WE WILL GIVE ONE ADMISSION TICKET TO THE CUSTER COUNTY FAIR AND ONE FINE BUGGY WHIP

FREE

TO EVERY YOUNG MAN WHO PURCHASES \$5.00 WORTH OF

Merchandise in our store from September 7th to September 18th inclusive. This gives every man and young man in Custer County an opportunity to enjoy the Fair and Races one day at least at our expense and possess a fine Buggy Whip as a souvenir to remind him of the pleasures of that day for the rest of the year. Our business is done upon a strictly cash basis. We extend credit to no one. Doing business upon a cash basis we are enabled at all times to sell you **Clothing and Furnishings Goods** at a saving of **10 to 15 Per Cent** below the old time credit merchant. It is a well known business fact that a merchant doing a credit business is compelled to charge 10 to 15 per cent more for his merchandise to cover the loss of worthless accounts. In other words the man who pays cash for his goods and trades at our store saves paying for the Clothing of the vast army of men who never pay.

We heard an argument for Taft and the republican ticket last week from the lips of a Hamilton county farmer, which put in the shade all the arguments we have read from the pens of the greatest editorial writers in the country. He said: "As I sat on my binder the other day waiting for my horses to rest I fell to thinking about Bryan and Taft and asked myself which one I ought to support. I voted for Bryan once. Then I got to thinking about Mary and the children. A few years ago it was pretty hard sledding for us, but Mary helped me save. She sold butter and eggs, both at big prices and earned enough to buy our groceries. And I have saved my corn and sold it at 62 cents and for my wheat I got 90 cents. Now my mortgage is paid off. I just bought a piano for my oldest girl and I will make enough this year to send her to college next year. Those Bryan theories sound alright. I was influenced once to vote for him. But as I sat there thinking what Mary and I have been doing for ourselves and the children under the republican administrations I decided that I would cast my vote again for Mary and the children."—Aurora Republican.

There is the booster and there is the knocker, which are you? The booster is always ahead of the car of progress, pulling it along; the knocker is always dragging along behind, trying to hold it back. The former makes money for himself and everybody else; the latter tries to keep every one from getting anything except himself and what he gets he hides for fear someone will get it away from him. Everybody is glad to meet the booster and give him the glad hand; everyone shuns the knocker and gives him a kick when his back is turned. With big crops and high prices this section of country will be more prosperous this fall than ever before and the boosters will be up at the head of the procession, while the knockers will be forgotten.—Ex.

Our Lecture and Entertainment Course.

For several years Broken Bow has had a successful Lecture and Entertainment Course managed by a committee consisting of two members from each of our Young Peoples Societies. The success of former years, we believe, warranted us in arranging for another course this fall and winter. The committee has already secured the talent, six strong numbers, all of high class and each of a different nature. The dates range from Oct 14th to April 1st. This course is so managed that every dollar received for tickets is used to pay for talent except what is required for hall rent advertising, etc. Therefore if the course is well patronized an extra number will be given without extra cost to ticket holders. This was done last year and will be again this year if there are sufficient funds. The committee believes that they have a right to expect the co-operation of the public in making this public enterprise a success. We urge you to secure your tickets as soon as they are put on sale and not make it necessary for the committee to look you up. Help us to make this course a success and share with us the good things that are coming to our city.

JNO. D. BRADY,
Sec'y of Committee.

The National Corn Exposition which is to be held at Omaha December 9 to 10 will show the varieties best suited to certain sections of the agricultural region, even better than they were shown at one of the world's fairs or industrial expositions. To learn more about clover and alfalfa as soil rejuvenators is worth a trip to the exposition at Omaha. These crops not only feed the soil but also furnish a much needed protein feed. Better crops mean better crop rotation, and this means an effective way to get rid of many insect pests. The results of seeding fields to clover and alfalfa in regular rotation with other crops, will be shown in the magnificent exhibits which will be shown at the Omaha Exposition.

The REPUBLICAN is thankful for the many words of praise it has received during the past two months.

"Agricultural College Day" will be one of the big days at the National Corn Exposition to be held in Omaha in December.

Some of the agricultural colleges are making plans to secure special trains to Omaha and there meet the students from other colleges. It will be a great day as the students plan to have a big parade, each college delegation headed by one of the big special bands which will furnish music at the corn show. Purdue (Indiana) University students and faculty have arranged to bring their big exhibit from the Indiana state fair and the grain dealers, corn dealers, and business men will join the special train for the Omaha excursion. They will stop at Ames and visit the Iowa State Agricultural College enroute.
