

GREAT PROGRAM FOR 4TH OF JULY

Celebration in This City on Monday, July 5th.

GRAND FLORAL AUTO PARADE

Two Base Ball Games, Two Balloon Ascensions, Wrestling Matches, Acrobatic and Contortionist Exhibition, Fireworks and Sports.

The program for the coming Fourth of July celebration on July 5th in this city is announced on page 3 of this issue. The program speaks for itself. It shows that the celebration will be just what its managers claim—the greatest one ever undertaken in the western part of Nebraska. No city in this part of the state has been able to secure as good a program as is arranged for the celebration in this city and the committee guarantees that everything announced on the program is just what it is advertised to be.

The committee is expecting fifteen thousand people to come here for the celebration and plans are being laid to see that they are properly taken care of while they are here. The committee will instruct the marshals of the day to see that no automobiles are running about on the main streets and public roads leading into the city before the time of the automobile parade which starts at 11 a. m. This is done in order to give the farmers an opportunity to get into the city and have their teams taken care of without danger of their scaring at the autos. Every precaution will be taken to see that the automobiles cause no trouble.

Two base ball games will be played during the day between Broken Bow and Ansley. These will be played at the Broken Bow base ball park and twenty-five cents admission will be charged. Two moving picture shows will be going all day. The admission to this will be ten cents for adults and five cents for children.

Farmer Burns, who was at one time the champion wrestler of the world and who at the present time holds the world's championship in the middleweight class, will wrestle Oscar Wasem, the champion heavyweight of Nebraska. Wasem has met some of the best men in the world and comes here with a reputation behind him and a determination to win. The match will come off at 7:30 in the evening and fifty cents admission will be charged.

The automobiles for the grand floral auto parade will meet two blocks west of the Methodist church at 11 a. m. Every auto owner in the county is urged to decorate his car and take part in the parade. The committee offers three prizes of \$15, \$10 and \$5 for the prettiest autos in the parade.

The committee appointed to arrange the comic parade is getting up comical costumes for 150 people. It is expected that this will be one of the funniest features of the celebration.

The noon hour is left open so that those who bring basket dinners may get together in the park and enjoy a "dinner like mother used to get up."

The first balloon ascension will go up at 1 p. m. This will be followed by the address of the day by Rev. Chas. W. Savidge, of Omaha. Rev. Savidge has

married several thousand people and the committee offers a prize of ten dollars to any couple that will allow him to marry them after the close of his address. The rest of the afternoon will be given over to the penny showers, the wrestling exhibition, the exhibition of contortionist and acrobatic work by Baby Albertena, the great eight-year-old acrobat, and the races and other athletic contests arranged by the committee. Farmer Burns' two boys who are thirteen and sixteen years old will put on the exhibition wrestling match. These boys have traveled over the state wrestling at the county fairs and are recognized as being the two greatest wrestlers in the state of their age. Farmer Burns will referee the match and will give a free lecture on the art of wrestling.

A new and novel feature will appear in the exhibition of Baby Albertena. Her work has always been exciting and marvelous but the greatest of all the performances ever put on by her will be the human frog act put on just after supper. The comical pranks cut up by this human frog will delight the children and bring forth their merry laughter.

An open air band concert will be given in the evening in the public square. The second balloon ascension will go up at 9 o'clock and will carry a lot of fusces making a grand fireworks display as it soars unto the air. A large quantity of fireworks has been secured and these will be started off at 9:15 and will last for an hour and one half.

COUNTY COURT SETTLES CASES

Three Disputes Taken Into Court and Two Men Found Guilty of Offenses and Fined.

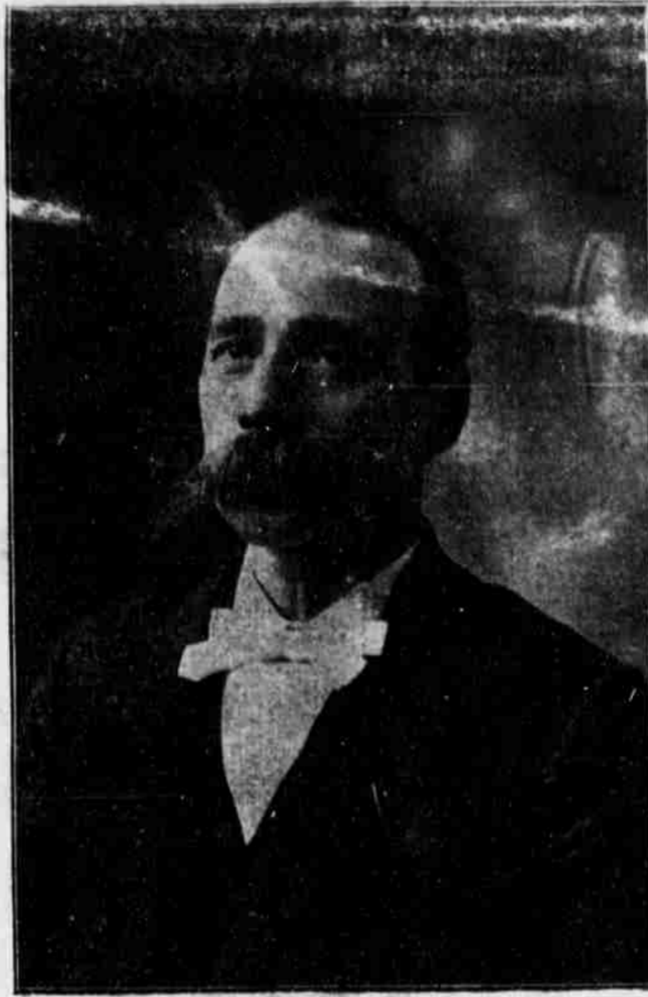

The law suit between I. A. Reneau and W. J. Woods in which Reneau sued Woods for a sum of money, resulted in a verdict for Reneau in the sum of \$1.00. Reneau paid the costs amounting to \$6.00.

Diah Woodruff, S. S. McConnell and G. L. Crookham, of Georgetown, were in the city today. Woodruff and Crookham had some trouble this week over cattle getting through the fence, a few blows resulted. Crookham was charged in county court with assaulting Woodruff. He pleaded guilty to the charge and paid a fine of twenty dollars and costs.

When the case of the State of Nebraska vs Roy Norris came up in county court this week, Norris waived preliminary examination and was bound over to the September term of the district court for trial. Norris is the young man who drove L. Cushman's team off about two weeks ago and left one of the horses at Eddyville and the other horse and the buggy at Lexington and then rode to Sedgewick, Colo., and paid two days board on twenty cents.

Norris is under age and he was placed in charge of Sheriff Kennedy while awaiting his trial in September. Kennedy secured him a job on Claris Talbot's ranch and Norris' wages will be used to reimburse Cushman for his expense in get his team back.

George Lortz, a young man who has been working for George Bush, was up in county court this week charged with carrying concealed weapons. He

Savidge is considered by many people as being one of the greatest preachers in the country. He has married several thousand people and is devoting a great deal of his attention to securing life mates for men and women. Rev. Savidge will speak in the morning on "A Leaf From My Own Religious Experience." The subject of his address in the afternoon will be "Have You Found Your Mate"

COMMERCIAL CLUB MEETS WEDNESDAY

To Hear Report of President H. Lomax.

H. M. BUSHNELL WILL SPEAK.

Smoker at Temple Theater Wednesday Evening to Give the Members of the Club an Opportunity to Know What is Being Done.

Hon. H. M. Bushnell, president of the Nebraska Association of Commercial Clubs, will be in the city next Wednesday and will address a meeting of the local Commercial Club in the Temple Theatre at 8 p. m., in the evening. Pres. H. Lomax, of the city club, will give a report of what the Broken Bow organization has been doing since its organization Mayor Dan Rockwell will preside and five minute comments on the report will be made by W. A. George, H. M. Sullivan and H. G. Myers. Plenty of lunch and cigars will be on hand for consumption. The object of this meeting is to get the citizens of Broken Bow together and give them an op-

portunity to learn what the club is doing for the city. The committee desires that every man in Broken Bow, regardless of whether he is a member or not, be present at this meeting.

H. Lomax, F. M. Rublee and E. R. Purcell, have been appointed as a reception committee to entertain Mr. Bushnell while he is in the city. The committee appointed to arrange for the smoker consists of George Turner, Dr. W. V. Beck, Dr. F. W. Buckley and H. G. Myers.

GLIDING MACHINE FALLS 4000 FEET

Professor Sorenson, of Berwyn, Has Narrow Escape.

MACHINE BROKEN: MAN UNHURT

Sorenson Raised His New Flying Machine to a Height of 4000 Feet by a Balloon and Fell to the Ground in less a Minute and a Half.

Prof. U. Sorenson, of Berwyn, made one of the most daring ascensions with his gliding machine last Sunday evening that was ever known. The machine was raised to a height of 4000 feet by a balloon and when he cut loose from the balloon he fell to the ground in less than a minute and one-half. The machine was smashed all to pieces, but Sorenson came out unhurt.

When the balloon left the ground carrying the machine it went like a shot and the rudder struck on the ground in such a way as to break it off. This accident was not noticed by Prof. Sorenson and he cut loose from the balloon at a height of about 4000 feet, thinking that it was in perfect condition for flying. The machine upset and started for the ground with lightning speed. Prof. Sorenson went coolly to work to check its rapid fall as much as possible and succeeded in getting it right side up. It then continued a spinning motion until it hit the ground, taking about a minute and one-half to fall the 4000 feet.

This was Prof. Sorenson's first attempt to fly the machine and he set to work at once to rebuild it and make another trial. The machine will be on exhibition in Broken Bow on July 5, the day of the great 4th of July celebration. Prof. Sorenson will make two balloon ascensions on that day. One of these will go up in the evening carrying a beautiful display of fireworks.

SUPERVISORS HEAR PROTESTS

Citizens Object to Land Valuations by Deputy Assessors.

County Live Stock Valuations.

Some Road Matters Come up for Consideration—Equalization of Personal Taxes for 1909 not Finished.

The attention of the County Board of Supervisors has been largely taken up this week with the hearing of protests on the valuations of real estate by the deputy assessors. Protests have been made by John Sweeney, Charles Scholz, Frank Weisenrider and H. M. Marquis, of this city; M. E. Gordon, of Merna; C. D. Helms, of Ansley; Joe Right of Berwyn; Jackson Dye, of Comstock; S. A. Kelley, of Merna, and William Harmer, and Ellis Hanson, of Oconto. These men were all before the board in person. Henry Brown, of Oconto, was here as a witness in one of the hearings.

The Rapp road and the Wise road will be taken up this week. J. F. Rapp, J. O. Taylor and Jud Kay, are here looking after their interests in the Rapp road. A. H. Wise and Alfred Cooper are in the city to appear before the board when the Wise road comes up for consideration.

The work in equalizing the personal property has not been completed.

According to the returns made by the deputy assessors there are 33,171 head of horses in the county. The total value of these is \$2,028,299 and the average value per head \$61.14. The deputy assessor found 1,915 mules subject to taxation. They are valued at \$133,215 and this gives them an average value per head of \$69.57. The average value of the mules is about \$8.50 higher than the average of the horses. The returns show 99,976 head of cattle valued at \$1,855,044, making an average value of \$18.55. 6,958 head of these are fat cattle valued at \$302,481, giving an average of \$43.61. The stock cattle number 92,873 head and are valued at \$1,448,503. The average value is \$15.60. The reports show 82,912 hogs in the county. These are valued at \$522,307. The schedules show quite a wide difference in the valuations made by the different assessors and the changes made by the board of equalization will be published next week.
