## Absolutely Pure

**DISTINCTIVELY A CREAM OF TARTAR BAKING POWDER**

#### Help for the Japs.

Our President regards the suffering of over 2,000,000 people of Northern Japan to be of such a serious character that he has sent out to each of the Governors of the States an appeal to the American people for aid to relieve these starving people. Governor Mickey in harmony with this appeal has issued a proclamation calling upon all the people of Nebraska to make generous contributions for these suffering Japanese. Certainly this cry for help, coming to us from men who so recently commanded the admiration of the world by their endurance and bravery on the battlefield will meet a very liberal response from all classes of the prosperous people of the state. Only money contributions can be handled and these under the direction of "The National Red Cross Society." F. M. Sisson, Chaplain of the First Regiment, Nebraska National Guards, has been appointed to take charge of the cause in Nebraska. He will receive all money, and will forward to the National Red Cross Society, sending a receipt to each individual contributing to the fund. His address is, F.

M. Sisson, 2216 N St., South Omaha, Nebraska.

May we suggest this worthy cause might be presented by all the superintendents and teachers in our public schools of our state, thus awakening in the rising generation a response to the call of suffering humanity as broad as the world. Will the Preachers throughout the state, as well as Sunday School Superintendents, present this cause to their congregations at as early a date as possible.

Let Civic Orders respond as their organizations will allow.

Let every Business man talk it and let every individual do at once what is possible and our great state will stand among her sister states well up to the front.

F. M. SISSON,  
2216 N St., South Omaha, Neb.,

#### Communication.

Editor REPUBLICAN:

"Home trading pays every man who follows it; it saves money in the long run, and then many times he gets back some of the money he spends, while if it is sent away all chance is lost of participating again in its benefits. Build up your town by purchasing of the home merchants."

The foregoing was published in the REPUBLICAN last week and it's all true. Furthermore, what inducement is there to a home merchant to have and maintain a good, clean, well built, well painted store building, and well conducted business, unless he can have a business that will give him sufficient profit to pay taxes and other expenses necessary to maintain and improve his property and conduct his business in decency? If business is to come from mail order houses such as Sears Roebuck & Co. and Montgomery Ward & Co., why not do away with all the towns, villages, postoffices, etc? Cancel the village charter, quit business; send all our money away from aome—to Chicago or any other large city; join the R. F. D. route and be happy.

If the merchants cannot sell their goods and get a reasonable profit—  
How can a town exist?  
How can a school exist?  
How can a hotel exist?  
How can a commercial traveler exist?

How about home merchants selling goods on time and the same people who ask the home merchant for time send their cash to the mail order houses for goods. Is there any sense or reason in this?

Suppose there was no market for eggs, poultry, butter or any other dairy or farm product? Then what?  
E. F. G.

## A Food to Work On

Work! Work!! Work!!!

Lots of energy is needed to keep up the pace. In the struggle, the man with the strong body and clear brain wins out every time.

The man of to-day needs something more than mere food; he needs a food that makes energy—a food to work on.

Although some people may not realize it, yet it is a fact, proved and established beyond doubt, that soda crackers—and this means **Uneeda Biscuit**—are richer in muscle and fat-making elements and have a much higher per cent. of tissue-building properties than any other article of food made from flour.

That this is becoming known more and more every day is attested by the sale of nearly 400,000,000 packages of **Uneeda Biscuit**, the finest soda cracker ever baked. An energy-giving food of surpassing value—sold in a package which brings it to you with all the original flavor and nutriment perfectly preserved. *Truly the food to work on.*

Whoever you are—whatever you are—wherever you work—**Uneeda Biscuit.**
