Passes Away.
SHEPPARD—Monday, March 12, at 11 a. m., Mrs. Grace Sheppard, wife of F. L. Sheppard, of the firm of Sheppard & Burk of this city, aged 26 years, 6 months and ten days. The news of her death came with a shock to the people of Broken Bow as but few knew that she was sick. She was a strong healthy woman. She had an attack of LaGrippe from which a complication of diseases followed, but her condition did not become serious until Friday before her death.

She is the daughter of Mr. and Mrs. C. H. Kennedy, formerly proprietor of the Commercial Hotel and was born at Brownville this state. As she had resided in this vicinity from childhood she enjoyed an extensive acquaintance and the esteem of a large circle of friends.

She was married October 16, 1898, to L. F. Sheppard. To this union were born two children the oldest having died in infancy.

She leaves one child, a little girl about three years old, besides husband, father, mother, two brothers and one sister, they are H. F. and Will Kennedy and Mrs. Miller of Omaha. At this writing the date of the funeral has not been fixed owing to the delay in getting word to her brother, Will, who lives 65 miles from the railroad in S. D. He is expected on today's train.

The funeral will be held in the M. E. church conducted by Rev. W. H. D. Hornaday of Shelton who performed the marriage ceremony for them about seven years ago. Floral tributes have been provided by the ladies aid society of the M. E. church and the Royal Highlanders of which she was a member.

The REPUBLICAN extends to the bereaved relatives the sincere sympathy of the community in their great bereavement.

Sold a Car Load of Short Horns.
Dr. J. G. Brenizer who has established quite a record for his herd of Short Horn cattle sold a carload of bulls Monday which are to be shipped to a ranch at Ogallala, this state. Last year he sold a load of bulls which were shipped to Alliance. As the two points are 300 miles apart it would indicate that Mr. Brenizer is getting his stock introduced in a wide range of territory and that he will soon have to increase his herd in order to supply the demand. Mr. Brenizer takes great pride in keeping his herd of Short Horns up with the best the country affords.

Herbert I. Myers Honored.
According to the Nebraska State Journal of March 2, Herbert G. Myers, of Broken Bow, now attending the State University at Lincoln, has been elected editor-in-chief of the Cornhusker, the new annual publication of the University. The Cornhusker will hereafter be published by the Junior and Senior classes jointly. It is a consolidation of what has previously been three class books, comprising the Sombrero, the Senior Annual and the Annual of the College of Law.

Mr. Myers will be the first editor of the book. The first issue will appear in April 1907. It will be a book of about four to five hundred pages and will contain the pictures and short write-ups of all members of the Junior and Senior classes next year. Also "jokes" on the students and faculty and general information concerning the University organizations.

The plan for the publication of the book provided that the president of the Junior class should nominate the editor and the nomination to become valid had to be ratified by a majority vote of the Junior class. Mr. Myers was, therefore, not in position to be nominated since he is now president of that class. However, the class seemed determined that he should edit the first issue of the book and passed a resolution compelling him to nominate himself for the position and allow his own name to be voted on by the class along with that of his nominee. As a result of this action he was elected editor by a two-thirds majority. The editorship of the Corn-

husker is the greatest honor within the bestowal of the student body of the University. It is a testimony not only of Mr. Myers' editorial ability but also of the confidence which the students of the University place in him.
