THE CUSTER COUNTY REPUBLICAN is now excelled, as a live up-to-date weekly, by no paper in its territory. The local news is reported every week by its competent staff of reporters, the news of the State Capital, written by one of the most able newspaper men in the State, is found every week in its columns and a series of one of the best letters obtainable from the National Capital starts in this issue. The enormous cost of publishing a paper of its quality makes it necessary to raise the subscription price to \$1.50 per year. You can get it now for 50 cts but after February 15th it will be \$1.50 per year.
