THE CO-EDS.

To our college girl friends a warm welcome we'd give.

We would like you about as long, as long as we live.

For companions, friends, teachers and such you are fine.

But as mothers and wives you girls never will shine.

For if an old maid any girl wants to be

Just give her four years and a college degree.

Your best work is in that of the home-building wife.

For it is to that end that God gave you this life.

A short year in some college, perhaps even two.

May not make an old maid of our Helen or Sue.

But if an old maid any girl wants to be

Just give her four years and a college degree.

Some exceptions there are to this rule I agree.

The percentage will reach to about one in three.

Of the college girls scattered throughout this broad land.

Who are married, when thirty-one years they have spanned.

So if an old maid any girl wants to be

Just give her four years and a college degree.

Do they like to be loved? Well, I guess that they do.

By our Billie and Edward and also by Hugh.

They whisper sweet words in the hush of the night

That filleth man's heart with the keenest delight.

But when'er an old bach any man wants to be

Let him spoon with the girl with the college degree.

For when soon the time comes the new home for to build.

With a wife's earnest care its four walls for to guild.

It's the girl of less letters that bends to the task

Of filling men's lives with the love that they ask.

So if an old maid any girl wants to be

Just give her four years and a college degree.

A college is great, there is naught that's so good

For broadening the mind that is under the hood.

To love Browning and Poe and the truths that they know

Will oft lighten your woe and will cheer you up so.

But if an old maid any girl wants to be

Just give her four years and a college degree.

By the end of that time she'll be knowing and wise.

With a heart in her breast just as hard as steel dies.

And then when the world's burden that woman must bear

Looks about for it's mother she answers, "not there."

So when'er an old bach any man wants to be

Let him ask for the girl with the college degree.

NEW BUSINESS.

We made a short trip in the country yesterday, viewing crops, measuring up breaking, but not expecting any more business, a farmer says to us, how much cash and what terms do you want for your farm over there? Terms being given he says, "all right I'll take it and will be in some day this week and fix up."—you can count on my taking it. That sounds like business and makes one feel like arousing from summer idleness and getting down to business, and that reminds me that while in Illinois this summer I took occasion to tell some people there that while we used to beg those people to buy our cheap lands, now they can go to —, for our lands that are selling from \$35.00 to \$50.00 per acre are being sown to alfalfa and when seeded to alfalfa are worth as much as the improved Illinois farms, selling at \$150.00 to \$200.00 per acre. Say do you know that all alfalfa farms in Custer county are a better prospect than wheat lands in Canada, corn lands in Illinois or Iowa, cotton or rice lands in Texas? In fact it is the best agricultural proposition in the United States. There, get busy, don't dream dreams. We have ranches and farms for sale from \$15.00 an acre up, and we have some of the best bargains to be found in the county, also 480 acre improved farm for lease. We don't carry a large list of lands for sale for the reason we don't list lands unless price and terms are right.

Do you want a farm near town? We have it. Do you want a cheap, paying ranch? We have it.

We will try to fit you and guarantee our goods and prices, just as good as any merchant can.

Yours sincerely,
WILLIS CADWELL.

Modern Women Avoid Marriage on Account of Its Difficulties.

By Mrs. CHARLOTTE PERKINS GILMAN, Lecturer and Author.

THE industrial conditions of the modern home are such as to delay and often PREVENT MARRIAGE. Since "the home" is supposed to arise only from marriage, it looks as if the situation were suicidal. So far, not seeing these things, we have merely followed our world old habit of blaming the woman. She used to be content with these conditions, we say. She ought to be now. Back to nature! THE WOMAN REFUSES TO GO BACK, THE HOME REFUSES TO GO FORWARD, AND MARRIAGE WAITS.

The initial condition of ownership, even without servitude, reacts unfavorably upon the kind of marriage most desired. The more absolutely a woman is her OWN MISTRESS, in accepting her husband and her life with him, the higher is the grade of love and companionship open to them.

THE HIGHER MARRIAGE TOWARD WHICH WE ARE TENDING REQUIRES A FULL GROWN WOMAN, NO ONE'S PROPERTY OR SERVANT, SELF SUPPORTING AND PROUDLY INDEPENDENT. SUCH MARRIAGE WILL FIND EXPRESSION IN A DIFFERENT HOME.

Ownership of women first interferes with the power of selection so essential to right motherhood and, second, enforces motherhood undesired. The ensuing condition of female servitude is AN INJURY DEMANDING LABOR INCOMPATIBLE WITH RIGHT MATERNITY and in lowering the average of heredity through the arrest of social development in the mother.

IN POVERTY THE OVERWORKED WOMAN DREADS MATERNITY AND AVOIDS IT IF SHE CAN. IF SHE CANNOT, HER UNWELCOME AND TOO FREQUENT CHILDREN ARE NOT WHAT IS NEEDED TO BUILD UP OUR PEOPLE. IN WEALTH THE WOMAN BECOMES A PERPETUAL CHILD, GREEDY AND IRRESPONSIBLE, DREADS MATERNITY AND AVOIDS IT IF SHE CAN. NEITHER THE CONDITIONS OF THE POOR HOME NOR OF THE RICH TEND TO A JOYOUS AND COMPETENT MATERNITY.
