

The Best Car On The Market

The Jackson Car

The Jackson is the best all around car on the market to-day. The car is good in all of its parts. It is a leader in simplicity, in power and in durability. It is so simple of operation that anyone can run it. And then, too, the price is reasonable.

The Jackson has made its reputation on the fact that no hill is too steep and no sand is too deep for it. This is not simply an idle claim but it is an actual fact which will be proved to your satisfaction if you will give us an opportunity to demonstrate the car to you.

A Hair Dressing

If you wish a high-class hair dressing, we are sure Ayer's Hair Vigor, new improved formula, will greatly please you. It keeps the hair soft and smooth, makes it look rich and luxuriant, prevents splitting at the ends. And it keeps the scalp free from dandruff.

At the same time the new Ayer's Hair Vigor is a strong hair tonic, promoting the growth of the hair, keeping all the tissues of the hair and scalp in a healthy condition. The hair stops falling, dandruff disappears. A splendid dressing.

Dry Valley.

We are having plenty of humidity these days. We ought not complain even if some haven't all of their corn planted.

Mr. T. H. Decker met with quite a serious accident while listing corn. In some way the lister upset upon him while the horses were still going, dragging him with the lister, bruising, and at one time it was thought rupturing him. At this writing Mr. Decker is doing as well as well as could be expected and it is now thought an operation will not be necessary.

The oats sown broadcast are not as good as in former years on account of the freezes and afterwards dry weather. The drilled oats look fine. We put ours in that way and made a suggestion favoring the drilling of oats

before the seeding began.

If any one wants insurance, or to sell, buy or rent a farm, or want legal papers drawn up or acknowledged, platting or surveying done, remember J. L. Ferguson the hustling real estate man can fix you out by calling or phoning him.

Subscribe and advertise in the REPUBLICAN and have a good newsy clean sheet in your homes, thereby keeping informed of all the late topics of the day, and oftentimes this knowledge is invaluable in making and saving money. We have seen once in a while where persons owning their own homes not having a county paper sent them. How they do this we cannot understand, for we take all of the county papers and cannot get along without them.

This is going to be the banner year. The majority of the corn is all up and a finer stand or larger acreage we never saw. Custer county will certainly be one hundred per cent and this year.
