

CUSTER COUNTY REPUBLICAN.

ESTABLISHED 1882. THE OFFICIAL PAPER OF CUSTER COUNTY. LARGEST CIRCULATION OF ANY PAPER IN THE COUNTY.

VOL. XXIV.

BROKEN BOW, CUSTER COUNTY, NEBRASKA, THURSDAY, OCTOBER 19, 1905.--EIGHT PAGES.

NO. 19.

A NICKLE.

A nickel isn't five cents, when one is speaking of clocks; it will take twenty of your nickles to buy one of ours—with an alarm and guarantee "thrown in." Our nickel alarm clock at a dollar makes faces at the poor trash sold in some stores for less money. Ours does not have soft pinions and a case as thin as tin. The difference in the price is in the clock, and in the subsequent price of keeping it going. Our stay good, and that's worth considering.

LOCAL MENTION.

Mrs. Ama Foote of Dunning, arrived in the city Tuesday on a visit.

Ben Becheler and wife of Callaway, were city visitors Tuesday. They remained over night and attended the opera.

W. J. Clay and daughters, Esther and Myrtle, visited Anselmy Monday. The girls will remain in a few days to visit relatives.

The Portland Exposition closed last Saturday night. The stock holders will receive a dividend of from 30 to 40 per cent on their stock.

W. W. Bishop and P. L. Metcalf, accompanied by their wives left last Thursday on a weeks visit to Brown county. They went with team and wagon.

Miss Marion Titus of Fremont, is here visiting the Misses Zeda and Zin Grant, whom she has not seen for sixteen years. She expects to start a tailor's school in the near future.

I. N. Marquis, who sold his ranch interests to Will Frey has moved to the city. He has not fully determined just what he will do yet but is thinking of going to some live western town and go into the hardware business.

G. R. Russom of Custer Center, is planning to build a large frame house yet this fall. The dimensions are 30x44, 18 foot posts for the main building, and two additions, one 16x20 the other 14x20. C. A. Chapin will have charge of the work.

H. H. McCorkel, a former resident of this city, spent the latter part of last week here renewing old acquaintances. Mr. McCorkel has been located at Salt Lake for the past six years. He is traveling for a wholesale house at Kansas City.

During their demonstration sale last week the firm of Rockwell & Konkol sold fifteen majestic ranges, thus breaking the record in the number of sales effected in the same length of time in Broken Bow. It is a record over which they are justifiably proud.

The Chase-Lister Co., opened a three nights engagement at the Opera House last Monday night and delighted the theatre-going public in each of their plays. Manager Groat has thus far been fortunate in securing a high class opera talent and is being highly commended for his efforts and success.

Will Frey, who has been making his home at DeQueen, Ark., for several years, where has had charge of the Dierks railroad and other business, has returned and taken charge of his ranch south of town. He bought I. N. Marquis' interest in the stock and grain and will hereafter look after the business in person. The REPUBLICAN extends a welcome to Mr. Frey and family.

J. E. Holcomb Accidentally Killed At Seattle.

Joseph E. Holcomb, who until a year ago had been a resident of this vicinity was run over on the railroad in Seattle, Washington, Tuesday and killed.

His remains will be shipped from there today, to this city for burial.

The sad news of this accident was telegraphed to his brother, C. H. Holcomb of this city, yesterday morning.

The deceased had been a resident of this vicinity fifteen or twenty years, prior to a year or more ago when he sold out and moved with his family to Oklahoma, where he located. He was probably at Seattle visiting his mother and sister, Mrs. L. E. Kirkpatrick.

He was a man universally respected by all who knew him. He carried insurance in the M. B. A. and Woodman. In the former he carried \$1,000 and in the latter \$2,000.

Good Oats.

John Wehling of the West Table, informs us that he had thirty-four acres of oats that had stood in the shock three months which averaged 87 1/2 bushels to the acre. If anyone in Custer county can beat that let us hear from him.

It would seem as though winter is fast approaching.

J. L. Walker of Walworth, was a city visitor Monday.

John Sargent of Garfield township, was a welcome caller at this office Tuesday.

F. H. Young returned Tuesday morning from Anselmo, where he had been looking after his bank interests.

S. K. Warrick of Alliance, spent Monday and Tuesday in the city in charge of the Broken Bow State Bank, while J. M. Kimberling made his regular visit to Merna to look after their bank interests.

High School Commercial Course.

At a meeting of the school board Monday evening of last week it was decided to add a commercial and normal course to the Broken Bow schools. Since the discontinuance of the Business and Normal college it has been quite freely suggested that something to take its place ought to be established in our city, and after considerable investigation and study the school board has decided to supply the want by adding a commercial and normal course to the public school.

The commercial course will be opened November 6, under the instruction of Mr. Chester E. Huff of Central City, a very competent teacher and the course will be open to all pupils of the Broken Bow district who have passed the 8th grade, but no pupils who are at present attending school in any grade above the 8th, will be allowed to enter the commercial course until the beginning of the next school year.

The normal course will not be put in, it is thought, until the beginning of the next school year.

Being a part of the public school system and under the jurisdiction of the school board, these new departments will be as permanent as any of the other grades in the public school, and it will place within the reach of every boy and girl the opportunity to take an up-to-date business or normal course right at home. There will be no tuition for pupils of the Broken Bow district, but a reasonable tuition fee will be charged for those outside of the district. It is the intention of the board to make the course in both commercial and normal departments as complete and thorough as possible, so that graduates from either will have something to show for their time and money expended.

For young men and young ladies in the country who desire to prepare for business or teaching, this will afford a splendid opportunity to take an up to date business or normal course of study at a very moderate cost, and a special effort will be made to accommodate and take care of all outside students who wish to avail themselves of this opportunity.

All inquiries relating to these courses should be addressed to L. H. Jewett, secretary of the school board.
