For the ladies five mile relay race at the Custer County Fair for a purse of \$150, there are already three entries, consequent it is assured, and the chances are there will be five or six contestants, Secretary Haumont having received inquiries from several ladies in addition to those who have entered.

The city schools open next Monday and parents should have their children ready to enter on their first day. Much of their success in school during the coming school year depends upon this. Have them at the school house before the 9 o'clock bell rings next Monday morning so they can be properly assigned to classes and get an even start with the other pupils.

Rev. W. H. D. Hornaday, who was the Methodist dominie and built the church in this city several years ago, has two lectures, "Hunting a Man" and "Hunting a Woman," which he is delivering, and is billed to appear at two places in this county—Merna and Ansley. Seems as though there out to be an open date in Broken Bow for B'r Hornaday.

Some of the Broken Bow boys who bought shares in a Goldfield, Nevada, mine sometime ago were feeling happy, light-hearted and gay after opening their mail yesterday morning and finding checks in payment of the first dividend declared by the company. One of our citizens received \$40 on his investment of \$175. That helps—some.

L. Prospects at present are that there will be a larger attendance at the Custer County Fair this year than for many years past, if the weather is not inclement. Sure it is, anyhow, that more people in all parts of the county are inquiring for premium lists than ever before, most of them stating that they intend to compete in one or more departments for the liberal cash premiums. The management are fully convinced that the entries in the several departments will exceed in number those of last year and that the attendance will also be greater.

It will be a piece of good news to Broken Bow people to learn that the Arington Comedian's will appear at the Opera house each night during fair week. The reputation of this first-class company is fully established in this city and it's a safe bet they will be greeted by a crowded house every night during the week.

A number of young people in Broken Bow and vicinity will be leaving this week and next to attend college and the REPUBLICAN wants to make mention of each one, personally. Will you, dear reader, make it a point to inform the editor of those you know have gone or are going? Please do not forget this very earnest pleading.

There is complaint by farmers that certain Broken Bow fellows are already coming into the country and killing prairie chickens—contrary to law—and if the officers of the gun club, which ought to also protect game, do not make an effort to bring the offenders to justice they will post notices and not allow hunting on their lands even in the open season.
