CHURCH ALL WORLD

PASTOR WHO REACHES FOLLOW-ERS THROUGH NEWSPAPERS.

Some Facts Concerning the Life Work of Rev. Charles T. Russell Who Has Been Misrepresented.

Allegheny, Pa .- One of the busiest men in the United States is Charles T. Russell, of Allegheny.

Some people call him Rev. Charles T. Russell, but he himself disclaims all titles, believing that as Jesus and the apostles disclaimed them so should he.

Russell is the kader of a religious movement which has its followers all over the world. He is not the originator of a sect, but simply claims membership in the original church institution of the scriptures, therein described simply as "the church, whose names are written in heaven."

its own, and Pastor Russell's plan for reaching his numerous and widelyscattered followers with his discourses is a unique one.

He travels a great deal, preaching in opera houses in the large cities of the country, and through arrangements with various newspapers gladly printing the discourses because of the increased circulation which accrues to them through the subscriptions of Russell's many followers.

Thus he preaches each Sunday to a

"Nothing could be more untrue," he declares. "I have no desire for Zion City, and there have been no negotiations whatever in the matter."

It has also been published that Russell is "the no-hell preacher"-because he teaches there is no place of future fiery torment.

Pastor Russell declares that he does not believe in hell as a place of eternal torment, but holds that the "sheol" of the Old Testament and the "hades" of the New Testament is the state of death-that mankind, because of original sin, is under a death sentence, which affects all mentally, morally and physically, and culminates in the tomb.

He holds that redemption was from the tomb, that Christ died for humanity's sins, and that as a result of this redemption all mankind is ultimately to be released from this state of death and given instruction which will lead to eternal life, if they are obedient to such leading, in the Millennial age.

Nor does Pastor Russell doubt in the least the existence of Satan. though this has been alleged of him. In a sermon which he recently delivered on "The Overthrow of Satan's Empire," he makes his position on this point very clear, saying:

"We are aware that our Lord's words to Peter, 'Get thee behind me, Satan,' are made the basis for the denial that there is any personal devil or subordinate demons. Our reply is that although any man may become an adversary of God (a satan), the scriptures everywhere speak of the prime mover in evil as 'the' devil, 'the' satan. He is the great murderer. He murdered our first parents by deceiving them, and thus induced them to be disobedient to their Creator."

It was recently stated in several newspapers that in a divorce trial, which resulted in the legal separation of Pastor Russell and his wife, about a year ago, he had said, "his love was like that of a jellyfish, in that it went out to any spirit which responded."

This statement distressed Russell considerably, inasmuch as the truth was that the remark in question was attributed to Russell by a witness during the trial, and was emphatically

denied on the stand by him. It has been said of Russell that "money pours into his office coffers like water," and that his sect is immensely wealthy. This is not the

SEEDING COMMENCED IN WESTERN CANADA.

The Prospects for a Large Acreage to Be Sown in Wheat.

St. Paul, April 24, 1907.-Word has Canadian Government in St. Paul that seeding has commenced at various points throughout Manitoba, Saskatchewan and Alberta.

The heavy snowfall during the past winter has left the ground in splendid shape for successful seeding operations. The fine weather of the past few days has taken much of the frost out of the ground and during next week there will scarcely be a district in which the seeder is not being operated. The most optimistic conditions exist and in all districts the farmers are busy getting things in shape. There will be a very large acreage sown in spring wheat, oats and barley. At many points throughout the three provinces the newcomers are busy unloading their stock and effects, working night and day in order to get on their farms and become active agencies in the effort to make the year It has no houses of worship of 1907 the banner year in grain produc- with the auto this morning and exfurther south than this, it will be seen \$50 bill. I understand that they are that Western Canada ranks amongst the first in the line of seeding operations for the present year. It is safe to say that farmers who get in their crop before the 20th or 24th of May, will receive magnificent returns. A number of those coming in this spring, who had not their land prepared last

fall, will break up enough land to get in a crop of oats and barley and probably some flax. This, together with the vegetables they will plant, will give them ample food for themselves and stock during the coming summer and winter. These early seeding operations are not confined to one district, but are spread over a country 900 mlles long by 400 miles in width. The agents of the Canadian Government, located at different points

throughout the United States, are busy giving information regarding the many new districts that are being made available for settlers. Low railway rates, information and literature are given on application to the agent, whose name appears in advertisement elsewhere in this paper.

A Fish Story. "Trout protection! Nonsense!" said a gunner of local eminence. "Trout are amply able to protect themselves. Look at their depredations among ducks, for example, and you will agree with me that it's the birds that need protection. It's a common thing for a trout to jump from the water, seize a duck by the neck, drag the unfortunate fowl into the depths sufficiently to leave its feet sticking in the air, where It can get no purchase upon the universe, and thus drown it. Then the trout picks the feathers from the bird, eats it at its leisure and swims away out of the jurisdiction of the courts. of their fish stories."

Labor of the Novelist. "The way of the novelist must be hard," said a librarian of an uptown branch. "The other day an immaculately gotten up individual came into the library and announced that he was a writer with a specialty of dialect stories. We got him several books that he asked for, and little by little he took me into his confidence. 'I want the Scotch dialect for the stern father,' he explained; 'then when I've got enough of that I want some dialect for a sea captain, and then I want a duke-or maybe you can tell me, would a duke drop his h's'?"-N. FRIENDS HELP

St. Paul Park Incident.

"After drinking coffee for breakfast I always felt languid and dull, having no ambition to get to my morning duties. Then in about an hour or so a weak, nervous derangement of the heart and stomach would come over me with such force I would frequently have to lie down.

"At other times I had severe headaches; stomach finally became affected and digestion so impaired that I had serious chronic dyspepsia and constipation. A lady, for many years State President of the W. C. T. U., told me she had been greatly benefited by quitting coffee and using Postum Food Coffee; she was troubled for years with asthma. She said it was no cross to quit coffee when she found she could have as delicious

an article as Postum. "Another lady, who had been troubled with chronic dyspepsia for years, found immediate relief on ceasing coffee and beginning Postum twice a day. She was wholly cured. Still another friend told me that Postum Food Coffee was a Godsend to her, her heart trouble having been relieved after

leaving off coffee and taking Postum. "So many such cases came to my notice that I concluded coffee was the cause of my trouble and I quit and took up Postum. I am more than pleased to say that my days of trouble have disappeared. I am well and happy." "There's a Reason." Read "The Road to Wellville," in pkgs.

"Reynolds," said Millionaire Banks to his valet, "go 'round to the house of that little girl whom I ran down ing in Western Canada. As compared | tend to the family my sincere regrets with districts many hundred miles and sympathy. Also give them this very poor and in want."

Accordingly the valet obeyed. When he returned his master met him at the door.

"Well, Reynolds?"

"The father wished me to say, sir, that he hoped you wouldn't take the affair too much to heart. As for the family, they all feel very grateful to you sir, and couldn't bring themselves to accept your very kind offer."

"A most estimable family! Yet I wonder why they didn't accept the money?"

"The father said such matters should be arranged through his lawyer, sir."-Judge.

FAMILY'S SKIN TROUBLES.

Eczema, Heat Rash, and Scalp Affections Afflict Different Members, But Cuticura Cures Them.

"My wife had eczema for five or six years. It was on her face and would come and go. We thought we would give the Cuticura Remedies a trial. We did so and she has never had a sign of eczema for four years. I myself used Cuticura Soap and Cuticura Ointment some time ago for falling hair. I now have a very heavy head of hair. We used Cuticura Remedies for our baby, who was nearly bald when young. She has very nice hair now. She is very fleshy, and we had so much trouble with heat that we would bathe her with Cuticura Soap and then apply Cuticura Ointment, it would dry the heat up so much quicker than anything else.
