To Republicans of Custer County.

Election day is again near us and the different political parties are before you with their candidates.

Judge Humphrey has made good all what his friends claimed for him. He has faithfully attended to the duties of the office and has done his work as well and as thoroughly as any judge we have ever had.

We never had a more efficient and systematic clerk of the district court than Geo. B. Mair. He believes in doing all the work he can himself and saves the county many a dollar through his industry.

John Cavenee, our county treasurer, has a busy time of it and many a night he is at work taking care of our county revenues when most of us are in bed.

Everybody knows Joe Pigman, our competent and genial county clerk, for we all, or most of us have had business with him some time or other.

Everybody knows Joe Pigman, our competent and genial county clerk, for we all, or most of us have had business with him some time or other.

H. M. Pinckney, our worthy county superintendent, has been no laggard in the performance of work and we have the assurance of the highest official authority in educational work in the state that the records of the superintendent's office in Custer county were never better kept and that in his line of work Mr. Pinckney is surpassed by few superintendents in Nebraska.

dent in Nebraska. The state superintendent speaks highly of him as an educator and as a man of ability, who in every way is qualified for the work in his charge.

Mr. Van Antwerp, our candidate for surveyor, is by all admitted to be the most competent man in that line of work in the county, and he is busy the year 'round.

As to the candidate for coroner, L. E. Cole, we hope that his office will prove to be only honorary, but if he should be called upon in an official capacity no one doubts that he would prove equal to the occasion, and do his work well.

For county assessor we have for candidate M. R. Foster of Anselmo. Mr. Foster being a new man before the public and not so well known to many of you but we know that a better man for that office would be hard to find.

His experience as deputy assessor has made him familiar with the work and the county board of equalization has never had occasion to raise or lower his assessments. That shows that he is a man of good judgment. He is familiar with the values of all classes of property and the people of the county will get impartial and fair treatment at his hands.

For sheriff, why voter! For sheriff we have Horace Kennedy. By a big majority you picked him for your candidate from among several good men, because you thought he was the man for the place.

There is no good reason, voters, why we should not support our ticket. As long as our candidates are worthy, we as republicans, are in duty bound to stand by them.

We make this appeal to you, as your committee, because we feel that our candidates deserve it.

Respectfully, REPUBLICAN COMMITTEE.

He is True to Constituents.

Tax payers in Supervisor district No. 2, regardless of party affiliations, would make a great mistake if they fail to elect R. R. Welch his own successor as a member of the board of supervisors.

The Merna Postal Card of the 11th said: "J. B. Klump and Mrs. Koch of the West Table hid themselves to Kearney where amid the bustle of that city the bonds of blessedness was thrown to the winds and the domestic harness was placed upon their shoulder amid the beautiful sunshine of last Saturday.

The Postal Card stated further that after the visitors had beaten their tin pans to a frizzle a demand was made, after a knock on the door, to see the newly weds, whereupon Mrs. Klump appeared and stated that her husband was not in the house nor had he been during all the racket.

Why Refer to Doctors

Because we make medicines for them. We give them the formula for Ayer's Cherry Pectoral, and they prescribe it for coughs, colds, bronchitis, consumption. They trust it. Then you can afford to trust it. Sold for over 60 years.

"Ayer's Cherry Pectoral is a remedy that should be in every home. I have used a great deal of it for hard coughs and colds, and I know what a splendid medicine it is. I can not recommend it too highly." - MARK E. CONRY, Hyde Park, Mass.

Ayer's Pills greatly aid the Cherry Pectoral in breaking up a cold.

Herbert Meyers is Competent.

In discussing, in its abusive way, the candidacy of Mr. H. G. Myers for county supervisor, the Beacon has made some false charges against Mr. J. E. Myers, the father of H. G. It admitted that fact in its last issue, but it ought to have gone farther and stated that Mr. Myers has only appeared twice before the county board in the last four or five years, and then it was, each time, to save the county useless expense.

HERBERT E. MEYERS

is the older man, but Mr. Myers has the best trained mind. If both men were to apply for a situation somewhere in which neither had experience, which would be most likely to get it, and which one would be the quickest to catch on? It takes a year's experience on the board for the best of men to do good work and I venture to say that an active and well educated young man, with the natural ability of H. G. will give the county the best of service.

The Beacon Confesses One Lie.

EDITOR REPUBLICAN: It seems that the Beacon sticks its beak into a whole lot more than it can tear off and this is what it says in the last issue: "On investigation we find that our recent statement that John E. Myers nearly always has an ax to grind before the board of supervisors is not entirely borne out by the facts."

Now voters of the 6th district, if the Beacon's editor swallows himself on this point, how about the rest of his article? The Beacon is terribly distressed for fear that John may have some influence over the next county board. The Beacon is not well enough posted to know that John could have represented the 6th district at almost any time during the last twenty years had he not refused to accept the nomination because he does not like the supervisor system and has had all the business of his own that he could attend to.

W. A. GEORGE.

A Vote for Division is a vote for Higher Taxes

This is absolutely the truth in case the question carries at the election on November 5th.

Died of Diphtheria.

Alva, son of Mr. and Mrs. Frank Kelsey, was taken sick with a cold one week ago last Saturday, which developed into diphtheria. Monday of this week his throat had cleared and it was thought nothing serious would result, but he was taken worse that day and died Tuesday morning, Oct. 15, 1907, at 6 o'clock.

"A Millionaire Tramp."

In these days of absolute up-to-date-ness in everything the public will only accept the best obtainable which is but right. The new version of the comedy "A Millionaire Tramp" which comes to us splendidly recommended and according all reports should meet the highest requirements of even the most fastidious of our play going public.

Manager Groat has secured this attraction which will be presented complete in every detail of the original production at the Opera house on Monday evening, Oct. 21st. Throwing away money during the parade will be something new.

A Trip Through China.

The young people of the U. B. church will take a trip through China next Sunday evening. All who would like to go along and see some of their curios are invited. Be present at 6:30 p. m.

Ghosts! Ghosts!

The Epworth League will give a ghost social at the home of Mrs. Mary E. Gandy, Tuesday evening, October 29. If you want to spend a pleasant evening come around and eat with the spooks. They are all pretty ones and will not scare you. Everybody come and bring your friends.

Remarkable Cures by Dr. Caldwell.

HELP FOR THE SICK, ESPECIALLY NOR THOSE WHO DO NOT DELAY.

Often a Few Weeks of Neglect Allows Disease to Reach a State Where They Cannot be Cured.

Dr. Caldwell heals not by Osteopathy, by Hypnotism, nor by Divine Healing, but by a system of natural science in combination with the most true and reliable remedies of the age. She is a woman that cures the sick because she understands the nature, cause and the condition of circumstances which bring disease about. Her discoveries are those made from personal experience and from long, continued practice in her profession.

Dr. Caldwell has studied her profession both at home and abroad, and after a thorough and painstaking investigation, has succeeded in curing the diseases of her specialty when other physicians had failed. Why not? Some of these people were blind, some were lame, some deaf, some paralytic, scarcely able to move, others afflicted with Bright's disease, heart disease, consumption, cancer, others with kidney troubles, dyspepsia, indigestion, and the thousand and one symptoms of those dreadful maladies. It is claimed by her friends that she can tell the disease of a patient without asking him a question. This is perhaps true, for since she is so learned in her profession and so experienced in treating diseases,
