## REPUBLICAN PLATFORM ADOPTED

The Nebraska Republican Convention Held at Lincoln, September 24, Make Good Platform.

Following is the full text of the platform adopted by the Nebraska Republican convention at Lincoln on Tuesday, Sept. 24, 1907:

As the representatives of the republicans of Nebraska, in state convention assembled, we again commend the inspiring character and undaunted leadership of Theodore Roosevelt. We especially endorse what he has accomplished, with the support of a republican congress, towards subjecting the overweening railroads engaged in interstate commerce to the regulating arm of the government and in curbing the rapacity of the lawless trusts by forcing them to desist from their criminal practices. These policies have our unqualified approval and in order that no backward step be taken we will insist that his successor be a man whose record pledges a continuance of the distinctive policies of the Roosevelt administration.

While not presuming to forestall the action of any future convention, we express the belief that the republicans of Nebraska recognize in the Hon. William H. Taft of Ohio, one whose personal character and whose long public service mark him as preeminently the man under whose leadership these policies would be perpetuated.

We endorse the present state administration. State affairs are being conducted with integrity and business sagacity. Our public institutions are being neither injured by parsimony nor scandalized by profligacy. The state's credit is high and its long-standing debt is being rapidly extinguished and will soon be paid. Its public school funds are growing enormously and being wisely invested in interest-bearing securities.

We commend our republican delegation in congress for their faithful representation of the interests of the people of Nebraska.

We especially commend the last legislature for faithfully fulfilling republican pledges made to the people. It was a record of legislative fidelity without precedent in Nebraska.

The platform pledges of political parties mean something only when read in the light of the record of achievement. It is our rare privilege to call attention anew to the platform promulgated by Nebraska republicans a year ago, whose every promise has been carried out in scrupulous good faith. The republicans promised the people of this state the following reforms:

1. A state-wide direct primary.
  2. Abolition of the free pass evil.
  3. Comprehensive powers for the state railway commission.
  4. More equitable rates for transportation of passengers and freight.
  5. Equal taxation of railroad property for city purposes.
  6. Abolition of fellow-servant law and full employers' liability.
  7. A pure food and dairy law.
  8. Rigid economy in appropriations.
- Everyone of these pledges has been fulfilled.

We express our satisfaction with the operation of the new primary law. It gives to the individual the same equal voice in the selection of all candidates that is given in the election that follows. Its first experiment was to obtain a freer and fuller expression of sentiment than has heretofore been possible to obtain under the caucus system. We pledge such amendments to the law as experience demonstrates are necessary to make it a more perfect system of choosing candidates.

We endorse the work of the state railway commission and expect it to continue to be a servicable instrument in enforcing the laws without fear or favor and to deal speedily, impartially and justly with all complaints against the roads. And we especially endorse the present efforts of the commission to effect a reasonable additional reduction in grain rates. We call upon the railway commission to investigate if only those giving the railroads "the major portion of their time," and on the list of passholders, and we insist upon a rigid enforcement of the anti-pass law.

We believe the federal judiciary act should be amended to define the citizenship of interstate corporations for the purpose of jurisdiction of federal courts by providing that for the purposes of original jurisdiction and jurisdiction on removal from state courts or federal courts a corporation shall be deemed a citizen of every state, where it has filed or is required by the law of that state to file in the manner required of domestic corporations, its articles of incorporation. And in addition thereto that every foreign

corporation, or its successors, assigns, or lessees, exercising or claiming the right to exercise the right of eminent domain, under a state law, shall be deemed a citizen of that state for the purpose of jurisdiction of federal courts.

We favor the enactment of a federal law and if necessary an amendment to the federal constitution, which will forbid the federal courts from issuing writs of injunction against state officers charged by law with the enforcement of state statutes.

We regard with high favor the nominees on our state ticket and invite all voters who believe in official probity and efficiency to join in electing them.

### Carrie Nation Sent to Workhouse.

Playing the role of injured innocence, Mrs. Carrie Nation this week began a sentence of seventy-five days in the workhouse at Washington, D. C. She was convicted of disorderly conduct and declined to pay the fine assessed against her. Mrs. Nation's clash with the law came about when she invaded the postoffice and insisted upon delivering a forceful lecture on the evils of cigarette smoking. She declined to desist when ordered to do so by a policeman. In court the police judge offered the saloon smasher the alternative of furnishing bonds to keep the peace or paying a fine of \$25. Although she had plenty of money, Mrs. Nation declined to do either. The Kansas woman has been a source of constant annoyance to the police of that city.

### A Saving for Applicants.

The commissioner of the general land office has issued an order which requires the registers and receivers of all the United States land offices to prepare all applications to make entries and filings on public lands when they are requested to do so by the applicants. This order will insure greater accuracy in papers of this kind, and be a saving to the applicants who have heretofore been required to have their applications prepared at their own expense.

### Anselmo Badly Singed.

A destructive fire broke out at Anselmo early Friday morning last, causing a loss of \$6000. The fire destroyed a number of the best business houses on the south side of Main street. The fire originated in Bert Eupfield's store building occupied by Taylor's butcher shop. It was impossible to save adjoining property on account of poor fire protection. The property was only partly insured.

### Responses Wanted.

Would like to have responses from ten parties having good brood mares, for the object of organizing a stock company to purchase a good 2000 pound Percheron stallion.

C. H. HARBAUGH,  
Broken Bow, Neb.

## When you BUY DRUGS

be sure and get the best. You can't afford to take chances with the sick or injured. You must have the kind of relief that only pure drugs, skillfully compounded, will give. We are in business to meet that want.

We don't sell cheap drugs.

It don't pay.

Any man in our store who compounds a prescription knows how or he wouldn't be behind the case. He has to be a registered pharmacist. We invite you to give us a trial.
