WE SAVE YOU MONEY

Extraordinary Watch Values.

DO YOU WANT A WATCH? Most every one does. Everybody needs one. Some people, however, don't feel like paying a large sum of money for one. They try to get along by depending on the public clock and their friends for the time. Inconvenient, of course. I have a number of watches taken in exchange that I shall sell at bottom prices. All the leading makes. I have put them in first class condition and they keep as good time as new ones. There's no further excuse for your going without a watch.

The assessed value of the state of Nebraska \$391,735,484 as against an assessed valuation of \$329,413,349 last year. This figure represents one-fifth of the actual value of the property listed for taxation. These figures show an increase in valuation of about \$62, 300,000.

The government's position for a reopening of the case in which the United States circuit court of appeals reversed the trial court in fining the Standard Oil company of Indiana \$29,240,000 for alleged rebating, has been denied in the court of appeals. It is probable that the government will now attempt to bring the whole matter before the supreme court on a writ of certiorari. The government in its position for a rehearing intimated that if the opinion of the judges of the appellate court—Grosscup, Seaman and Baker—was allowed to stand it would nullify nearly every shred of the reformatory legislation accomplished by the Roosevelt administration.

Governor-Elect Shallenberger is kept busy these days looking after the applications for appointments that are made to him. He has several hundred of them now to look after and each mail brings in more and more. Some of the Democrats insist that Shallenberger should appoint none except the Bryan Volunteers because they were the principal workers in the campaign and each one dug up his ten dollars towards the campaign fund of the Democrats. Others say that the work of the Bryan Volunteers was primarily in behalf of Bryan and that they are not entitled to consideration from Shallenberger. Shallenberger has announced that he is going to make the appointments early and this is partly the cause of the rush of applications.
