17 CTS. A DAY BUYS AN OLIVER

This amazing offer—the New Model Oliver Typewriter No. 6 at 17 cents a day—is open to everybody, everywhere.

It's our new and immensely popular plan of selling Oliver Typewriters on little easy payments. The abandonment of longhand in favor of clean, legible, beautiful typewriting is the next great step in human progress.

A ready—in all lines of business and in all professions—the use of pen and ink is largely restricted to the writing of signatures. Business Colleges and High Schools, watchful of the trend of public sentiment, are training a vast army of young people in the use of Oliver Typewriters.

The prompt and generous response of the Oliver Typewriter Company to the world-wide demand for universal typewriting, gives tremendous impetus to the movement.

The Oliver, with the largest sale of any typewriter in existence, was the logical machine to take the initiative in bringing about the universal use of typewriters. It always leads!

Save your Pennies and Own The OLIVER Typewriter The Standard Visible writer

This "17 cents a day" selling plan makes the Oliver as low as to rent. It places the machine within easy reach of every home—every individual. A man's "cigar money"—a woman's "pin money"—will buy it.

Clerks on small salaries can now afford to own Oliver. By utilizing spare moments for practice they may fit themselves for more important positions.

School boys and school girls can buy Oliver by saving their pennies.

You can buy an Oliver on this plan at the regular catalogue price—\$100. A small first payment brings the machine. Then you save 17 cents a day and pay monthly.

And the possession of an Oliver Typewriter enables you to earn money to finish paying for the machine.

The Oliver is the most highly perfected typewriter on the market—hence it is 100 per cent efficient. Among its scores of conveniences are:—

- The Balance Shift
- The Ruling Device
- The Double Release
- The Locomotive Base
- The Automatic Spacer
- The Automatic Fabulator
- The Disappearing Indicator
- The Adjustable Paper Fingers
- The Scientific Condensed Keyboard

The Oliver Typewriter turns out more work of better quality and greater variety—than any other writing machine. Simplicity, strength, ease of operation and visibility are the corner stones to its towering supremacy in—

- Correspondence
- Card Index Work
- Tabulated Reports
- Follow-up Systems
- Manufacturing Service
- Addressing Envelopes
- Working on Ruled Forms
- Cutting Mimeographs

Can you spend 17 cents a day to better advantage than in the purchase of this wonderful machine? Write for Special Easy Payment Proposition or see the nearest Oliver Agent.

QUALITY VS QUANTITY

IF THERE IS ANYWHERE THAT QUALITY COUNTS IT'S IN

OYSTERS

That is why the wise housekeeper insists on having "SEALSHIP" Oysters. The price sounds higher, but the cost is actually lower; because you get solid meats—no water. "SEALSHIP" Oysters are carefully packed in steel containers with ice around the containers, but not in contact with the Oysters. This method makes a truly astonishing difference in the flavor of and appearance. "SEALSHIP" Oysters are as firm as when they came out of the sea, taste like half-shell oysters just opened.

You eat "SEALSHIP" with indescribable relish because you know they are wholesome, fresh and healthful.

You will find them at our store. We always have "SEALSHIP"—would not have any other kind.
