VOL. XXVI.

BROKEN BOW, CUSTER COUNTY, NEBRASKA, THURSDAY, NOVEMBER 7, 1907.

NO. 22

## YOURS FOR THE BEST DRUGS

We're not running anybody's business but our own. That occupies all of our time.

If done properly it requires increasing watchfulness to keep up the stock so that when a prescription comes in for no matter what, we have it right on the shelf waiting for just such a prescription.

We take care of our prescription stock of drugs in that way. It's worth knowing when you really want the best drugs and medicines

## Those Headaches

Those weary, wearing, dull, heavy headaches that so many women have to suffer! But do they have to suffer? Half the headaches in the world are due directly to defective eye-sight. And yet some foolish women would prefer to endure the headaches rather than wear glasses, which, if properly fitted, would give them instant relief. Do not delay getting glasses. Come to us and have your eyes examined—there is no charge.

## A Whirlwind of Republican Votes

Returns From Over the State Show that the Republican Ticket Wins by At Least Twenty Thousand.

Fine Indorsement for Judge Reese.

## County Division Loses by Sixteen Hundred

The Republican Nominees for County Offices Win Out by Majorities Ranging from 15 to 500.

George B. Mair the Favorite.

### IN THE STATE.

The republican state ticket has won in Nebraska by a majority of 20,000, at least, is the report from Lincoln and this means:

First: A vote of thanks by the people of Nebraska for the splendid work of the republican legislature and state administration.

Second: That the people of the state are unalterably on the side of President Roosevelt in his fight against law breakers, come what may.

Third: An overwhelming endorsement of the splendid ticket of clean and able men nominated by the republican party of the state.

Governor Sheldon in commenting upon the magnificent victory in favor of honest men and good government is quoted as saying: "Now if we can follow this up with the election of Roosevelt for another four years, the country will be safe."

### IN THE COUNTY.

The conflict in Custer county was waged more particularly upon the question of dividing the county into four counties, more than upon partizan lines, the candidates for the several offices being left to a considerable extent to hustle for themselves and the republicans were not slow in performing their duty along that line as will be noted from the majorities—and plenty to spare.

On the question of dividing the county the result is an indication that a majority of property owners are satisfied with the present lines of Custer county rather than a smaller county and a doubling of the amount of their taxes which they are intelligent enough to know would follow division.

The campaign for the county offices has been carried on in a fairly friendly feeling between the opposing candidates and there was, perhaps, less charges and counter-charges and the expression of unsavory compliments by the newspapers, than ever before. It can well be termed a clean campaign and a victory for the Grand Old Party from start to finish, because it is the party of progress, stands for law, order and advancement of mankind and redeems its pledges to the people.

The total vote and majorities, as reported, are as follows:

Supreme Court Judge, M. B. Reese, rep., 2319; G. L. Loomis, dem., 1499.

District Judge, B. O. Hostetler, rep., 3207.

County Judge, A. R. Humphrey, 2771, H. J. Shinn 2265; maj., 506.

## Hog Cholera

Yes, there is some hog cholera in the country. "An ounce of prevention is worth a pound of cure" is true, but in hog cholera, "an ounce of prevention is worth several pounds of cure. I have no cure but I have a good preventive in Great Western Hog Remedy. This hog remedy is a combination of the Government Hog Remedy and the Great Western Worm Killer. This hog remedy when fed to hogs acts as a tonic, a conditioner, an appetizer, and will thoroughly renovate their system. The Government says their hog remedy is the best blood medicine for hogs—and doesn't that mean something? Worms kill more hogs than all other causes combined and for that reason this hog remedy is combined with a worm killer. Did you ever feed a hog remedy? If so, what did you pay for it? This is worth \$7 per cwt.

## It Will Pay You

There isn't the slightest use in paying more than we charge for prescriptions when we give you exactly what is ordered by your physician, and give you the highest quality it is possible to obtain in drugs and chemicals used in that prescription. You may pay more but you can't get it any better. You may pay less but you take great chances. It is no time to go hunting for a bargain when you want a prescription put up. This is not a bargain counter drug store. We charge a fair price for the best possible to obtain. It pays us. It will you.
