Candidates are Declaring Themselves.

We notice that in some of the districts candidates for the legislature are announcing their position on railroad legislation.

If this is to be the campaign of candidates for the legislature would it not be well that the candidates for the state executive offices be required to place themselves on record on these questions?

No candidate for any of the state offices should be considered available timber unless he is in accord with the people and is not afraid to declare himself on the questions at issue.

There is a good deal of pleasure in reading the notices that have and are still being published concerning the life of Marshall Field. He was enormously wealthy and commencing as a poor boy he had accumulated the property himself, but in all the comments there is no insinuation but what he honestly obtained these riches and he used them without ostentation.

No state in the Union has as many good tillable acres of land, in proportion to its area, as Nebraska. Already the state is taking the lead in agricultural products, although only a portion is under cultivation.

Some joker of a butcher down in Washington tried to palm off an artificial mutton chop on Dr. Wiley, the head of the pure food department of the government. It didn't work, but this is no worse than is attempted on the public whenever the pure food law is not enforced.

State Treasurer Peter Mortensen has declined to be a candidate for governor on the theory that the constitution makes him ineligible of being a candidate for a state office while holding one.

Since three of the would-be candidates for governor are practically out of the race for lack of constitutional qualifications it would indicate that the chances for John Wall are growing brighter.

The Globe Hotel will Move.

Jas. Sloggett, proprietor of the Globe Hotel informs us that he has purchased ground just south of the B. & M. water tank on which he intends to move the Globe hotel this spring.

Railroad Rumbblings.

A corps of nineteen Union Pacific surveyors are still at work north of Gandy and reports are current that this proposed line will extend from Callaway to Bridgeport.

Another route is also suggested which is from Columbus by way of Fullerton and Loup City to Arnold by the way of Broken Bow to connect with the K. B. & H. R. R. which will shorten the route from twenty five to fifty miles over the other proposed route.

ANOTHER NORTH AND SOUTH ROAD PROJECTED.

Canadian, Southern & Gulf Railroad.

The Gettysburg, S. D. Herald, of March 15, states— "That articles of incorporation were filed here tonight for the Canadian & Southern railway with a capital stock of \$50,000,000 and head quarters at Pierre, S. D., and a branch office for business at New York City."

"This line is to run from Winnepeg through North and South Dakota, Nebraska, Kansas, Oklahoma and Texas to Galveston. It is to cross the Missouri river at Pierre, S. D.

"The incorporators are A. E. Hill, of Galveston, Texas; P. E. Galligan, of Highmore, S. D. A. P. Sawyer, Delias Jacobson and other Pierre parties.

"The same parties filed articles with a capital of \$30,000,000 for the American Construction Co. for the building of the road."

The map shows Pierre to be a little west of north of Broken Bow which would place Broken Bow in a direct line with a feasible route to Galveston.

This may be the northern end of the Saline Kansas railway project, of which we made mention some two weeks ago, that was projected to north-western Custer County.

The Union Meetings.

Evangelist Lincoln McConnell and singer Loren Jones, are meeting with great success in drawing crowds. They have a chorus of about 100 voices well organized also two pianos, presided over by the Misses Wolcomb which furnishes splendid music at each session.

It was estimated that 1,200 were in attendance Tuesday night. No such crowds at religious services have ever been seen in Broken Bow before.

Rev. McConnell is a very able and logical reasoner yet so simple that the school girl can understand. As yet no call for seekers have been made but a growing interest is being manifested.

John M. Thayer Passes Away.

Gen. John M. Thayer, who has been a prominent figure in Nebraska since 1854, passed away Monday night at his home in Lincoln. He passed his 86th birthday the 24th of last January. He was born in Bellingham Mass., Jan. 24, 1820.

He was brought up on a farm and attended district schools during the winter. When old enough he taught several village schools in his county and afterwards graduated at Brown University in 1841. He studied law at Worcester Mass., and in 1854 moved to Nebraska Territory and was admitted to the bar in Omaha, but instead of entering upon the practice of law, he engaged in farming.

The first territorial legislature commissioned him Brigadier General in command of the forces levied against the Indians. The next legislature made him Major General. At the outbreak of the Civil War Gen. Thayer applied to the secretary of war, asking that one regiment be assigned to Nebraska, which was granted. He raised the full regiment of 1,000 men and was commissioned Colonel of the first Nebraska Volunteers and

immediately reported with his regiment to General Fremont at St. Louis. From there he was sent to reinforce Gen. Grant at Pilot Knob.

Gen. Thayer was made Brigadier General for valiant service at the battles of Donalson and Shilo. He served through the siege at Vicksburg under Grant. He was a member of the first constitutional convention of Nebraska. He served one term in the United States Senate for Nebraska and was a member of the Senate that had the impeachment trial against Andrew Johnson. He was twice elected Governor of the state and served for a short time on the third term while the eligibility of Gov. Boyd was being settled by the courts. He was also Governor of Wyoming territory 1875-9, appointed by President Grant. His career in the state of his adoption was one of distinction and honor in which the state of Nebraska may well feel proud.

He leaves two sons, George Danna Thayer, a resident of Meeker, Colorado, and John M. Thayer, Jr., of Illinois. Neither of his sons were able to reach him until after his death.

A Fund for the Japs.

We have been requested to receive contributions for the Japs in response to the appeal of our President to the citizens of the United States and the proclamation of Gov. Mickey, calling upon the people of Nebraska to make generous contributions for the 2,000,000 suffering people in northern Japan.

In order that the people of Broken Bow and vicinity may have an opportunity to contribute to this call for help the REPUBLICAN will receive such contributions that any may be disposed to make and forward the same to F. M. Sisson, Chaplain of the First Regiment, Nebraska National Guards, at South Omaha, who has been appointed to take charge of the Nebraska contributions.

From week to week we will publish the names and amounts contributed—if a sufficient response justifies it.
