

WILL IMPROVE PUBLIC SQUARE

E. C. House Offers to Start Necessary Fund

If Other Men Will Co-operate

House Will Give \$25 per lot for lots off Public Square if Owners of lots on Square Will give \$50

Editor Republican:- Now is the time to do some effective work in fixing up and beautifying the public square. The city can do something toward the work that should be done. This will not only make the square a more pleasant place to rest and spend your leisure hours but it will also raise the value of the property around the square. To get the matter in definite form before the people I wish to announce that I will give \$25 for each lot that I own in blocks adjoining the public square if the property owners around the square will give \$50 for each lot that they own. E. C. HOUSE.

The above statement speaks for itself. If each one of the property owners around the public square would give fifty dollars per lot, it would raise a fund of \$2,000.00. This, together with the city's levy which will raise about \$900.00, would make it possible to employ a landscape gardener, put in cement walks through and around the park, rebuild the band stand and put in an elegant fountain with a statuary. Think of what a pleasure it would be to spend your spare time in such a place; think of the pride that you would take in showing your friends through the city park; and last, but not least, think of the difference it would make in the valuation of your property!

The Veterans of the Civil war, and members of the G. A. R., realizing that very soon they must commit the observance of, and ceremonies connected with the keeping of Memorial day to younger hands and hearts, and

On behalf of the ladies of the W. R. C. we especially thank the men who so kindly carried them to and from the cemetery in their auto cars. To the young ladies for their assistance in the program, to our Comrade J. B. The class motto, "Know Thyself," was suspended above the platform on the stage, and the stage was tastefully decorated with flowers and bunting. The young ladies were all dressed in white and carried a wreath of flowers, making a very pretty scene as the graduates came onto the stage, lead by President A. R. Humphrey, of the school board, and Supt. J. M. McIndoo. The orations showed very careful preparation and the arguments made by debaters were exceptionally good.

The following is the list of graduates:

NORRIS CAUGHT IN SEDGEWICK, COLO.

Young Man who Hired Team of L. Cushman Caught at that Place.

HAD NOT DISPOSED OF THE RIG

Sheriff Horace Kennedy Left Thursday Morning for Kearney Where it is Expected he Will Meet Prisoner.

L. Cushman, whose team was reported stolen last week, found one of the horses and the buggy in Lexington and the other horse and his harness was found about six miles east of Eddyville.

James Bobblets, of Tucker-ville, reported last Thursday that he had met Norris and he inquired the road to Lexington. Cushman telephoned to Lexington and found that Norris had left the buggy and one of the horses at a livery barn in Lexington at once and identified his horse and buggy. He secured the aid of the sheriff in his search for the other horse and after telephoning all over the country around Eddyville they located the horse and harness at

a ranch six miles east of Eddyville.

One of the horses gave out a this ranch and Norris asked permission to leave the horse and harness there and secured a pair of shafts to drive the other horse on into Lexington. He stated that he would be back the following Tuesday. After getting to Lexington Norris disappeared.

Sheriff Kennedy received a telegram from the sheriff at Sedgewick, Colorado, this morning stating that he had arrested Norris, and Kennedy went to Kearney this morning to meet him and bring Norris to this city. He also received a letter from Norris' mother at Superior giving the information that his father was a liveryman instead of a veterinary surgeon as Norris stated. Mrs. Norris said that she did not know anything of his whereabouts until she learned of his running away with the team. She expressed their willingness to do anything they could to fix the matter up though they had a large family and were not in very good circumstances financially.

COMPANY M MAY BE RE-ORGANIZED

Commercial Club Has Asked Permission to Muster.

NOW HAS ABOUT 35 MEN

Mustering Officer Kennedy Believes That Additional Men to Make up Required Number will Come Later.

Mustering Officer Kennedy reports that he has about thirty-five men sworn in for the re-organization of Company M. The adjutant general stated when the company was mustered out that it would be necessary to secure forty men before the company could be mustered in again, but it is believed that he will consent to the mustering of the company with the present number of men enlisted because it will be certain to have the required forty in a short time. Hugh Kenoyor will be the captain of the new company and Earl Molyneux has been selected by the commercial club to take the position of first lieutenant. The second lieutenant will be elected by the men in the company. J. L. Hollandsworth, who was captain of the company at the time it was mustered out recently, and Herbert Dorriss are men who may be elected to the place of second lieutenant. The people of the community and especially the former members of the company will be glad to see the company organized again, and they hope that it will remain here permanently.

ASKS DISTRICT TO VOTE \$35,000 BONDS

To Better the School Facilities in Broken Bow.

High School and Ward Buildings

Will Buy Site for Ward Building in Southeastern Part of the City Now to Save Increase in Valuation.

At a meeting of the school board this evening, the board decided to circulate petitions asking the board to call a special election to vote bonds in the sum of \$35,000.00 to erect a new high school building and purchase the site for a third ward building in the Southeastern part of the city. Only one of the rooms in the north and south side buildings will be left unoccupied when the high school is moved into the new building and it will only be a few years until it will be necessary to build another ward building. The board believes that it is advisable to purchase the site for the third ward building at this time in order to save the additional cost of the raise in valuation of the real estate, between now and the time when the building is built.

Charles Roderick became violently insane while working in one of the rooms of the Broken Bow Business and Normal college last Friday. He was taken to the city hospital in an automobile for treatment and later taken to the asylum. Too much study and confinement is supposed to have caused him to become insane.
