Political Announcement.

Being prompted by a desire to lead and direct the educational forces of the great county of Custer, in whose schools I was a pupil nearly 30 years ago, I hereby formally announce myself a candidate for the position of County Superintendent of Public Instruction.

WALTER W. WATERB.

I hereby announce to the Republicans of Custer County that I am a candidate for the nomination to the office of County Surveyor subject to the expressed will of the members of my party at the primary.

A. J. VANANTWERP

COUNTY SUPERINTENDENT.

I desire to announce my candidacy for the office of County Superintendent, subject to the wishes of the voters and school patrons of the county.

I was born in Custer county and received my common school education in her schools. Since then I have taught several years in the district and village schools of the county; have received a professional state certificate and completed a full college course.

GARLAND E. LEWIS, Asselmo, Nebr.

The announcement of the candidacy of Garland E. Lewis for county superintendent appears in this issue. Mr. Lewis is a young man who has been raised and educated in Custer County and would make a good county superintendent.

The candidates for county offices are beginning to make their announcements and the voters should keep their eye on them and study their qualifications. The most essential thing in the operation of a popular form of government such as ours is the selection of good party candidates and that responsibility under the primary system rests on the people.

Legislator was Rotten.

W. J. Taylor, of Merna, who was one of the Democratic representatives from this district in the last legislature says:

"Everybody knows that the Democratic legislature was completely helpless in the grip of the corporations, insurance companies and brewers, and fell far short of redeeming its pledges. Good honest Democrats, many of them in the house, admitted by explanations to be printed in the house journal, that our party could not redeem its pledges because of the influence of the corporations."

Take that and smoke it in your pipe Brother Beal. If you believe in straightforward, honest journalism, now, come out and admit the truth.
