

CUSTER COUNTY REPUBLICAN.

ESTABLISHED 1882. THE OFFICIAL PAPER OF CUSTER COUNTY. LARGEST CIRCULATION OF ANY PAPER IN THE COUNTY.

VOL. XXV.

BROKEN BOW, CUSTER COUNTY, NEBRASKA, THURSDAY, JULY 26, 1906.--EIGHT PAGES.

NO. 7.

Many a \$20 Watch

is of no use because it needs a dollars worth of repairs. A watch in that shape represents money that isn't working, and money that doesn't work doesn't do its full duty.

If you own a helpless, useless timepiece, why don't you bring it in to our repair department.

We are perfectly equipped to change it into an article that you can again depend upon.

Of course we charge for this service according to the extent of the repairs that are necessary. But in any event the amount will be small, very small, indeed, compared with the advantage of having a "stopped" watch turned into a reliable timepiece.

Ryno Rumbings.

Bert Conley, an old resident of Ryno, was visiting relatives and friends last week.

C. H. Landreth had quite a sick spell a few days ago and had to have the assistance of the doctor.

George Pelkey is poisoned so bad with poison ivy that he is unable to get around. He declares that he will pick no more berries.

C. E. Conley left last Friday for Omaha with his daughter, Minnie, who has to undergo a surgical operation.

Lightning struck and killed four horses tied to a wagon, near Lodi. The owner, Mr. Pierce, was working on a binder near by but was not injured.

About 1 inch of rain fell at Ryno, along the South Loup and adjacent territory last Friday and everybody feels better.

Christian Church.

Lord's Day program.
Bible School..... 10 a. m.
Preaching..... 11 a. m.

Y. P. S. C. E..... 7 p. m.
Preaching..... 8 p. m.

Sermon topics, July 29:
Morning, "God's Love for the World." Evening, "All Things New." You are cordially invited to attend all these services.

"Come thou with us and we will do the good."

A. J. HARGETT, Minister.

Twenty-three Years Ago.

The following items were published in the REPUBLICAN 23 years ago:

D. M. Amsberry, county superintendent of schools, published the institute program, which included J. A. Armour, of Westerville, for an address on the "Nebraska School System."

"In a recent issue the matter of starting a brick yard was mentioned. This week we can assure our readers that it is a reality, as work has been commenced in the bluff south of town, and by the end of next week brick moulding will be in progress. The first kiln will contain 100,000 and it is hoped to burn three or four kilns before cold weather sets in."

"School closed Wednesday of last week and the term has proven a successful one for the scholars and highly creditable for the teacher, J. J. Brown."

"Wild raspberries, grapes and gooseberries are ripe and plentiful where they were not burned out in the spring."

Postmaster General Gresham advertised for proposals "for carrying the United States mails from Loup City, via Huxley, Algernon, Janesville and Guilford, to Broken Bow, 55 miles, two times a week each way, by a schedule of six hours running time each way."

"The report of J. J. Brown, teacher of the Broken Bow school, reports for the month ending July 18, a total of 38 enrolled—females, 18; males, 20."

"Chas. Penn is on his way from New Mexico with 2,700 ewes and their lambs and will probably reach Custer county about the middle of August."

A notice of final proof was published by G. E. Cadwell, the testimony to be taken on July 28th at the U. S. Land office at Grand Island, 80 miles, which was the nearest one at that time, and no railroad. His witnesses were Moses Lewis, Edmund King, Mark King and Joseph Reynolds.

Burglars in Broken Bow.

By prying open a window a man gained entrance to the residence of Register of Deeds John T. Woods, in the southwest part of town Monday night, but his attempt to burgle was frustrated, although he was wearing his bare feet. The little girl heard his steps and called: "Papa, is that you?" Mr. Wood heard her and, not thinking that bold, bad men existed in Broken Bow, answered, "Yes," and they again went to sleep. Not so, however, with Mrs. Woods and in a few moments she heard gentle foot steps in an adjoining room. Quietly arising she proceeded to the apartment from whence emanated the sound and there she beheld the marauder. He noted her appearance in the door and evidently did not care for an introduction as he bolted for the open window with the lady after him, but made good his escape. Nothing was lost except a crock of milk which the visitor overturned in his effort to make a hasty exit.

Broken Bow Gets the M. B. A. District Convention.

We learn from S. S. Hayman, State Manager of the Modern Brotherhood of America, that the District convention of the Sixth Congressional district will be held at Broken Bow in September. This convention is made up of delegates from the subordinate lodges in the Sixth district, which includes 34 counties. At these district conventions delegates are elected to the Supreme convention.

The Supreme convention will be held this year in Omaha beginning October 10.

In order to get in shape to present Broken Bow lodge in the best possible shape while our visitors are with us it is desired that every member that possibly can attend the next regular meeting which is Friday night, July 27th, to plan for the reception of the delegates. Broken Bow has the banner lodge in the state for membership and it stands us in hand to show the delegates the best time of their life.

Marriage Licenses.

Judge Humphrey reports business very quiet in the marriage license department, only five having been issued since the 10th inst, as follows:

Name and residence.	Age.
Carl J. Lee, Round Valley.....	25
Mary Thomson, Elton.....	18
John F. Baker, Ortello.....	35
Callie Winston, Merna.....	19
O. C. Anderson, Anselmo.....	23
Eva Johnson, Anselmo.....	20
Verni Shipley, Callaway.....	22
Elsie Shannon, Callaway.....	22
Geo. D. Arnup, Tecumseh.....	24
Clara L. Zutavern, Dunning.....	24

Republican Resolutions.

The following was unanimously adopted at a caucus held July 21, 1906:

We, the republicans of Westerville township, Custer county, Nebraska, do hereby reaffirm our principles in the republican party.

We endorse the patriotic and fearless administration of President Theodore Roosevelt in his efforts to insure justice among men.

We commend our able state and county administrations.

We favor the passage of an anti-pass law.

We favor a reduction and the proper regulation of freight and passenger rates in the state.

We favor an amendment to the constitution providing for an elective railway commission. DON R. LUTCH, Clerk JOHN SCOTT, Chairman.

Fences Must Come Down.

In the Federal court Monday afternoon, at Omaha, seven suits were filed to compel ranchmen in the western part of the state to move unlawful fences and to enjoy them permanently from maintaining illegal inclosures. It is alleged in the petitions filed in these seven actions that the defendants have unlawfully fenced 293,229 acres of the public domain in the counties of Cheyenne, Deuel, Sheridan and Cherry.

This is something frightful when one considers how many persons are deprived of their rights by a few wealthy cattle corporations. With this 300,000 acres of land reclaimed from them and open to entry many homes can be established in that section of the state. In the language of the poet: "Let the good work go on."

FARMERS!

Free Lecture

Prof. A. A. Hardy, of Lincoln, will deliver a lecture at the Broken Bow Opera House, on **SATURDAY, AUGUST 4th**, on

Hogs and Their Diseases

Prof. Hardy has made the hog and his diseases a study for over twenty years and it will pay you to come out and hear him.

Prof. Hardy has undoubtedly had more experience with hogs both sick and well, than any other living man. This lecture will be illustrated with a fine microscope capable of showing the bacteria and bacilli of different diseases. The Professor will talk on the following subjects:

Dust and Lung Worms, Diphtheria, Quinsy, Catarrh, Pneumonia, Typhoid Pneumonia, Putrid Erysipelas, Typhoid Enteritis, Diseases of the Stomach and Bowels, Constipation, Kidney Worms, Apoplexy, Intestinal Worms, Paralysis of the Hind Quarters, Palpitation of the Heart, Scrofulous Diseases, Rheumatism, Black Tooth, Mange and Carbuncular Forms of Diseases.

The Professor will also experiment on a pig and show the folly of a Guaranteed Sure Hog Cholera Cure.

This lecture is entirely in the interest of the farmer. Husbands are earnestly requested to bring their wives. Ladies and gentlemen from Missouri, wishing to be shown instead of told, attend this lecture and you will be surprised. Every person who has heard this lecture pronounces it worth its weight in gold.

Every person present is urged to ask any and all questions regarding hogs and their diseases.

The Professor will also show the folly of inoculation. What he has to say on In-breeding is the key-note to successful breeding.

Ladies, There will always be a lady in attendance to handle the microscope.

Spices | It's All In the Quality | Spices

J. C. BOWEN

Pickling Season is now on. To have excellent success buy your Pure Spices and Pure Vinegar of us.

These Spices and Vinegars will stand the test of all Pure Food laws.

THE MAN WITH A HOBBY

I confess to having a hobby and my hobby is to sell the best buggy that can be sold for the money and to give you a guarantee that if the buggy is not what I tell you it is I will fix it or refund your money.

I have my buggies made after my own specifications and I know what they are made of. By buying direct from the factory I am able to save 25 per cent over what my competitors pay for theirs and consequently am able to sell you a buggy from \$10 to \$20.00 less than they can possibly do. I have just received

Two Car Loads,

the latest effect of the factories, all bright and new. There has never been shown in Custer county as many buggies under one roof as I will show you if you come in. I have everything, carriages, surreys, road wagons, spring wagons, driving wagons, carts and buggies of all descriptions. In fact, I will show you over 100 different jobs.

C. S. MARTIN.

Sickles for all kinds of mowers, \$1.35 each.
