### Our Cut Glass Display

The best we can do is to tell you that it is artistic beyond the average, that every design is a work of art, and that we can offer surprising values. But in order that you may get a correct and accurate idea of our Cut Glass argument, we invite you to see it, to examine it, to price it. Then you'll be sure to be convinced.

## A Seasonable Suggestion . . .

SODA WATER IS ALWAYS "IN SEASON," whether taken Hot or Cold it is a wholesome beverage, unless rendered deleterious to health by being loaded with impure artificial flavorings and glucose syrups.

Cold Soda drawn from Our Artic Fountain, Lacks nothing that could be Desired by the most

Sensitive Palate. We use Only pure juices made Direct from fresh fruits And can give any flavor.

Our "Cold Soda" is Always Cold.

### President Roosevelt Highly Pleased.

Immediately upon receiving news of the nomination of Secretary Taft for the presidency, President Roosevelt said:

"I feel that the country is indeed to be congratulated upon the nomination of Mr. Taft. I have known him intimately for many years and I have peculiar feelings for him because throughout that time we worked for the same objects, the same purposes and ideas. I do not believe there could be found in all the country a man so well fitted to be President. He is not only absolutely fearless, absolutely disinterested and upright, but he has the widest acquaintance with the nation's needs without and within and the broadest sympathies with all our citizens."

"He would be as emphatically a President of the plain people as Lincoln, yet, not Lincoln himself would be freer from the least taint of demagoguery and the least tendency to arouse or appeal to class hatred of any kind. He has a peculiar and intimate knowledge of and sympathy with the needs of all our people—the farmer, of the wage worker, of the business man, of the property owner."

"No matter what a man's occupation or social position, no matter what his creed, his color or the section of the country from which he comes, if he is an honest and hard working man who tries to do his duty toward his neighbor and toward the country, he can rest assured that he will have in Mr. Taft the most upright of representatives and the most fearless of champions. Mr. Taft stands against privilege and he stands preeminently for the broad principles of American citizenship which lie at the foundation of our national well-being."

### No More Bad Eggs.

J. W. Johnson, deputy pure food commissioner of the state, has sent out a circular which is known and described as Bulletin No. 2, in which he says:

"The Nebraska pure food law makes it unlawful to sell bad eggs and provides a penalty of from \$10 to \$100 for each offense."

"It is unlawful for the farmer to sell bad eggs to the merchant. It is unlawful for the merchant to sell them to his patrons or egg dealers."

"It is a violation of the national pure food law to ship bad eggs from one state to another."

"The law was passed in the interest of honest dealing, and it is not honest to sell bad eggs for good money. It is reported that in some cases spoiled eggs have

been taken from the incubator and marketed at the grocery store when the producer thought the buyer was too busy to examine them. It is the duty of this department to prosecute offenders whoever they may be, no matter whether producer or dealer. The law is trying to protect, not only the consumer who is entitled to get honest food for his money, but the honest producer and honest dealer who is entitled to have his dishonest competitors prosecuted and exposed through publicity."

"Nebraska hens are producing 90,000,000 dozen eggs annually. These Nebraska eggs are worth three to five cents per dozen less than the highest market price in New York, Philadelphia and Baltimore on account of the low grade they take in these markets by reason of the dishonest and careless mixing of bad eggs with the good."

"Five cents a dozen on 90,000,000 dozen eggs amounts to \$5,500,000."

"By reason of this careless and dishonest mixing of bad eggs with good, we lower the value of our annual output \$4,500,000."

Does it pay?

### Gone Forever.

From the Pierce County Call: Ten years ago a Pierce county farmer put his initials on a dollar bill. The next day he went to the nearest town and spent it with a merchant. Before the year was up he got the dollar back. Four times in six years the dollar came back to him for produce, and three times he heard of it in the pockets of neighbors. The last time he got it back was four years ago. He sent it to a mail order house. He has never seen that dollar since, and never will. That dollar bill will never pay any more school or road tax for him, will never build or brighten any of the homes of the community. He sent it entirely out of the usefulness to himself and his neighbors when he sent it to the mail order house. The moral is plain.

## Putting up . . . ... Prescriptions

of course is the most important part of our business and it is the most exacting—but it's a responsibility we do not shirk. We do business on the policy that you cannot be too particular with medicine and our business of dispensing prescriptions continues to grow because the care we take is the same as if we were putting the medicine up for our own family's use. Bear that in mind when you require any medicine.

## THE BROKEN BOW Chautauqua JULY 25 to AUGUST 2

On Thursday, July 30,

at 2 o'clock, Judge Ben B. Lindsey will deliver an address. During the four years that Judge Lindsey has been on the bench of the Denver County Court, his work among delinquent juveniles has made him a national figure. From all over the civilized world come inquiries regarding the methods and administration system of the juvenile court of this young man of 35. It would be within the truth to say that Ben B. Lindsey's matinee court is the greatest single factor counting for righteousness in the state of Colorado.

## 25 ENTERTAINMENTS...

...AT 8 CENTS EACH

The statement that all colored people are good singers is not true. Great care must be exercised in the selection of voices. But with seven well-trained and educated men and women with fine natural ability and perfectly balanced voices, you have the best possible musical attraction for a Chautauqua. This we have in the Sterlings. Colored people have the volume, and there is a certain quality in their voices that blends beautifully with out of doors. This is one of the best jubilee company doing Chautauqua work.

A program that is absolutely unsailable and irreproachable.
