purchased the building occupied
by their Furniture and Hardware
store and expect to put in a line
of furniture after they get the
building re-modeled.

Auctioneer H. A. Tinder at-
tended the sale at the Scofield
farm Wednesday. Mr. Tinder
will go up to Anselmo, Saturday
morning to conduct their regular
semi-monthly sale at that place.
Mr. Tinder says that the horse
market is opening up and that
there is now a demand for horses
at good prices. They have a
nice line of live stock listed for
the sale at Anselmo, and he ex-
pects a good market day there at
each sale after this.

Miller & Kennedy, the general
hardware men on the south-side
of the square, have secured a
new harness maker. They have
hired Dock Edminsten of Litch-
field, who has had ten years ex-
perience as a general repair man
and maker of hand made har-
ness. They have one of the best
lines of harness in the city and
expect to make the harness busi-
ness one of their special features.
They propose to furnish the
genuine hand made harness and
guarantee the best of workman-
ship.

I. A. Reneau placed replevin
papers in the hands of constable
P. M. Towsley last Monday at
one o'clock and instructed him to
take charge of the hotel Reneau's
relation with Mr. and Mrs. A. L.
Burgin proved unsatisfactory to
Mr. Reneau and he got them to
sign an agreement to vacate Sat-
urday night at six o'clock. This
they seemed unwilling to do when
the time came and he gave them
a three days notice to move out
at the time he placed Constable
Towsley in charge. The building
is now vacated and Mr. Reneau
hopes soon to secure another
manager.

**Teddy Bear's New Year
Resolutions.**

RESOLVED—
That throughout
this year 1908 I will
try to be good and
do good; that I will
try to help myself
and help others;
that I will stand by
the old town and the
home people and
help to boom the
burg.

RESOLVED—
That from January
to December, inclu-
sive, I will quit dis-
sipated—quit dissi-
pating my dollars by
taking them out of
circulation here
around home and
sending them to the
big cities to buy the
things that I can
buy and ought to
buy right here in
town.

RESOLVED—That I will stop smoking—stop
smoking pipe dream dope suggesting big bargains to
be had, unsight unseen, from the gigantic stores in
the gigantic cities, and go around among the stores
here at home looking for bargains that are there to
be seen with the naked eye.

RESOLVED—That I will patronize, by prefer-
ence, the stores that advertise in the home paper
and therefore have enterprise enough to tell the
people what they've got in stock.
(Signed) **TEDDY BEAR.**

Br'er Rabbit: "Say, Teddy, that last resolution is the
goods, all right."

Mrs. J. G. Brenizer took the
train this morning for San An-
tonio Texas for a few days visit.

Mr. and Mrs. S. W. Roup will
leave this evening for Tecumseh
where they will spend a few days
visiting with relatives.

Mr. and Mrs. F. E. Boyd left
for Lincoln Wednesday night
accompanied by Dr. Talbot. Mrs.
Boyd has been ill for several days
and was taken to the hospital at
Lincoln.

Messrs. Robinson and Tuttle
have purchased the harness
business of George Willing and
combined it with their own stock.
They are now thoroughly set-
tled in the building formerly oc-
cupied by James Ledwich and
have started out with a good
business.

The B. and M. stock train No.
46 was wrecked at Mullin Wed-
nesday morning. Twenty-six cars
went into the ditch. It will take
about a week for the railroad
company to clear up the wreck.
The wreck was a fortunate one in
that no lives were lost and no-
body was hurt.

Mrs. Theodore Horman, was
brought over from Sargent, Wed-
nesday by her husband and taken
before the Insanity Board of the
county. Mrs. Horman was found
insane and taken to the asylum
this morning by Sheriff Kennedy
and Mrs. S. L. Miller. Mrs. Hor-
man seems to have been gradu-
ally losing her mind for about
three years, but the case has only
become bad enough recently for
her to be taken before the In-
sanity Board. It is thought that
she will recover in a short time
under proper care. She is the
mother of twelve children and for
this reason the case is an un-
usually sad one.

About December 18th, a suit
case belonging to Miss Erma Wil-
ling was stolen from the platform
of the city depot. The efforts of
the railroad Co. and the local au-
thorities to get any trace of the

suit case were unsuccessful until
Wednesday of this week. Infor-
mation was received that some
dresses had been left in the Sun-
side school house near Hunter's
ranch north of the city. Mr.
Hunter and E. J. Wilson of Alli-
ance, who is representing the
railroad Co. went out to the
school house Wednesday after-
noon and found the dresses, but
were unable to get any clue as to
the identification of the thief
and have so far failed to find the
suit case.

"Enlisted For The War."

edy Drama that the members of
Co. "M" expect to present to the
people of Broken Bow on Monday

Military play full of fun and a
good plot. It will be under the
direction of Mrs. Hattie Speake
who is a first-class director and
with Miss Olivene Watts, who
brought down the house in the
"Country Minister," as leading
lady, supported by a strong com-
pany of local talent is sure to be
a decided success. Remember the

birthday, and watch these colt
wuns for cast of characters.

CUSTER COLLEGE NEWS.

A meeting of the students was
held in one of the recitation
rooms Tuesday afternoon for the
organization of a college literary.
Professor Cornet called the meet-
ing to order. Miss Lula Williams
was elected president; James
McClintock vice-president; Roy
Thompson treasurer; and Herbert
Dorris secretary.

Two games of basket ball were
played in the local armory Wed-
nesday night. The first was
between the college and the high
school team and the second game
was a contest between the
college five and a team picked
up from the basket ball players
of the city. The college five won
both games by good scores. They
defeated the high school by the
score of 21 to 15. This allows
the college aggregation to main-
tain an undisputed title to the
championship of the city. The
college five has lost but one
game this season and that was
to a team that it has defeated
several times.

**Denatured
Alcohol.**

Why use wood alcohol
when you can buy grain al-
cohol denatured, just as
cheap? Denatured alcohol
has a pleasant odor and is
harmless to use.

Wood alcohol has been
known to cause blindness.
Denatured alcohol can be
used for cooking, heating,
etc.

DR. CALDWELL'S CURE FOR CANCER

Authoritative Instances of the Treatment's
Curative Results.

Treatment Produces Almost Immediately a Complete
Relief From Pain

Cancer as a rule has no respect for
person, climate, altitude or position. It
is found as often in the large cities of
the United States as it is throughout the
country. Dr. Caldwell, affording her-
self of the opportunity by her frequent
visits professionally to the different
parts of the United States, has had access
to a proportionate percentage larger than
that of any known physician. Her plan
of treatment, beginning some years ago,
has extended to now almost all parts
of the United States. Doctors in general
are willing to admit of her ability and
while there are a few in particular who
do not like the methods pursued by Dr.
Caldwell still they cannot help from ad-
mitting that she is a wonderful element
in the profession. The one particular
complaint laid at the door of Dr. Cald-
well's method is that of advertising.
The old time school of medical ethics
an unwritten law prohibits advertising.
Not that the plan of advertising detracts
or interferes with any physician's profes-
sional ability but is not considered by
doctors as a whole as a fair and square
deal. In fact in the doctor business, the
code of medical ethics and the adhering
to that plan of ethics is what we might
term a trust, a law or an understanding
which binds physicians socially to carry
out a certain plan of laws formulated and
known to themselves only. Dr. Cald-
well has always believed in letting the
good things be known.

Diseases of women, which require
more ability and skill in their treatment
than any other class of diseases are treat-
ed with the greatest success by methods
original with Dr. Caldwell and 90 per
cent of the usual operations are avoided.
Operations, as is well known, even the
slightest of them, are attended with dan-
ger, and when a system of treatment is
so effected as to render a cure possible
without operating it is certainly one to
be considered. Dr. Caldwell's system
of treatment means natural medication,
it means no poisons given, it means no
diseases produced or injury done, it
means a most successful system of medi-
cine known all as a result of her expe-
rience in her large continued practice.
Years of the largest and most successful
practice in the northwest is evidence of
the superiority of her ability and integ-
rity. Dr. Caldwell furnishes her own
medicine. Her laboratory is known to
contain the largest assortment of pure
medicines of any laboratory to be found
throughout the United States. She is
directly interested in each patient, there-
fore when she treats them and the medi-
cines are prepared directly under her
supervision she knows that the patients
are getting just what she intended them
to have.

Frank Colton, Oakdale, Nebr., says:
"I was an invalid for eleven years from
stomach and heart disease. I had been
given up as incurable by five doctors, and
concluded to give Dr. Caldwell a trial.
After three months treatment I was al-
most well; I continued it two more
months and from that day to this which
is seven years, I have been a well man."
Mable Swanson, Greeley Center, Neb.,
cured of long standing nervous disease.
Dr. Caldwell will make her next visit:
