

The Best Car On The Market

The Jackson Car

The Jackson is the best all around car on the market to-day. The car is good in all of its parts. It is a leader in simplicity, in power and in durability. It is so simple of operation that anyone can run it. And then, too, the price is reasonable.

The Jackson has made its reputation on the fact that no hill is too steep and no sand is too deep for it. This is not simply an idle claim but it is an actual fact which will be proved to your satisfaction if you will give us an opportunity to demonstrate the car to you.

Keep Your Poultry Healthy

It pays to feed your hens and chicks some good reliable poultry food occasionally rather than let them droop and die from cholera. It will serve as a tonic and a preventive of diseases.

It also makes hens lay. I have the GREAT WESTERN POULTRY TONIC that is guaranteed to give satisfaction. I also have insect powders and lice killers which are an essential thing to keep chicks healthy during the summer months.

Corn is nearly all planted in this vicinity. There was a heavy rain last Thursday night accompanied by quite a bit of hail. No damage was done and we can still stand more rain.

A large number of the patronage bills passed by our last legislature have been found on investigation to be defective and will not stand. Among the bills which were found to contain defects is one which has a curious bearing on the W. C. T. U. of the state. The bill was meant to give a legal standing to a number of different societies which are legalized by the state. By this act, or a part of the bill, and in the case of the W. C. T. U. the name was wrongly put in the bill and the mistake was never noticed until it had passed both houses and been signed by the Governor. The name in the bill reads "Woman's Christian Independence" so there is no longer a W. C. T. U. in this state as the bill excludes from incorporation all except those named in it.

J. M. Christensen, an old gentleman who lived in the east part of the city, died at his home last Thursday morning. He had worked the day before and was apparently in

good health up to the hour of his death.

The funeral was held at the M. E. Church on Monday at three o'clock p. m. and was conducted by Rev. Thompson who preached an earnest and eloquent sermon and the remains were conveyed to the cemetery, where the last sad rites of burial were performed.

The deceased came from the old country 22 years ago and settled on a homestead near Berwyn, his county, where he reared his family and about three years ago, moved to Broken Bow and about six months ago, he and his faithful wife celebrated the golden anniversary of their wedding.

Besides a wife, he leaves ten children to mourn him, four girls and six boys, all of whom with the exception of one who is in the old country, attended the funeral.
