

THE GREAT CUSTER + COUNTY + FAIR AND CARNIVAL, SEPTEMBER 25 TO 28, 1906, AT BROKEN BOW,

For many years recognized to be the best of all county fairs in Nebraska. It's past record for enormous crowds, splendid racing events, amusements, strong attractions and grand exhibits will be eclipsed this year. More money will be spent than ever before and more people will see this year's exhibition than were ever assembled on the fair grounds in Custer County's history.

The County Fair all Day and the Up-Town Carnival all Night

Will be on in all it's glory from Tuesday morning until Friday night. You cannot afford to miss it.

THE TROTTING OSTRICH.

This is positively the biggest attraction Nebraska has ever seen. This magnificent bird is driven to a sulky and is capable of trotting a half mile tract faster than any living trotting horse. It is the product of the famous Jacksonville, Fla., Ostrich Farm. It has been the wonder of hundreds of thousands of people who have seen it on the race track during the past few years and was secured at an enormous expense. This bird travels in an express car, attached to a passenger train and will exhibit in Broken Bow the two last days of the fair.

This is the Only Fair

That admits your teams free, that furnishes you tents, that gives you such a big program of continuous entertainment and amusement. A dollar buys a season ticket. Come and see the whole show. \$5,000 will be spent in showing you a good time.

SMALL AMUSEMENTS including Foot Races and sports of various kinds will entertain you.

THE SCHOOL EXHIBIT.

The schools of Custer county will have a grand exhibit of school work

THE RACES.

A long list of grand speed events. The races every day during the fair will be strong, hotly contested and exciting.

OPEN AIR ATTRACTIONS.

There will be more open air shows on the fair grounds and up town than were ever assembled, at any one time, in Central or Western Nebraska.

JEFFRIES-KING OF HIGH DIVERS

Jeffries, the diving dog, is another attraction which is among the marvels of the 19th century. This dog climbs a ladder sixty feet high unaided and at a signal jumps into a net.

Before Leaving Home get plenty of sleep, for you won't have time for anything but fun after reaching Broken Bow.

The Daring Balloonist.

The Balloon ascension, this year, will be the most marvellous ever seen in Western Nebraska. An ascension will be made on each day. The cannon act is the most daring feat in balloon work. A huge cannon is taken up in the balloon and when at a great height the aeronaut is fired into the air and descends in a parachute. This is a positive guaranteed attraction.

IT WILL BE A MONSTER JUBILEE

No money will be spared. No labor will be considered too great. Nothing will be left undone.

LIVE STOCK....

The cream of the blooded herds of the county have already secured space on the grounds. The live stock show this year will be grand.

PENNY SHOWER FOR THE CHILDREN.

BASE BALL.

Splendid games will take place each forenoon during the fair.

ATTRACTIONS.....

Are being added every day.

THE PIE CONTEST.....

Will be lots of fun.

TENTS FOR EVERYBODY.

Family tents will be provided and furnished with hay for all who apply for them by September 19th. You must notify the Secretary if you want a tent.

THE NIGHT CARNIVAL.

It will be a humer. Everything goes. You can make all the noise you want to. The streets will be filled with platform shows, attractions, mid air acts, bands of music and thousands of people. You may never have another opportunity to see such a big street fair and carnival as Broken Bow will show you this year.

THE FARM EXHIBIT

Will comprise the finest display of Grains, Grasses and vegetables ever placed on exhibitions in any county in Nebraska. 2000 exhibits already collected.

SPECIAL RAILROAD RATES HAVE BEEN SECURED.

W. A. GEORGE, President.

A. J. VAN ANTWERP, Secretary.
