DEATH OF A KINC

HEAD OF DANISH GOVERNMENT PASSES AWAY.

THE END COMES VERY SUDDENLY

Story of His Demise Concisely Told in a Bulletin Issued-Ascended the Danish Throne November 15, 1863-Was Nearly 88 Years Old.

COPENHAGEN, Denmark - Christian IX, the aged king of Denmark, dean of the crowned heads of Europe, father of King George of Greece, of Queen Alexandra of Great Britain and Ireland and of the dowager empress Maria Feodorovna of Russia, grandfather of King Haakon VII of Norway and related by blood or by marriage to most of the European rulers, died with startling suddenness in the Amalienborg palace Monday afternoon. The accession of his successor, Prince Frederick, his oldest son, who will be known as Frederick VIII, will be proclaimed tomorrow.

The following official bulletin was issued in the evening:

"His majesty died at 3:30 this afternoon. After his majesty had brought this morning's audience to a conclusion he appeared to be quite well and proceeded to luncheon, as usual. Toward the end of the meal he gave evidence of indisposition and was compelled to retire to bed at 2:30 p. m. His majesty passed away peacefully, the symptoms indicating heart failure."

This bulletin tells concisely the story of the death scene, which found everyone, even those who realized the increasing feebleness of the king, unprepared for the sudden shock.

The death of King Christian has plunged half the courts of Europe into the deepest mourning and brought a sense of political loss as well as sincere grief to everyone throughout the kingdom of Denmark, reaching even to the humblest cottage, evidences of which are shown everywhere. It has cast a pall over the palaces of the monarchs of Great Britain, Russian, Norway and Greece.

King Christian IX was born April 8 1818, and ascended the Danish throne November 15, 1863.

King Christian appeared to be in his usual health this morning. After taking breakfast he held a public audience which it has been his custom to do every Monday morning. The reception was largely attended and his majesty conversed freely and affably with a number of officials and other persons When the function was over the king, though appearing to be slightly fatigued, attended luncheon with the members of his family, among whom were the dowager empress of Russia and his brother, General Prince Hans. During the meal his majesty complained of indisposition and was assisted to his bedroom by the dowager empress and Prince Hans. A court physician was summoned, but by the time he arrived the king had collapsed.

WARE IS CONVICTED.

South Dakota Clergyman is Guilty of Conspiracy.

OMAHA-"Guilty, as charged in the indictment excepting the eight count of the first indictment," was the verdict of the twelve men who had been trying for the last fourteen days Rev. George G. Ware, rector of the Episcopal church of Lead, S. D., president of the U. B. I. Land and Cattle company of Hooker county, Nebraska, jointly indicted with Frank W. Lambert and Harry Welsh for alleged conspiracy in

securing fradulent filings for the purpose of defrauding the United States out of title to some 20,000 acres of land within the U. B. I enclosure.

The penalty in such cases is two years' imprisonment and a fine the maximum of which is \$10,000.

The jury went out at 10:25 Friday morning and reached its verdict at 3:20 Friday afternoon. Fifteenth minutes later the jury filed into the courtrom, the interim being reserved to notify the defendant and his attorneys, T. J. Mahoney of Omaha and Henry Frawley of Deadwod, S. D., who were waiting at Mr. Mahoney's office in the Paxton block for the verdict. Special District Attorney Rush, who prosecuted the case, was already in his office in the federal building.

Ware's old bond of \$5,000 holds good until he is sentenced.

Defense Seeks New Trial.

Immediately upon the announcement of the verdict of guilty Mr. Mahoney asked leave of the court to prepare a motion for a new trial and Judge Munger said:

'Will the latter part of next week do? If so I will give you until that time and further action will be suspended in the meantime." Mr. Mahoney replied, "We will have

the motion ready at that time."

SLAIN BY COACHMAN.

Wife of Los Angeles Multi-Millionaire Killed by Discharged Employee. LOS ANGELES, Cal.-Mrs. A. C. Canfield, wife of Multi-millionaire and Oil Magnate C. A. Canfield, and a prominent society woman of Los Angeles, was shot and almost instantly killed, while sitting on the front porch of her residence. Her slayer was Morris Buck, a former family coachman, who is in custody. According to his own story. Buck wrote to Mrs. Canfield, soliciting an interview and demanding the payment of a large sum of money, which he claimed to be due him. He said his letter received no response and he determined to seek a personal interview with Mrs. Canfield. He arrived at the Canfield mansion about 5.40 o'clock in the evening and found Mrs. Canfield sitting on the front porch. When he made his demand for cash she ordered him off the porch. A servant of the household started toward him, and Buck drew a pistol from his pocket. Mrs. Canfield grabbed the pistol and attempted to wrest it from him. PROBABLE STRIKE

THREATENS TO BE GREATEST IN HISTORY.

MINER'S REJECT WACE OFFER

Permission Will Not Be Given for Districts to Sign Separately-The Convention Provides for Raising a \$6,-500,000 Strike Fund.

INDIANAPOLIS, Ind .- The rejection of the counter proposition offered by the coal operators of the central competitive district by an almost unanimous vote of the national convention of United Mine Workers and the adoption of a resolution offered by Secretary W. D. Ryan of Illinois placing the miners on record as a unit in refusing to sign an agreement for any district until an agreement was signed for all districts under the jurisdiction of the United Mine Workers has created a situation which in the opinion of the officials of the miners' organization will result in a disruption of the joint agreement and possibly one of the greatest strikes of organized labor the country has ever known, beginning April 1.

The action was taken during a called session of the mine workers' national convention, which was called to order immediately following a short session of the joint conference of the operators and miners, during which the joint scale committee reported that it had been anable to reach an agreement on any of the principal questions involved and after F. L. Robbins of Pittsburg. floor leader of the operators, has replied to President Mitchell's question that the operators had no further proposition to lay before the miners, concluding his remarks with the statement that if there was to be an interruption of the joint agreement he wished the responsibility for such a severance of relations to be placed upon the miners.

The counter proposition submitted by the operators, which was said to be their ultimatum, provided for the signing for another year of the present wage scale with certain modifications to reimburse the Illinois operators for expense incurred under the "shot firers" bill now effective in that state. Immediately following the rejection

of the operators' proposal the convention set about to provide means for accumulating a strike fund of \$6,500,000 in addition to a like amount now on deposit in the international, district and sub-district treasuries of the miners' organizations.

To provide for an emergency, Secretary Wilson moved that a per capita tax of \$1 a week be voted and that all districts take care of the dependent miners within their jurisdictions for at least six weeks. He said after that time he believed the international would be in a position to take care of the miners. After the motion had

RATE BILL IN THE SENATE. Question of Appeal to Courts Basis of Division.

WASHINGTON .- The division in the senate over the railroad rate bill seems now to hang upon a question of appeal to the courts from the decision of the interstate commerce commission when it fixes a maximum rate. The house bill and the Dolliver-Clapp bill in the senate provide for no appeal, leaving it to the railroad companies to take any case into the courts under the present laws. The opponents of the house and similar bills insist that the right of the railroads to an appeal in every case of which the commission fixes a rate must be given. A review of the action of the commission by the courts is the main contention, and it appears that the rate fight is to be made on these lines.

CUT ON CORN RATES TO THE SEABOARD

CHICAGO. - Announcement made by the Wabash railroad that, commencing February 1, that road would put into effect a carload rate for export corn of 23 cents from the Missouri river to Boston and New York and 22 cents to Philadelphia, through Chicago and St. Louis, with translt privileges. These figures will include the cost of loading on vessels. For several months the rate has been 27 cents, with an added loading charge, despite the efforts of the Chicago and St. Louis grain merchants to bring about a settlement of the rate difficulty which developed between the eastern and western railroads last year. The eastern roads all along have refused to join with the western roads in dividing the difference between the local rate as an expert rate.

THE SIXTH BATTERY IN COOD CONDITION

WASHINGTON-General M. Lee, commander of the department of Texas, in a reply to the war department's request for information concerning the condition of the Sixth battery of field artillery which recenetly made a long march from Fort Riley to Fort Houston, says he made a personal inspection and found men and horses in good condition. The general savs:

"The statement that the men were a sorry appearing set, their "clothing in tatters,' that 'the men were haggard and lean' and that 'the horses resembled moving skeletons,' is sensational, misleading and without substantial foundation."

ENGLAND IS WARNED

FACIAL PARALYSIS FOR NEW MARKET

Nervous Distortion of Face Cured by Dr. Williams' Pink Pills.

What appears to be a slight nervous attack may be the forerunner of a severe disorder. No nervous sufferer should neglect the warning symptoms, but should see that the starved nerves are nourished before the injury to the delicate organism has gone to an extent that renders a cure a difficult matter. The nervesreceive their nourishment through the blood, the same as every other part of the body, and the best nerve tonic and food is Dr. Williams' Pink Pills. The experience of Mr. Harry Bemis, of Truthville, Washington county, N.Y., substantiates this.

"I had been feeling badly for a long time," said Mr. Bemis, "and in the early part of September, 1902, I was compelled to quit work on account of my ill health. My trouble was at first extreme nervousness, then my sight became affected and I consulted an oculist who said I was suffering from paralysis. He treated me for some time, but I got no benefit. I tried another doctor and again failed to obtain any relief. My nervousness increased. Slight noises would almost make me wild. My mouth was drawn so I could scarcely ent and one eye was affected so I could hardly I had very little use of my limbs, in fact I was almost a complete wreck. "I am all right now and am at work. That is because I followed my wife's advice and took Dr. Williams' Pink Pills. She had used the same remedy herself

with the most gratifying results and she persuaded me to try them when it appeared that the doctors were unable to help me. They acted very surely in my case; my face came back into shape and in time I was entirely well."

Dr. Williams Pink Pills are sold by all druggists or by mail by the Dr. Williams Medicine Co., Schenectady, N. Y. A booklet on Nervous Disorders sent free on request.

W. A. GARDNER AGAIN PROMOTED

General Manager of the Northwestern is Made a Vice-President.

Chicago, Jan. 21st .- Announcement has been made to-day of the promotion of General Manager William A. Gardner of the Chicago & Northwestern railroad to be a vice-president of the road. This is another chapter in the steady rise of Mr. Gardner since he first entered the service of that road in 1878 as a telegrapher.

Other changes have been made among the vice-presidents of the road, who are now four in number, and each has charge of a certain department of the administration of the road's affairs. According to the slate posted they are as follows: Hiram R. McCullough, in charge of freight passenger traffic; William A. Gardner, paign of warning to the country ren charge of the operation main tenance of the railway of the company and of its proprietary railways; Marshall M. Kirkman, in charge of receipts and disbursements, and John M. Whitman, in charge of location and construction of new lines. William A. Gardner was born in Gardner, Ill., March 8, 1859. Since 1878 he has held many positions with the road, until Dec. 1, 1900, when he was appointed general manager.
