### LUMBER JACKS GIVE BANQUET

HATCH CAMP W. O. W. ENTERTAINS ANSLEY WOODMEN.  
REV. DR. SCHLEH PRESENT.

Tables Loaded With Good Things to Eat.  
The Welkin Rang With Woodmen Shout and Song, as Logs Were Rolled.

Last Friday night will be looked back to by the members of Hatch Camp No. 277 W. O. W. as the crowning event in the history of Woodcraft in Broken Bow. For several weeks the Lumber Jacks had been preparing for this event. The forest had been scaled by the Woodmen and four suitable logs were brought in for rolling by the Lumber Jacks. In

order that these logs might be handled in true woodman style, an invitation was sent to Ansley Camp and about twenty sturdy Lumber Jacks with cant hooks, pikes poles, axes, beetles and wedges came to the Broken Bow forest and assisted in taking the four logs from the forest and making them a finished product—a true woodman, whose estate is enhanced in value from \$500 to \$3000 by the trimming process.

Rev. Dr. Schleh, Sovereign Lecturer and Chaplin for the W. O. W., came up from Omaha to see the work done and to impart to this section of the forest, words of good cheer. For an hour the Lumber Jacks drank in his words and their faces lighted up with joy, as he told of the objects and good which the order was doing in the world. His talk was full of good meat and was intensely interesting, as was evidenced by the fact that every Lumber Jack knew that the banquet was ready for them at the start of his speech, yet after nearly an hour's talk when he spoke of closing there were cries of "go on, the supper can wait."

At the close of Sovereign Schleh's address, the visiting Lumber Jacks from Ansley were escorted to the banquet room by the foresters of Hatch Camp and seated at the tables, where in true Woodmen style the Sovereign Chaplin asked the Supreme Sovereign Ruler's blessing on all present and gave thanks for the bountiful repast of which they were about to partake. It was a splendid spread and one that the members of Hatch Camp may well be proud of, for there was enough for the one hundred present and to spare.

The evening was an enjoyable one, the welkin rang with Woodman shout and song, as they made four homes secure against want when the Shadow of Death crosses their thresholds. To this end the Woodmen of the World are working and not a week goes by, but what some wife, mother or father, is paid from \$500 to

\$3000 because husband or son belong to the W. O. W.  
Hatch Camp is young, yet it has nearly sixty members and will have one hundred by January 1st, as the Lumber Jacks are after the banner promised them by Chaplain Schleh.

### SHOOTS FRANCIS J. HENEY

Haas Shoots District Attorney And Then Himself.

Francis J. Heney, assistant district attorney and a leading figure in the prosecution of the municipal corruption in the City of San Francisco, was shot in the right cheek by Morris Haas, a Jewish saloonkeeper who had been accepted in a previous trial as a juror and then discharged because Heney found out that he was an ex-convict. He walked up to Heney in the court room during the trial of Abraham Ruef and placing a revolver against his cheek fired the shot as a revenge for the exposure by Heney. A citizens meeting was held in San Francisco Saturday evening to call upon the public to protect the cause of justice. Other attorneys have offered their services and the cause of the prosecution will proceed. About 8,000 to 10,000 people were present at the monster mass meeting and passed resolutions condemning the act of the would be assassin and declaring that the work of the prosecution must go on.

Late Saturday evening Haas committed suicide in his cell in the county jail. Haas shot himself through the middle of the forehead with a .41 calibre single shot revolver which he had succeeded in concealing in his shoe.

### Did Not Favor Catholics.

President-Elect Taft in a reply to a letter from Rev. Magnus Larson of St. Paul, Minn., has denied the charge that he was partial to the Catholic church while acting in the capacity of governor of the Philippines. He states that the Friar lands were paid for out of the Insular treasury. He also states that the union of the church and state under the former government brought up new problems which had to be met to prevent another uprising and that these questions were all dealt with fairly and no special favors shown the Catholics.

### Editor Roosevelt.

President Roosevelt will, after his return from his African hunt, become a contributing editor to the Outlook. The charge has been made that James Stillman, president of National City Bank of New York, which is popularly known as the Standard Oil Bank, owns a controlling interest in the Outlook Company. This charge is denied by the Company. Wm. B. Howland, treasurer of the Company states that Stillman has owned less than ten per cent of the \$150,000 capital stock of the Company.

### Cubans Elect.

General Gomez has been elected president of the Cuban Republic. Governor Magoon states that the election was very orderly and free from the fraudulent practices which characterized the last Cuban election. The election was marked by great interest and enthusiasm and a very heavy vote was cast.

### Empress Dies.

Tsze Hsi An, the dowager empress of China and the autocratic head of the Chinese government since 1861 died at 2 p. m. Sunday. Kuang Hsu, emperor, died Saturday. Prince Pu Yi, the three year old son of Prince Chun, has been placed on the throne by an official edict.

### Notice to Public.

## The OLIVER Typewriter

The Standard Visible writer

This "17 cents a day" selling plan makes the Oliver as low as to rent. It places the machine within easy reach of every home—every individual. A man's "clear money"—a woman's "pin money"—will buy it.

Clerks on small salaries can now afford to own Oliver. By utilizing apartments for practice they may fit themselves for more important positions.

School boys and school girls can buy Oliver by saving their pennies.

You can buy an Oliver on this plan at the regular catalogue price—\$100. A small first payment brings the machine. Then you save 17 cents a day and pay monthly.

And the possession of an Oliver Typewriter enables you to earn money to finish paying for the machine.

The Oliver is the most highly perfected typewriter on the market—hence it is 100 per cent efficiency.

Among its scores of conveniences are:

- the Balance Shift
- the Ruling Device
- the Double Release
- the Locomotive Base
- the Automatic Spacer
- the Automatic Tabulator
- the Disappearing Indicator
- the Adjustable Paper Feeders
- the Scientific Condensed Key-board

The Oliver Typewriter turns out more work of better quality and greater variety than any other writing machine. Simplicity, strength, ease of operation and visibility are the corner stones to its towering supremacy in

- Correspondence
- Card Index Work
- Tabulated Reports
- Following Systems
- Mantling Service
- Addressing Envelopes
- Working on Ruled Forms
- Cutting Mimeograph Stencils

Can you spend 17 cents a day to better advantage than in the purchase of this wonderful machine?
