## A Watch's business

Is a very exacting one. Its hours are from 7 a. m. to 7 a. m. seven days a week. It must do this year in and year out for years and years. And a GOOD watch will keep up this gait for a surprising length of time without missing a tick. About once a year it will need a little expert attention, and that is where WE come in. When your watch shows the least sign of varying, the quicker you get it to us the better. Our attention will be EXPERT

## CUSTER COUNTY CORRESPONDENCE

### West Union.

The roads are getting better. John Pfrehm went down near Sargent to do some carpenter work. Walter Hill moved onto the same place with August Pfrehm, near Sargent. Oscar Gunterson is hauling the lumber for his new house, which is to be a large one, 28x40, two story. The writer, under stood him to say that the bill is fourteen hundred dollars. There must still be cattle dying by the amount of hides still being brought to town. Mr. Harold, father-in-law of Clarence Williams, was in town Saturday. He says he is going to Ohio. Corn gathering will soon be of the past. George Marsh exchanged work with Zeka. Marsh hauls corn to Sargent for Zeka and Zeka hauls goods back for Marsh. James Abernathy and Plin Metcalf went to Sargent Saturday night. Alic Nelson went to Sargent Saturday, with his son, and stayed to the independent telephone meeting. He will come home with J. R. Rutton. George Ailshie has moved to town, occupying Grandma McClures house. Their daughter, Anne, has gone into the employ of the Independent Telephone company at this place. The outgoing operator, Mrs. Austin, has held the position three years with not too good pay. The way the work was let out this year is better, namely, for bids. There was a meeting called for Saturday, February 23, and at that meeting there was a bid made by Mrs. Wm. Pfrehm. That would have been the best, but the line or the different representatives could not see that it was to their benefit to do, so an adjournment was taken to Tuesday, February 26. At that time Miss Ailshie's bid was accepted and Geo. Marsh employed to make the change of central.

### Dry Valley.

Fred Smith has removed to his Kinkaid homestead and will soon commence the erection of a commodious frame house for which he has the lumber on the ground and only awaits the pleasure of his carpenters. It is reported that Harry Rittenhouse has sold his farm to M. F. Jarvis. This is a good farm and adjoins Mr. Jarvis present farm. Considerable complaint is heard about the amount of freight the country patrons of the Sargent freight office have to pay. Often extra freight is charged on the bill and again the weight is increased and again storage is charged on freight that the patrons have not been notified that is there. This will probably stop some day, very sudden. See. Mrs. H. Dunbar is quite poorly at the present writing, with pneumonia. We all hope she will soon be around again. The Dry Valley church will hold a box social at the school house soon. George Miller is visiting in Indiana at present.

### South Side.

Mr. Wood went to Sargent today. Mr. Stephens is husking corn. He has upwards of twenty acres to husk yet. I have found several that will vote against county division and I believe when the voting is on some of our neighbors will come with us. John Hargin will build a very large fine house in the spring. He is hauling pressed cement blocks for the foundation. Peter Jansosky is hauling pressed brick to build a fine frame house in the spring. This country is bound to be something in the near future. Tite Buckley has rented the John Whittenger place and will farm there the coming year. Ira Dye was visiting with the Charles Howland people. He must find something better and wiser there than at some other places. Charles Howland has a two year old colt that is registered to make a 2000 pound horse. He is a Percheon. Say Carr, can't you drop that Thaw jury a pointer advising them to clear Thaw and recommend the court to advise furnishing Thaw a gun to watch and kill every fellow that casts sheep's eyes at his wife. George Brown is wanting to hire a man to work for him, by the year, as Mr. Haden has left to take a preferable job. Our school is out and Frank Lovejoy is sending his two eldest children to West Union to school. They have a good school at West Union. Uncle Ben Predmore's health is not so very good this winter. He stays close to the house and takes care of his stock. Ernie Howland has hired out to Ben Stephens, to husk corn the rest of the winter.

### Union Hill.

Brown Sever is moving on the Emma Pfrehm place. Lee Leap bought some cattle from Mr. Deetle. W. Pfrehm shelled corn Friday of last week. Mrs. O. S. Pulliam was called away Thursday of last week to attend the funeral of a departed sister. Mrs. Pulliam has the heartfelt sympathy of all her friends and neighbors. Lawrence Pfrehm and Henry Doty went to the dance at Round Valley last Saturday night. Merl Doty's horse broke his leg last week by a fall on the ice. Della Sturms and a friend from Ohio visited with George Orvis and wife Wednesday of last week. Walter Hill moved to Sargent Saturday of last week. Mr. and Mrs. Pense, of Wyoming, visited with Mr. and Mrs. Wm. Pfrehm two days last week. Frank Doty took in the sights of Broken Bow last week. Jessie and Gertrude Marsh also went to Broken Bow last week. Will J. Pfrehm hauled lumber for Wm. Shiltwechter last week. There was quite a reunion of old neighbors and friends at Wm. Pfrehm's last Sunday. The names of those present are: Mr. and Mrs. Yetter and family and Mrs. Skinner, Mr. and Mrs. Beager and family, Grandma Beager, Mr. and Mrs. Henry Pointer and family, Mr. and Mrs. Henry Pfrehm, of Sargent. In the afternoon Mrs. Phelps and Mrs. Peters called in and Fred Peters, Mrs. Tarleton and Blanch. Most of the afternoon was spent in singing and visiting. All seemed to have a good social time.

### Weissert Warbles.

Quite a number of Weissert's young people attended the basket supper at Coburg Friday night. Revival meetings are in session at Rose Valley this week. Mr. and Mrs. Willis Goodner of Crescent City, Iowa, arrived here Wednesday and will work for S. Powell this summer. Grandpa Hornbeck, is very sick this week. Earl Pirnie expects to leave for Missouri next week. He has not decided whether he will return or locate permanently in the "Show me" state. Dr. Pennington was called to see Mrs. Erwin Jackson, Sunday morning, Mrs. Jackson's health has been very poor for some time. Mattie Foote visited Saturday and Sunday at Walter Bense's. Mrs. Elix Roy, who has been visiting at George Hilton's expects to return to Missouri this week. S. Powell expects to leave for the West soon. He intends to visit in Washington, Oregon and California before he returns.

### Ryno Ripples.

Riverside school district rejoices in the possession of a new frame school house, which is a decided improvement and takes the place of "old soddy," which has stood for years at Ryno. It was here that for several years was held the primaries for both political parties of Custer precinct. Geo. Herrick is still red hot after the coyotes. He bagged the thirteenth last Saturday, but we don't miss 'em. Everybody is busy shucking corn. George Logan, who has been on Ash Creek, husking corn, went to his home near Callaway, Sunday last week and found that during his absence some miscreant had entered and punched all his tinware full of holes, rendering them absolutely worthless, just what kind of a devil enters into the make-up of some curs who are called men is beyond all understanding and the whelps who perpetrated this malicious work would receive no sympathy from the community should his identity be discovered.

### Dunning Doings.

Rev. Lamm is again able to be around. He occupied the pulpit Sunday evening. Mr. Wilson's brother, of Lincoln, who has been visiting him, returned to his home a few days ago. Miss Eva Hellock left last Thursday morning for Billings, Mont. A number of her friends escorted her to the depot, and none could boast of dry eyes as the train pulled out with the one which the Dunning people truly admired for the past seven or eight months. Everybody wishes her a safe trip and speedy return. Ray Robison left last Saturday for Anselmo. Ray has been in Dunning but a short time but won many friends while here and his school master will especially miss him. A dance was given at the Pauline hall, last Friday evening. A good time is reported. The next dance is announced at the Robison Bro's hall on March 15th, celebrating St. Patrick's day. Mrs. Hellock has bought some lots in Dunning and will build a residence.

### Zumbrota Zephyrs.

Nine McComas' daughter, Elmira, has been quite sick with pneumonia, but is some better at present. Zoe Bishop was visiting a few days with J. C. Moore's this week. Our people are trying the corn stalks once more. Jack Martin lost one steer last Saturday, but we hope to hear of no more deaths as most of our farmers are getting a little short of hay. Butler Sands and family were visiting at Dan Predmore's last Sunday. Messrs and mesdames Merridith, Dowell and Callen, Mrs. Norcutt, Miss Hazel Norcutt, Charley and Edward Hall, were pleasantly entertained last Friday evening with music at Jonn Koozer's. On Tuesday M. D. Callen and wife were given a genuine surprise when some of their neighbors drove in, bringing their dinners with them. They were a happy crowd and their visit was thoroughly enjoyed by all. Those present were: Messrs and mesdames Koozer, Sands, Johnson, Bishop and Cole, Mrs. Routh and Charley Hall. Jay Koozer left last Thursday morning for Kenesaw, Neb., to engage in the well business with his brother-in-law. Mr. and Mrs. VanAnken have moved to Broken Bow where he expects to engage in painting and is at present painting Mr. Groat's new house. About twenty young people gathered at John Koozer's last Saturday evening to engage in pulling taffy and playing games. A general good time was reported by all who attended. Mr. Dowell, who has been living on the Adams place, has been quite badly troubled with heart disease and is going to York, in hopes that the lower altitude will bring relief.
