

### Only an ad-reader can wisely manage HOUSEHOLD FINANCES

The Ads make "management" of "money matters" in the home POSSIBLE. The wife who always studies the ads is working in business partnership with the husband—who, supposedly, has to "know things" in order to EARN the money. On her part, the wife comes to know values, and prices, and where and when and how to buy—and such knowledge, such education comes chiefly through reading and answering ads.

"Household prosperity" is assured if the wife makes ad-reading a part of her daily routine.

### Shut Your Uncritical Eye

And look with the other one about your house. When you have found a piece of furniture which fails to "pass muster," get in earnest about replacing it—and come in and see what we can do for you.
