

# UNBELIEVING MEN AND WOMEN

WHEN he said unto them, Oh men and women: Slow of hart to believe what thy furniture man hath said unto thee.

But remember we hold the blameless. For thy Catalogue Houses have set before thee misrepresentations of their wares that they might profit thereby. Harken unto me all ye that are weary and heavy laden. And I will give you rest, for my goods are what I represent them to be. And our prices are right.

## To Advertise Enough Is Not Always Possible. But more Progress in that Direction May Be Made.

"Enough" advertising would give your business an immediate "jump"—give it an impulse forward which nothing could check.

If, therefore, you COULD advertise "enough," your prosperity problem would be quickly solved.

What you CAN DO NOW is to reach out in the direction of adequacy in your advertising—"sacrifice" other things, in your desire to keep pace with the best and biggest advertisers in your line.

If you make "other things" pay for the advertising up to the point of partial adequacy, after that the advertising will pay for the other things.

## Artist's Skill Counts in Dress

Ready made clothes are not made with the idea of becoming any particular individual and do not conform to his tastes and characteristics.

When we make your suit for you we STUDY YOUR PECULIARITIES and YOUR TASTE. No two men are BUILT JUST ALIKE and no two men can wear the same suit and have it give their dress a stylish and artistic effect. If you want YOUR CLOTHES to be BECOMING and APPEAR DRESSY you must have a trained artist to MAKE THEM ESPECIALLY FOR YOU.

Come in and see our complete line of spring and summer goods and let us talk it over with you.
