

Old-fashioned Paint

The good paint which lasted so well a generation and more ago, was simply pure white lead and pure linseed oil. Paint made of these two ingredients alone is just as good to-day as it ever was.

The only point is to buy a brand which you can rely on.

Red Seal or Southern Pure White Lead

(Made by the Old Dutch Process)

is guaranteed perfectly pure. It has the reputation of years behind it.

If your dealer will not supply you, it will pay you to write to us.

Lee Park Locals

E. A. Marsh went to Broken Bow last Sunday.

We are having ideal weather, although the nights are a little cool.

Jno. Belden started last Wednesday for Saline county to visit his parents.

School begins today at the Knight school under the tutorage of Miss Genie Todd.

On account of the low price of wheat many farmers will feed it to their hogs instead of marketing same.

This is State Fair week at Lincoln and some from here will attend to see the many exhibits there and probably some to see the Hon. Wm. J. Bryan, or the 16 to 1 advocate. If all the stands there pay as well as one soda fountain was reported from Arcadia which took in \$100 in one day, the fair will be a hummer.

We note the president has recommended and ordered in the U. S. printing office the phonetic spelling. As to our part we are not particularly infatuated with the new idea. However, we presume in time we shall have to fall in line but shall use the old rule: "Be not the first by whom the new is tried, nor the last to lay the old aside."

We are glad to hear the name of Mr. W. A. Rabourn has been mentioned by the citizens of this community as candidate for representative of Custer county on the republican ticket to our next legislature. We heartily endorse the name of Mr. Rabourn to the delegates of the republican county convention to be one of

our enterprising and foremost citizens and right up-to-date and no back number. He is the owner of one of the best improved farms and model homes on Clear creek. Mr. Rabourn is always busy attending to his own affairs and the many duties on his farm. Such is the kind of men we want to represent us in the legislature and one who does not aspire or seek the office and to one who has made a success for himself and shows it by what he has done. A large institution never looks for a head from one unless he has made a success for himself. Now Mr. Rabourn has made a success for himself which can be readily seen by looking at his home and surroundings and how things are kept up in shape and while he does not seek a public office we know if nominated and elected he would surely attend to the interests of the people in the best possible manner and we therefore hope to see him nominated and elected as our next republican representative of Custer county by a large majority.

Marriage Licenses.

The month of August is not on the calendar as productive of nuptial-knots, and when this fact is taken into consideration it will be acknowledged that the number of marriage licenses issued by Judge Humphrey last month is a pretty good one and shows that Cupid has performed his work admirably during the dull season causing the stork to smile complacently. Following is the list: Chas. E. Warden, Burwell...24

Every Niece and Nephew of Uncle Sam

should be deeply interested in what he has said about soda crackers, because they are the one food with which all of them are familiar.

Uncle Sam has given out figures showing that soda crackers are richer in nutriment and body-building elements, properly proportioned, than any food made from flour.

This is saying much for common soda crackers, and much more for **Uneeda Biscuit**, because they are soda crackers of the best quality. They are baked better—more scientifically. They are packed better—more cleanly. The damp, dust and odor proof package retains all the goodness and nutriment of the wheat, all the freshness of the best baking, all the purity of the cleanest bakeries.

Your Uncle Sam has shown what food he thinks best for his people. His people have shown that they think **Uneeda Biscuit** the best of that food, nearly 400,000,000 packages having already been consumed.

Herd Handed By.....

Chalmers Report No. 717035.

J. V. BRENZER, Breeder of

Pure Scotch and Scotch Topped Short Horn Cattle. My herd numbers 40 cows. Will compare in breeding and quality with any west of Chicago. My experience has taught me that to give good satisfaction, breeding cattle must be raised in the middle. I expect to raise them here the equal of anything raised in the U. S. I now have 22 bulls suitable for this and next year's service. My cows weigh from 1400 to 2000 pounds. Come and see them.
