Give Defiance Starch a fair trial—try it for both hot and cold starching, and if you don't think you do better work, in less time and at smaller cost, return it and your grocer will give you back your money.

Pine 200 Years Old. Charles H. Lord of Dunbarton, N. H., recently cut a large pine tree on his farm which, from the rings, was 200 years old. The tree was 134 feet tall, measured five feet four inches on the stump, and at the height of 60 feet measured three feet in diameter.

TACK THIS UP. Simple Advice Which May Prove of Untold Value.

At the first sign of Backache or pain in the region of the Kidneys, or weakness and Urinary trouble, the following simple prescription should be used:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

Any good prescription pharmacy will supply these three ingredients at small cost, which can easily be mixed by shaking well in a bottle. This is said to force the Kidneys to filter the sour acids and poisons from the blood, overcoming the worst cases of Rheumatism.

Secret of Japan's Success. Gen. Sir Ian Hamilton of the British army wrote the evening after one of the great battles which he had witnessed between the Russians and Japanese in the recent war in Manchuria: "To bed! Although it is with reluctance that I prepare to lose my grip of the exciting consciousness that I have to-day seen the most stupendous spectacle that it is possible for mortal brain to conceive—Asia advancing, Europe falling back; the wall of mist and the writing thereon." Then as to the meaning of this retreat of Europe before advancing Asia: "The more I think the more certain I am that it was not strategy or tactics, or armament or information, which won the battle of Liaoang for Oyama, but that it was rather the souls of the Japanese troops which triumphed over the less developed, less awakened, less stimulated qualities of the Russians."

THREE BOYS HAD ECZEMA. Were Treated at Dispensary—Did Not Improve—Suffered Five Months—Perfect Cure by Cuticura.

"My three children had eczema for five months. A little sore would appear on the head and seemed very itchy, increasing day after day. The baby had had it about a week when the second boy took the disease and a few sores developed, then the third boy took it. For the first three months I took them to the N— Dispensary, but they did not seem to improve. Then I used Cuticura Soap and Cuticura Ointment and in a few weeks they had improved, and when their heads were well you could see nothing of the sores. Mrs. Kate Keim, 513 West 29th St., New York, N. Y., Nov. 1, 5 and 7, 1906."

Put Bismarck in Hole. When "Bull Run" Russell, who died a short time ago, was with the German army in 1870 he reported a long interview with the crown prince (Friedrich), some expressions in which gave umbrage to Bismarck. Bismarck sent for him, lost his temper and said: "I suppose you couldn't resist showing your importance by reporting all that that 'dunderhead' confided to you?" Russell replied: "Your excellency knows that I always respect confidences; there is much that you have said to me yourself that I have not reported." Bismarck: "Pouf! Anything I say to you may bawl from the top of St. Paul's." "I thank your excellency," said Russell. "I shall use that permission to record your opinion of the crown prince."

Year's Cigarette Output. The cigarette output of 4,368,729,015 in the calendar year of 1906 must have come as a surprise to the bulk of the trade, but more stunning yet its increase in one year of \$42,240,425, an increase by nearly 300,000,000 larger than the increase of our cigar industry during the same year. This jump is the more remarkable in the face of the pronounced and unrelenting hostility of a half dozen state legislatures which have ostracized not only the manufacture but also the handling and consumption of cigarettes within the confines of their respective territories.—United States Tobacco Journal.

Ideal Trade Conditions. Women should not get credit. Neither should men. Cash is the cure. Tradesman, maybe, would have a bad time for six or 12 months, and many a lady would have to "lie low," but in the end we would get both our trade and our money, and she would get her dress, and at far less cost.—London Opinion.

FADED TO A SHADOW. Worn Down by Five Years of Suffering from Kidney Complaint.

Mrs. Remeth Myers, of 180 South Tenth St., Ironton, O., says: "I have worked hard in my time and have been exposed again and again to changes of weather. It is no wonder my kidneys gave out and I went all to pieces at last. For five years I was fading away and finally so weak that for six months I could not get out of the house. I was nervous, restless and sleepless at night, and lame and sore in the morning. Sometimes everything would whirl and blur before me. I bloated so badly I could not wear tight clothing, and had to put on shoes two sizes larger than usual. The urine was disordered and passages were dreadfully frequent. I got help from the first box of Doan's Kidney Pills, however, and by the time I had taken four boxes the pain and bloating were gone. I have been in good health ever since."

For sale by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Triumph of American Duchesse. Helen, duchess of Manchester, is now lady-in-waiting to Queen Alexandra, and the first American to receive that honor. So much for marrying the only son of the most popular duchess at the court of Edward VII. Other American duchesses may shrug and say they wouldn't be a lady in waiting on any account; but don't you believe them. It is a royal distinction tremendously valued by English nobility, and the next step is the political plum to be made mistress of the robes.—Boston Herald.

Stood the Test. Allcock's Plasters have successfully stood the test of sixty years' use by the public; their virtues have never been equaled by the unscrupulous imitators who have sought to trade upon their reputation by making plasters with holes in them, and claiming them to be "just as good as Allcock's."

Allcock's plasters stand to-day indorsed by not only the highest medical authorities, but by millions of grateful patients who have proved their efficacy as a household remedy.

To Be Refilled. One of the suburbs of Chicago is the site of a well-known school of theology, from which go out each weekend many members of the senior class to try their voices as "supplies."

A passenger on a Monday morning train was surprised at the number of them who got off at the station.

"What are all these chaps getting off here?" he asked the brakeman.

"Them?" asked the brakeman. "O, they're returned empties, for the college."—Youth's Companion.

Sheer white goods, in fact, any fine wash goods when new, owe much of their attractiveness to the way they are laundered, this being done in a manner to enhance their textile beauty. Home laundering would be equally satisfactory if proper attention was given to starching, the first essential being good Starch, which has sufficient strength to stiffen, without thickening the goods. Try Defiance Starch and you will be pleasantly surprised at the improved appearance of your work.

## WOMEN IN HOSPITALS

Experiences of Mrs. Rockwood and Miss Tierney

MISS MARGARET TIERNEY MRS. CHAS. A. ROCKWOOD

A large proportion of the operations performed in our hospitals are upon women and girls for some organic trouble.

Why should this be the case? Because they have neglected themselves, as every one of these patients in the hospital beds had plenty of warning in those dragging sensations, pains at left or right of abdomen, backaches, nervous exhaustion, inflammation, ulceration, displacements, and other organic weaknesses.

All of these symptoms are indications of an unhealthy condition of the female system and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has saved hundreds of women from surgical operations.

Lydia E. Pinkham's Vegetable Compound has cured more cases of feminine ills than any other one remedy. Such letters as the following

are constantly being received by Mrs. Pinkham to prove our claims. Mrs. C. A. Rockwood, teacher of Parliamentary Law, of 58 Free St., Fredonia, N. Y., writes:

"For years I suffered with female trouble. It was decided that an operation was necessary, and although I submitted to a serious operation my sufferings continued, until Lydia E. Pinkham's Vegetable Compound was recommended and it proved a marvelous remedy, so quickly did it restore my health, I cannot thank you sufficiently for the good it has done me."

Miss Margaret Tierney, of No. 328 W. 23rd Street, New York, writes:

Dear Mrs. Pinkham:— "When only eighteen years of age our physician decided that an operation was necessary to permit of my womanly organs performing their natural functions. My mother objected and being urged by a relative to try Lydia E. Pinkham's Vegetable Compound did so. I soon improved in health, the proper conditions were established and I am well and strong, thanks to Lydia E. Pinkham's Vegetable Compound."

No other remedy has such unqualified endorsement as Lydia E. Pinkham's Vegetable Compound. No other remedy in the world has such a record of cures of female ills.

### Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. # THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of **The Well Informed of the World.**

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

**A Knowledge of Forms, Knowledge of Functions and Knowledge of Products** are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of **Known Quality, Known Excellence and Known Component Parts** and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.
