The editor of the Republican visited Merna Tuesday, the first time in several months. We were very much pleased to see improvements made there the past season. A number of new dwelling houses as well as business houses have been built and an air of business prevailed the town. Two new hotels and a new elevator were among the most prominent buildings. We found there Ryerson Bros., of Broken Bow, a well arranged store of general merchandise, presided over by Morris Ryerson and Miss Lettie Sims. They report a good business. Their store is located in the Abram block, a fine two story structure built this season in which is the Abram Hotel. We called on E. M. Coleman and found him busy in the hardware business getting stocks ready for his customers. G. R. We called on Mr. Manning, manager of the Dierks Lumber Co., and found him busy measuring out lumber to customers. He reports business good. John Haney, who looks after the business of Wilsons large grain elevator, we found to be the same genial John and he reports the grain trade good.
