The escaped profat on an individual sale is nothing compared to the alienation of a neighbor's good will and his just resentment. Therefore our motto: MONEY HACK and cheerfully at that. Our drugs and other goods are all A1. Our prices are just. When you trade with us you will get full satisfaction or your money back.
