 George Barber got hurt last Friday. He was hurrying to the house on a riding plow, on account of having just received word of his mother's accident, and in some way fell between a wheel and some part of the plow seemed to sort of crush his limb. He was lucky in getting the horses stopped immediately which saved him from getting severely injured.
 Miss Bertha Koozer was in town one day last week having some dental work done.
 Walter Reynolds did not like this country so very well, so departed one evening for last week before his sister arrived here. The household goods he brought with him, he left to be sold at auction in town last Saturday afternoon.
 There has been three runaways in Tappen Valley just recently caused by horses getting frightened at automobiles. One buggy has been completely demolished, another where a team broke loose from the wagon and running but doing no damage, and last was Mr. Healey who works for Ralph Johnson. Mr. Healey was going to the field on a gang plow, with four horses, when an auto appeared, causing the horses to become frightened and two of them broke clear away and ran home, but the gentleman was able to manage the remaining team so no damage was done only a little time lost.
 News reaches us that the Mountain Lion was seen at Georgetown Sunday. The animal was the real thing allright and was seen to kill a two year old steer. They are trying very hard to catch this troublesome beast.
