When the Hair Falls

Then it's time to act! No time to study, to read, to experiment! You want to save your hair, and save it quickly, too! So make up your mind this very minute that if your hair ever comes out you will use Ayer's Hair Vigor. It makes the scalp healthy. The hair stays in. It cannot do anything else. It's nature's way.

Laundering Collars Is a Science.

There is an air of refinement about Broken Bow laundry work. Our system of laundering collars produces a beautiful snow-white finish, with a very light gloss, which makes them shed the dirt longer than others. ¶ Our system for shaping and folding lay-down collars gives them the shape and appearance they had when new and insures a perfect fit. Standing collars are ironed on edges, making them round and comfortable. ¶ Every department of this laundry is in the hands of competent and painstaking people. If you are not wearing our work, let us send the wagon for a trial package.
