That said cattle were taken from said ranch, their destination was to be the market at South Omaha, Nebreska. That their detention at Ansley was temporary only and the same did not alter the fact said cattle after leaving said ranch, were at all times in transit to said city of South Omaha, and while fed at Ansley, they were at all times connected with and were a part of the business of said ranch in Logan County, Nebracka. Affiant states that on or before the 17th day of April 1907 said cattle were all duly listed and assessed by the County Assessor of Logan County, Nebraska, and that a duplicate schedule of said assessment is hereto attached and is made a part hereof.

Affiant further states that said cattle have been wrongfully listed and assessed by the County Assessor of Custer County, Nebraska, and respectfully requests that the same be stricken from the assessment rolls of said County of Custer.

That said estimate of value so made was too high at least 1 cent per lb. And while Affiant at all times insists that said cattle should not be assessed in Custer County Nebraska, yet urges and complains that if the same should be assessed in said County that they are at present assessed too high and the actual Opening of Huntley value thereof should be reduced at least by the sum of \$3770.00.
