**For Representative.**  
EDITOR REPUBLICAN:  
I desire to announce that I will  
be a candidate for the office of  
representative of the 56th dis-  
trict, subject to the will of the  
coming republican primaries of  
this district. Knowing that it  
is customary for candidates to  
outline their position and believ-  
ing that it is the desire of the  
voters to know something of the  
candidates, I have on request of  
some of my ardent friends and  
supporters, allowed the following  
communication to be sent to you  
for publication:

I was born in Mason county,  
West Virginia, near the great  
Kanaw river and the cries of the  
fleeing slaves floated on the  
bosom of this beautiful stream,  
to my ears, as I sat on its flowery  
banks. It was there amid the  
songs of the mocking bird, that  
human right, liberty and equality  
of law before God and man, was  
born in my mind never to be  
erased by the flight and waves of  
time. I have always rejoiced in  
the law and states which have  
not commercialized human beings  
as hogs and cattle.

I learned in my southern home  
what it means to stand for and  
advocate human rights and lib-  
erty, namely the sacrifice of per-  
sonal earnings and deprivation of  
your own home, often being  
driven to the woods to sleep on a  
bed of leaves with a covering of  
heaven, all because I, like Moses,  
stood for liberty and the rights  
of human souls.

Having experienced in early  
life these hardships, who can  
blame me for having always been  
an ardent republican. I honored  
my father and mother by remain-  
ing at home until I was twenty  
one years of age and giving them  
all my earnings and helping them  
in every possible way to support  
a large family and I therefore  
feel that what little I am today  
is due to the guidance of their  
parental training. Peace to  
their sainted memories. To this  
day their blessings rest upon my  
head and their Godly advice has  
always and will ever attend my  
pathway through life. On ar-  
riving at my majority, I earned  
\$20 and borrowed \$20. On Nov-  
ember 27, 1872, I started for the  
west arriving at Pella, Iowa,  
with fifty cents constituting my

entire cash. I worked most of  
the time at farm labor until the  
spring of 1874, when on February  
27, in company with D. M. Ambs-  
berry and H. T. Coffman, I start-  
ed for Nebraska. I took a pre-  
emption in Valley county near  
Ord. The grasshoppers having  
devastated everything and there  
being no work to do, I proved up  
on my pre-emption in 1874, re-  
turning to Iowa to work on a  
farm the next summer and fall  
until December 27, 1875. I visit-  
ed my parents again in my old  
Virginia home remaining there  
until March 27, 1876, at which  
time I again departed for Iowa,  
where I worked the coming sum-  
mer in a brick yard and on Oct.  
27, 1876, I started for Palmyra,  
Missouri, at which place I was  
employed for one year by Dr.  
Baker and son of Keokuk, Iowa.  
After completing my contract  
and not liking the business, I  
quit. But from a business stand-  
point of views, I felt that I had  
made a grand success, as the com-  
pany offered to double my salary,  
if I would remain with them for  
another year. I was employed  
by the Rock Island Railroad Com-  
pany in the fall and winter of  
1877-78, until February 27, when  
I started with a team for Ne-  
braska, arriving at Grand Island  
in March. I filed on a homestead  
and tree claim in Custer county  
in what is now known as Alger-  
non Township, settling on my  
claim in June, 1878. I lived a  
bachelor's life until August, 1879,  
and realizing that it was not good  
for man to dwell alone, I return-  
ed to Marion county, Iowa, and  
there was married to my present  
wife who has been more than my  
equal in the scriptural sense of  
the word, as a help-mate in build-  
ing up our home.  
I have been engaged in farm-

ing and stock raising, in which  
I feel that I have been reasonably  
successful. I have been a breeder  
of Aberdeen Angus cattle for  
sixteen years and have been suc-  
cessful and now at the earnest  
solicitation of many of my friends,  
I have concluded to announce my-  
self as a candidate for the nom-  
ination to the office of repre-  
sentative of the 56th representative  
district, subject to the will of the  
republican electors at the primary  
election in September.

I cannot say and do not care to  
announce that I have a theory of  
legislation which, if enacted into  
law, would be a panacea for all  
the ills of the body politic, but I  
do believe that my years of ex-  
perience and observation as a  
farmer and stockraiser in Custer  
county, has endowed me with a  
reasonable amount of ability to  
discern the kind of legislation  
best adapted to the needs of the  
people of western Nebraska.  
Foremost among the things most  
needed at the present time, is a  
revision of the laws relative to  
the railroad commission, whereby  
its control over corporations may  
be extended, and thereby be made  
more effective. Also some modifi-  
cations of the primary law,  
whereby its provisions may be  
made more comprehensive and  
ambiguities be eliminated.

If nominated and elected to  
this office, I would not think that  
I had done my whole duty to my  
constituents did I not use every  
honorable means to obtain such  
legislation as would secure to  
every citizen the right to cast  
his ballot for or against licensing  
the sale of intoxicating liquors in  
his neighborhood. The County  
Option Bill will certainly be a  
matter of consideration in the  
coming legislature, and I would  
not consider that I had been fair  
to the voters and to myself, did  
I not announce in advance that  
I would favor all legislation that  
has for its object the safeguard-  
ing of the homes and the lives of  
our people against contamination  
of this dreaded evil.

I have never been a candidate  
for public office, and would not  
now but for the many requests  
that have come to me from the  
people of the eastern part of the  
county, among whom I have lived  
for so many years. Having de-  
cided to enter the race, I would  
very much appreciate your sup-  
port and influence among your  
friends. Thanking you in ad-  
vance for any service you may see  
fit to render me, remembering,

1st—That I am an old resident  
of Custer county.  
2nd—That my business inter-  
ests are closely allied to that of  
a great majority of the people of  
this district.  
3rd—I am in favor of any  
reasonable legislation for the con-  
trol of corporations.  
4th—I am in favor of the prim-  
ary law, the object of which is to  
safeguard the people against ring  
rule in politics.  
5th—I favor the County Option  
Law.  
Very sincerely,  
J. A. AMBSBERRY.

**Alfalfa Meal Mill at Omaha.**  
Announcement of the Omaha  
papers this week that the Oradell  
Farms Company of New Jersey,  
will build a large alfalfa meal  
mill in that city, which will use  
some twenty cars of raw material  
each week to start, is evidence to  
the growers of the alfalfa that  
new uses are being found for the  
crop; that the meal is a most  
practical food and its manufac-  
ture undoubtedly means a greater  
demand and better prices for al-  
falfa.

The location of the alfalfa  
meal mill in Omaha was secured  
by the Omaha Commercial Club,  
which is doing much to make it  
possible to manufacture in the  
west as well as produce. With  
the opening of this mill Septem-  
ber 1, Omaha will have two such  
plants, the other being the M. C.  
Peters Mill Co. They will use  
about forty carloads of alfalfa  
every week and as they develop  
the industry will doubtless use  
more than one hundred cars a  
week—three solid train loads.

Besides giving the growers a  
neater market for high grade al-  
falfa, the factories located at  
Omaha will make it possible for  
those who desire to feed the meal,  
which is especially a food for  
dairy cows, will be enabled to se-  
cure it more promptly and cheap-  
er than ever before, as the freight  
rates from Omaha are much less  
than from the east. In locating  
the last factory in Omaha it was  
the understanding that nothing  
but the best Nebraska and Color-  
ado alfalfa would be used.
