HERBERT G. MYERS, Editor and Publisher
WILL M. DUNN, Managing Editor

Every citizen of Nebraska can point with pride to the record of the state institutions during the past two years. They have been economically conducted, and every institution has been kept within the legislative appropriations. A change in the administration would mean a change in the state institutions, and would, undoubtedly prove a very expensive experiment.—Hastings Tribune.

Never since the city of Lincoln was founded has there been such a scene of activity among the democrats as could be witnessed at all hours of the day yesterday in front of the Lincoln hotel. The party not only seemed to be well organized but well heeled. That display of activity cost money and lots of it. If the same sort of show was made elsewhere people will begin to wonder about the full publicity of campaign contributions. It is well known, however, that Mr. Bryan was extremely anxious to carry his home city this time, and it is probable that an extra wad of money was spent here in deference to that ambition.—State Journal.

When election is over you will be surprised to see how easily you can swallow the result. It seems now as though if your side did not win it would be an almost fatal blow, but you will live it through. You know we had ten cent corn and forty cent wheat and got through all right. Mr. Bryan is more than a quarter right when he says good times are not the only consideration. With most of us, however, they are the greatest.—York Times.

Advertising Necessary.
Up to about 1869 the Mammoth Cave of Kentucky was widely advertised by its owner. But the owner died that year and left the cave to thirteen heirs scattered over the country. The lucky thirteen devoted themselves to dreams of spending the big income which the cave had been earning for many years because it had been advertised. But they forgot to keep up the advertising.
Now the cave is visited by comparatively few persons instead of by many thousands annually, as in the days when it was advertised.
But the great cave conveys a lesson to every business man. If you quit advertising, your place will be ignored by the public even more than Mammoth Cave is ignored, because you are not even a natural curiosity.
See the point?

No man who has the slightest self-respect will go to a neighboring town as a delegate to a convention, and quarter himself on a strange family. The members of the family despise him, and only agreed to entertain him after being bored to death. No family likes to have its privacy invaded in this way, and every man of sense should know it, and refuse to accept any such entertainment. If a convention is of so little importance that the delegates can not afford to pay hotel bills, it should not be held. It is not political equality that the women want so much as freedom from the impositions of societies and conventions.—State Journal.

County option will probably be defeated in the next legislature.

It is fitting that the great man who stands at the head of one of the greatest colleges in this land should renounce the use of alcoholic stimulants as a beverage. It only seems strange that he has been slow in making note of the fact that the wine which "maketh glad the heart of man," maketh sad the heart of woman, and ultimately put the user financially and physically to the bad. Better late than never, but better never late. President Eliot isn't the first man who has demonstrated the possibility of taking modicum of toddy without becoming an inebriate, but he admits himself that gladness of heart may be promoted without booze-fighting. The world is growing better.—State Journal.

County option will probably be defeated in the next legislature.

Cure Your Dandruff
Why? Because it is annoying, untidy. And mostly, because it almost invariably leads to baldness. Cure it, and save your hair. Get more, too, at the same time. All easily done with Ayer's Hair Vigor, new improved formula. Stop this formation of dandruff!
Does not change the color of the hair.
Formula with each bottle Show it to your doctor Ask him about it, then do as he says

The new Ayer's Hair Vigor will certainly do this work, because, first of all, it destroys the germs which are the original cause of dandruff. Having given this aid, nature completes the cure. The scalp is restored to a perfectly healthy condition.—Made by the J. C. Ayer Co., Lowell, Mass.

tained a party of their friends Tuesday evening. Those who were there report a hummer of a time.

Mrs. A. I. Routh arrived home from Lexington, Nebr., last Sunday. She reports that Mr. Rector, her daughters husband was better before she got there and was able to go to his work before she returned home.

Mrs. Oscar Tappan gave a party last Saturday evening for the school children of the valley. A very enjoyable time was spent in games, and other amusements, suitable to that particular night, after which refreshments were served.

Last Saturday afternoon while M. Ralph Johnson was unloading potatoes in the cellar, his eldest daughter met with an accident, that was just a miracle that she escaped with her life. Harriet, the younger child was in the front of the wagon holding the reins, while Adaline was at the back helping her father to pull the potatoes back into the basket. The team had drawn the wagon a little too much forward and Mr. Johnson told Harriet to back them a little. Harriet did as her father requested, but the horses backed to far and pinioned little Adeline between the wagon and the house. The noise brought the parents hurriedly. The team was driven forward and the little girl fell to the ground unconscious. She was taken to the house where she remained in that condition for about thirty minutes. A phone message brought Dr. Pennington promptly, but before he arrived the little girl had rallied, giving a hard scream as she regained consciousness. An examination was made but nothing was found to be hurt internally. The Doctor says by her stomach being empty at the time is the only cause of her life being saved.

WISSERT.
Fine weather for corn husking.

Ray Powell is husking corn for Alex Pirnie.

Carl Leck says he doesn't have to ride alone now.

Mr. Fred Govier spent a few days with his folks.

Mr. and Mrs. Hollenbeck visited at Mr. Cooksley's Sunday.

Mr. J. Aornback and wife will visit a short time at J. L. Sam's.

We are very sorry to announce the death of Mrs. J. L. Sams. She died at her home near Weis-

cert with heart trouble and tumor of the Stomach. All was done for her that human power could do. She leaves a husband and two sons besides brothers and sisters and many friends to mourn her loss. Mrs. Sams has lived in this community for several years and is well known by everybody. We know she is safe in the arms of Jesus. Our sympathy is extended to the bereaved ones.

BETHEL UNION.
Did you cast your vote for Taft?

Earl Heap is helping Smith Bros. gather corn this week.

Mrs. Clark Triplet visited last week with her daughter Mrs. Carl Holcomb.

Mrs. E. O. Cole has been quite sick the past few days and at this writing is not much better. We hope for her speedy recovery.

Nella Holcomb will give an entertainment and box social at the Hunter School house Saturday night, November 28. Let us try and go. Nella helps us.

Maggie Heaps accompanied by her brother and Elsie Kelly went to her school 12 miles west of Merna. The latter stopping with her parents until Sunday evening.

Rev. Brady filled his regular appointment at Bethel Union Sunday. Everyone was pleased with the sermon, and the beauty of the day that permitted so large an attendance.

Mrs. Mauda Holcomb entertained a number of friends and relatives at dinner Sunday in honor of her Grandmother's sister, Mrs. Lou Holcomb and niece Mrs. Dysa Wallace.

DUNNING.
Chas. Brome returned from Omaha the first of the week.

James Ledwich of Broken Bow was transacting business here Friday.

It was noisy in Dunning Hallowe'en night but not much mischief was done.

Broken Bow, Nebr., Oct. 11 '08. To whom it may concern:

This is to certify that I am in the farming and stock business in Custer County, Nebraska, and am somewhat acquainted with the diseases of cattle and horses. Having examined the Kepler Veterinary Instrument I think it is the ideal of perfection and would be the most useful and valuable instrument on a farm or ranch for corn stalk disease or alfalfa bloat.

WASH RANKIN,
Farmer and Stockman.

WORLD FAMOUS MEDICAL SPECIALIST
COMING TO BROKEN BOW

November 9 and 10

One of the leading medical specialists is to spend two days of each month here. Word has just been received that Dr. Gordon, who has been consulting physician to Hot Springs doctors, will by special request pay a visit to Broken Bow, November 9 and 10, and while here we will stop at the Grand Central hotel where he will receive patients.

Dr. Gordon will make examinations and give consultation free of charge and free treatment except for the bare cost of medicine used.

By nature's method of dissolved and eliminating poisons from the system, cleansing and building up the blood, nerves and bowels, he is able to permanently cure all such diseases as: Catarrh, Constipation, Rheumatism, Asthma, Gall Stones, Indigestion, chronic and deep seated diseases of the Nerves, Blood, Heart, Lungs, Bowels, Kidneys and Skin including diseases of women.

Dr. Gordon has cured a number of patients in this community and in other parts of this and other states where other physicians have failed, to whom he would be glad to refer you.

His system of home treatment is used in your homes without any inconvenience, publicity or annoyance and without detaining the patient from his other usual occupation.

"Opportunity is defined by Webster as a fit or convenient time. "A time favorable for the purpose."

Are you sick and ailing? Here is the "opportunity" to get well. The doctors do not treat all diseases but cure all they treat. If your case is found to be incurable you will be frankly told so and you will not be accepted for treatment at any price or under any conditions as Dr. Gordon absolutely refuses to accept an incurable case for treatment.

Dr. Gordon has had over ten years experience as a specialist in treating chronic ailments and in the past has been consulting physician to the Hot Springs doctors but now has an office of his own, permanently located in Lincoln, and will spend two days every

four weeks in Broken Bow, November 9 and 10, at the Grand Central hotel is his next visit. He never promises more than he can do. He invites all afflicted who really desire a cure, to honestly investigate his original and strictly modern methods.

A private consultation, careful personal examination will be absolutely free whether you take treatment or not. If you have any chronic or long standing trouble call on him and take advantage of his free offer. Dr. Gordon has associated with him on this trip Dr. Trowbridge, of Denver, Colorado, one of the leading specialists in the treatment of chronic diseases, who will assist Dr. Gordon in giving free examinations and consultations to all who call.

Dr. Trowbridge has few equals and no superiors in the treatment of chronic diseases of men and women. They will give a careful and scientific examination and honest opinion as to your condition and the possibilities of a cure. This treatment is endorsed by the world's leading financiers and business men, clergymen, newspapers, and above all by the thousands who were made well and strong by Dr. Gordon's famous treatment. He does not publish testimonials, but if you are skeptical he does not ask you to take his word alone, but will furnish you with a list of names of cured patients to whom you may write and you will be furnished with as many testimonials as you may desire to investigate. Dr. Gordon does not claim to cure all cases, but absolutely refuses to accept an incurable case for treatment, so that when he does accept a case the patient may be assured of a cure of his money. Remember the dates that Dr. Gordon and Dr. Trowbridge will be here Monday and Tuesday at the Grand Central hotel, and returning every four weeks, also that consultation and examination are absolutely free—whether you take treatment or not. Don't forget the date Nov. 9 and 10.
